

## Institutional Characteristics for non-degree-granting 2-year program tuition reporters

### Overview

#### Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been finally reviewed. Thus, errors may stay on College Navigator for a full year. Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

#### Changes to This Year's IC Component

There were no changes implemented for the 2015-16 data collection period.

#### Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Question 2 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

*This is only a screening question, and your response does not show up on College Navigator.*

*If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. ### Part D - Student Charges - Price of Attendance

#### 7. Cost of attendance for entering students

Please enter ALL amounts requested below. These data will be made available to the public on College Navigator. **Estimates of expenses for books and supplies, room and board, and other expenses are those from the Cost of Attendance report used by the financial aid office in determining financial need. Please talk to your financial aid office to get the correct numbers to use for this report.**

**Note:** The academic year length you report should be the same calculation used for required reporting for your Pell budget. This number will be used to calculate academic year costs for your institution and will impact your net price calculation. Please discuss this information with your student aid office to ensure accurate reporting.

Part D - Student Charges - Program Data

**8. Please list your second through sixth largest programs and provide the requested information for each program. To enter a CIP code and program title, click on the select button, and then click on the program from the list provided. Choosing clear will remove the CIP code and title. Report the tuition and fees and the cost of books and supplies for the TOTAL LENGTH OF THE PROGRAM. Also report the length of the entire program in terms of contact or credit hours and provide the number of months it takes a full-time student to complete the entire program.**

**Note:** The largest programs are the programs with the most students, **not** the programs with the longest lengths. Please make sure to report all costs for each program. As with the largest program, costs are for the **entire length of the program**. If your institution charges differently based on residence, please use in-state charges.

Do not skip lines when reporting programs. Your 2nd largest program should be listed as 2nd, your 3rd as 3rd, etc.

## Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

## General instructions

### Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

### Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

#### A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.

- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

## B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.
- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

## Reporting Directions

### Part A – Mission Statement and Distance Education

#### ***Mission Statement***

Provide your institution's mission statement or a web address (please begin with http:// or https://) where the statement can be found. Typed statements are limited to 2,000 characters. The mission statement will be available to the public on College Navigator.

#### ***Distance Education***

A program for which all the required coursework for program completion is able to be completed via distance education courses.

A distance education course is a course in which the instructional content is delivered exclusively via distance education.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Top ▲

### Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

#### **Services and Programs for Military Servicemembers and Veterans**

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

### Part C - Student Services

#### ***Special learning opportunities***

##### **Special credit**

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

##### **Special learning opportunities**

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

##### ***Years of study required for entry***

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

## ***Student services***

### **Student services**

Indicate which of the listed services are offered by the institution.

### **Library**

Indicate whether your institution has its own library, contributes financially to a shared library, or neither.

### **Alternative tuition plans**

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

### ***Distance education offerings***

Indicate whether you offer distance education opportunities at the undergraduate level and/or graduate level. If you offer distance education at both levels, please check both boxes. If you do not offer distance education opportunities, please select the last option.

Requirements for coming to campus for orientation, testing, or academic support services does not exclude a course from being classified as distance education.

### ***Disabilities***

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Top ▲

## **Part D - Student Charges**

### ***Screening questions***

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

### **On-campus or institutionally controlled off-campus housing requirement**

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

### **Tuition based on residence**

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

### **Institutionally controlled housing**

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

## Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

## ***Tuition and fees for undergraduate students (academic year reporters)***

### **Undergraduate students include:**

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

### **Undergraduate application fee**

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

### **Tuition and required fees for undergraduate students**

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

### **Per-credit-hour charges for part-time undergraduate students**

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

## ***Tuition and fees for graduate students***

**Graduate students include** any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

### **Graduate application fee**

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

## **Tuition and required fees for graduate students**

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

## **Per-credit-hour charges for part-time graduate students**

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

## **Doctor's - professional practice tuition and fees**

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

## **Number of programs (program reporters only)**

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

## **Room and Board**

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

## **Academic year reporters cost of attendance for full-time, first-time undergraduate students**

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

### ***Program reporters cost (price) of attendance***

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data.

### ***Reporting the largest program***

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

### **To enter or change the largest program**

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.

The Yellow Ribbon Program is a supplementary program to the Post 9/11 GI Bill coverage of in-state tuition and fees. The Department of Veterans Affairs matches the institutional aid provided beyond the in-state tuition and fees, but to certain limit each year.

### Answers:

#### General

##### 1) What is the purpose of the Institutional Characteristics survey?

The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.

[Back to top](#)

##### 2) What institutions are included in IPEDS?

IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.

[Back to top](#)

##### 3) Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?

No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).

[Back to top](#)

##### 4) Where can I find my accrediting agency information since it is no longer collected in IPEDS?

The Office of Postsecondary Education(OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.

[Back to top](#)

#### Student Charges

##### 1) When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?

Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.

