## Table 322.—Average amount of financial aid awarded in 1995–96 per student, by type and source of aid and selected student characteristics—Continued

<sup>1</sup>Numbers of undergraduates may not equal figures reported in other tables, since these data are based on a sample survey. Includes all postsecondary institutions.

<sup>2</sup> Includes students who reported they were awarded aid, but did not specify the source or type of aid.

<sup>3</sup> Details on federal and nonfederal work study participants are not available.

<sup>4</sup> Includes students who were single, divorced, or widowed.

NOTE.—Because of rounding and/or the fact that some students receive aid from multiple sources, row details may not add to totals. Because of rounding and survey item nonresponse, enrollment data may not add to totals. Data include undergraduates in noncollegiate and collegiate institutions.
