

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF THE ASSISTANT SECRETARY FOR EDUCATIONAL RESEARCH AND IMPROVEMENT

National Center for Education Statistics

January 1989

Dear School District Superintendent:

We request your cooperation in completing this questionnaire on school districts' use of research and development (R&D) resources. The survey was requested by the Office of Educational Research and Improvement (OERI), U.S. Department of Education.

The attached questionnaire is designed to be completed by the staff member who is most knowledgeable about your district's use of R&D resources. The survey focuses specifically on four programs funded by OERI from which your district may receive R&D services and products: the Regional Educational Laboratories, National Research and Development Centers, ERIC Clearinghouses, and National Diffusion Network (NDN) Facilitators. It is likely that no one person knows all of your district's uses of R&D resources, and the person completing the form should be encouraged to make a few telephone calls to find out the level of others' activities.

While your participation **in** this survey is **voluntary**, your cooperation is needed to make the results of the survey **comprehensive**, **reliable**, and **timely**. The information collected **will** be presented as aggregate statistics **only**, with no individually identifying **information**. The survey has been coordinated with the Council of Chief State School Officers through its Committee for Evaluation and Information Systems (**CEIS**).

The survey is being conducted by our contractor, Westat, a research firm in Rockville, Maryland, using the Fast Response Survey System (FRSS). According to FRSS practice, Westat will send you a report of the survey findings when they are available.

We estimate that it will take approximately 30 minutes to complete the questionnaire. If you have any comments regarding this estimate or another aspect of this survey, send them to the U.S. Department of Education, Information Management and Compliance Division, Washington, D.C. 20202-4651, and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington D.C. 20503.

We would appreciate your completing the questionnaire and mailing it to the address on the back of the form within two weeks. If you have any questions about the survey, please call Bradford Chaney, Westat's Survey Manager, at the toll-free Westat number (800) 937-8281 or Jeffrey Williams, the NCES Survey Manager for FRSS, at (202) 357-6333. Your cooperation is greatly appreciated.

Sincerely,

Emerson **J**. Elliott Acting Commissioner

Form Approved OMB No. 1850-0630 App. Exp. 6/89

USE OF RESEARCH & DEVELOPMENT RESOURCES

This reportig authorized by law (20 U.S.C.1221e-1). While you are not required to respond, your cooperation is needed to make the results of this survey comprehensive, accurate, and timely.

DEFINITIONS

R&D refers to research and/or development that has provided knowledge, guidelines for practice or policy, or information about new developments that can be used to improve schools.