[Back to top](#)

##### 2) Our institution offers several meal plans. Which plan should I report?

You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

##### 3) For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

#### 4) How do I calculate or determine "average tuition"?

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

### Price of Attendance

#### 1) How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

#### 2) How do I know what amounts to report for room and board and other expenses for off campus?

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

#### 3) Do I have to report off campus living expenses?

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

#### 4) What are "other expenses"?

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

#### 5) What IC data are included on the College Navigator website?

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

- If you report that all full-time, first-time, degree/certificate-seeking students are required to live on-campus or in institutionally-controlled housing, then you must also indicate that your institution offers institutionally-controlled housing.
- Your response to whether all full-time, first-time, degree/certificate-seeking students are required to live on-campus or in institutionally-controlled housing must be the same as reported in the prior year IC survey.
- If you indicated in Part A that all programs at your institution are offered exclusively via distance education, then you are not expected to answer Yes to offering institutionally-controlled housing.
- If you indicate that your institution offers institutionally-controlled housing, then the specified **housing capacity** must be between 1 and 20,000.
- If "Yes - Enter the number of meals per week" is selected, then the specified **number of meals per week** reported must be between 1 and 99. If meal plans are unlimited, then enter 99.

## Programs

On this screen, specify the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. This number should only include full programs, not single courses.

The system will perform the following edit on the data entered:

- The number of programs reported must be greater than 0.

**Note:** If the reported number of programs offered is greater than 1, then an additional **Program Data** screen will be required.

## Room and/or Board

**Applicable to institutions that answered "Yes" to the institutionally-controlled housing and/or the meal plan question on the Charges Questions screen**

A screen is provided for reporting the typical room and/or board charges a student can expect to pay at your institution for the full academic year 2015-16. Dollar amounts must be provided for the following options, as applicable to your institution. The options available to your institution depend on the responses given to the **Charges Questions** at the beginning of **Part D**.

### Room and Board

**Applicable to institutions that answered "Yes" to the housing question and "Yes" to the meal plan question**

- Room charge (double occupancy)
- Board charge (Maximum plan)
- Combined room and board charge

### Room

**Applicable to institutions that answered "Yes" to the housing question and "No" to the meal plan question**

- Room charge (double occupancy)

### Board

**Applicable to institutions that answered "No" to the housing question and "Yes" to the meal plan question**

- Board charge (Maximum plan)

The system will perform the following edits on the data entered:

- You must either report the **Room charge** and **Board charge** separately OR report a **Combined room and board charge**. Charges may not be reported using both methods.
- If your institution reports a **Combined room and board charge**, then that amount must be greater than \$1000.
- If the **Room charge** and **Board charge** are reported separately, then the **Room charge** is expected to be greater than \$500.

## Price of Attendance

**Applicable to institutions with full-time, first-time enrollment**

On this screen, you must enter price of attendance data for full-time, first-time undergraduate students in the largest program at your institution. All of the following screens must be completed.

For existing institutions that have not changed their largest program, the prior year values are preloaded by the system so only data for the most recent academic year is required. Preloaded values will not be subject to the edit checks below. New institutions and existing institutions that changed their largest program must report data for all four academic years, as applicable.

### Largest Program

First, you must provide information related to the largest program of study offered at your institution by providing the relevant CIP Code and entering the requested information for the specified program.

**Note:** For the purpose of reporting these data, the largest program is considered to be that with the most students, not the program with the longest length.

You must provide the following information:

- CIP Code
- Program measurement method (Choose **Contact hours** or **Credit hours**)
- Total length of program in contact or credit hours
- Total length of program in weeks, as completed by a full-time student
- Total length of academic year in contact or credit hours
- Total length of academic year in WEEKS

The system will perform the following edits on the data entered:

- You must select a **CIP Code**.
- You must specify the **Program measurement** method.
- The **Total length of program in hours** must be greater than 0.
- If **Credit hours** is selected for the **Program measurement** method, then the corresponding value entered for **Total length of program in hours** must be between 21 and 130.
- If **Credit hours** is selected for the **Program measurement** method, then the **Total length of program in hours** must be between 12 and 40 times the **Total length of program in weeks**.
- If **Contact hours** is selected for the **Program measurement** method, then the corresponding value entered for **Total length of program in hours** must be within a certain range based on the award levels reported in the IC Header survey, as outlined in the table below:

	Institution offers Postsecondary award, certificate, or diploma of less than one year (less than 900 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least one but less than two years (900 to 1799 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least two but less than four years (more than 1799 contact hours)	<b>Expected contact hour range</b>
<b>Award Levels reported for your institution in the IC Header survey</b>	<b>Y</b>	<b>Y</b>	<b>N</b>	<b>Between 200 and 1799</b>
	<b>N</b>	<b>Y</b>	<b>Y</b>	<b>Between 900 and 3000</b>
	<b>Y</b>	<b>N</b>	<b>N</b>	<b>Between 200 and 899</b>
	<b>N</b>	<b>Y</b>	<b>N</b>	<b>Between 900 and 1799</b>
	<b>N</b>	<b>N</b>	<b>Y</b>	<b>Between 1800 and 3600</b>

- If **Contact hours** is selected for the **Program measurement** method, then the **Total length of program in hours** must be within a range of .5 and 1.6 times the **Total length of program in weeks**.
- If **Credit hours** is selected as the **Program measurement** method, then the **Total length of academic year in hours** must be between 30 and 44 hours.
- If **Contact hours** is selected as the **Program measurement** method, then the **Total length of academic year in hours** must be between 750 and 1100 hours.
- The **Total length of academic year in weeks** must be between 26 and 52 weeks.

