NAEP'S 1994 Reading Assessment, including the Trial State Assessment Program, was a collaborative effort among staff from State Education Agencies, the National Center for Education Statistics (NCES), the National Assessment Governing Board (NAGB), Educational Testing Service (ETS), Westat, and National Computer Systems (NCS). The program benefited from the contributions of hundreds of individuals at the state and local levels — governors, chief state school officers, state and district test directors, state coordinators, and district administrators — who tirelessly provided their wisdom, experience, and hard work. Most importantly, NAEP is grateful to students and school staff who made the assessment possible.

The assessment was funded through NCES, in the Office of Educational Research and Improvement of the U.S. Department of Education. Emerson Elliott, Commissioner, provided consistent support and guidance. The staff — particularly Gary Phillips, Steve Gorman, Susan Ahmed, Peggy Carr, Sharif Shakrani, Sheida White, Maureen Treacy, Shi-Chang Wu, and Mary Naifeh — worked closely and collegially with ETS, Westat, and NCS staff and played a crucial role in all aspects of the program. The members of the National Assessment Governing Board (NAGB) and the NAGB staff provided invaluable advice and guidance throughout. NAEP also owes a debt of gratitude to the numerous panelists and consultants who provided their expertise and worked so conscientiously on developing the assessment.

The NAEP project at ETS is directed by Paul Williams and resides in the Center for the Assessment of

Educational Progress (CAEP) managed by Archie Lapointe and Paul Williams. Steve Lazer managed test development activities, and John Olson coordinated state services. Jay Campbell worked with the Reading Item Development committee to develop the assessment instruments. Jules Goodison managed the operational aspects together with John Olson, and sampling and data collection activities were carried out by Westat under the direction of Rene Slobasky, Nancy Caldwell, and Keith Rust. Printing, distribution, scoring, and processing activities were conducted by NCS, under the supervision of Judy Moyer, Brad Thayer, Mathilde Kennel, Linda Reynolds, and Barbara Price.

Statistical and psychometric activities for the national and state assessments were led by Nancy Allen and John Donoghue under the direction of Eugene Johnson, John Mazzeo, and Jim Carlson. Major contributions were made by Hua Hua Chang, Spencer Swinton, and Eddie Ip. Steve Isham, Dave Freund, Jennifer Nelson, Kate Pashley, and Lois Worthington performed the reading analyses. Rocco Russo, Karen Miller, and Steve Lazer contributed substantially to report design activities. Doug Rhodes and Mary Michaels oversaw the production aspects, and Roderick Rudder and Sheri Barnes provided further design assistance. Many thanks are provided to the numerous reviewers, internal to ETS and NCES as well as external, who suggested improvements to successive drafts. Alice Kass and Sharon Davis-Johnson provided the excellent desktop publishing skills essential to the project.