### Application Fee

Next, you must report the amount your institution charges for undergraduate application fees. The prior year amount is displayed for your reference.

The system will perform the following edits on the data entered:

- If the application fee reported in the **Prior year** is greater than 0, then an amount greater than 0 is also expected in the current year.
- The application fee reported is expected to be less than or equal to \$150.
- If the **Prior year** value is greater than 0, and an amount greater than 0 is entered for the current year value, then the application fee reported in the current year is expected to be within a 50% range of the **Prior year** amount.

### Cost of Attendance

For each of the four most recent academic years (**2012-13**, **2013-14**, **2014-15** and **2015-16**), you must provide published **Tuition and fees** charges for the entire length of the largest program, as well as the average cost of **Books and supplies** a typical student at your institution should expect to pay for the entire program.

The system will perform the following edits on the data entered:

- For academic years **2013-14**, **2014-15** and **2015-16**, a value is expected to be reported for **Tuition and fees**.
- For each academic year, the amount entered for **Tuition and fees** is expected to be greater than \$500. For the **2015-16** academic year, this error is *fatal*.

- For academic years **2013-14**, **2014-15** and **2015-16**, the amount entered for **Tuition and fees** is expected to be within a 20% range of the prior year value.
- For academic years **2013-14**, **2014-15** and **2015-16**, a value is expected to be reported for **Books and supplies**.
  - If the field is left blank, you must confirm that the cost of books and supplies is included in the tuition.
  - If a zero is reported, you must confirm that books and supplies are offered to your students at absolutely no cost.
- For each academic year, the amount entered for **Books and supplies** is expected to be greater than \$100.
- For academic years **2013-14**, **2014-15** and **2015-16**, the amount entered for **Books and supplies** is expected to be within a 25% range of the prior year value.
- For each academic year, if the amount of **Room and board** and **Other expenses** is greater than 0, then amount entered for **Tuition + fees total** is also expected to be greater than 0.

### **Room and board and Other expenses**

For each of the four most recent academic years (**2012-13**, **2013-14**, **2014-15** and **2015-16**), you must provide data on the cost of room and board and estimated other expenses (e.g., laundry, transportation, entertainment, etc.) for full-time, first-time undergraduate students at your institution. The living arrangements shown may vary to include any or all of **On-campus**, **Off-campus (not with family)**, and **Off-campus (with family)**. The options available to your institution depend on the responses given to the **Charges Questions** at the beginning of **Part D**.

Amounts must be provided for both **Room and board** and **Other expenses** for all applicable living arrangements and academic years. Totals will be calculated for each living arrangement and academic year combination, where applicable. The system will perform the following edits on the data entered:

- For academic years **2013-14** and **2014-15**, a value is expected to be reported for **Room and board**.
- For each academic year, the **Room and board** amount reported for all applicable living arrangements is expected to be between \$300 and \$2000. For the **2015-16** academic year, this error is *fatal*.
- For each academic year, the current year **Room and board** amount reported for all applicable living arrangements is expected to be within a 20% range of the prior year amount.
- For academic years **2013-14** and **2014-15**, a value is expected to be reported for **Other expenses**.
- For each academic year, the **Other expenses** amount reported for all applicable living arrangements is expected to be greater than \$50. For the **2015-16** academic year, this error is *fatal*.
- For each academic year, the **Other expenses** amount reported for all applicable living arrangements is expected to be less than or equal to \$250.
- For academic year **2015-16**, if the **Other expenses** amount reported for students living **On-campus** is greater than \$400, then a *fatal* error will occur.
- For academic year **2015-16**, if the **Other expenses** amount reported for students living **Off-campus** is greater than \$700, then a *fatal* error will occur.
- For each academic year, the current year **Other expenses** amount reported for all applicable living arrangements is expected to be within a 20% range of the prior year amount.

### **Program Data**

**Applicable to institutions that reported offering more than one program on the *Programs* screen of this survey.**

On this screen, you must provide information related to the six largest programs of study offered at your institution by using the links provided to select the relevant **CIP Code** and entering the requested information for each of the specified programs. All costs should be reported for the entire length of the program.

**Note:** For the purpose of reporting these data, the largest program is considered to be that with the most students, not the program with the longest length.

First, if your institution does not enroll first-time, full-time undergraduate students, then you must report the amount your institution charges for undergraduate application fees. The prior year amount is displayed for your reference.

The system will perform the following edits on the data entered:

- If the application fee reported in the **Prior year** is greater than 0, then an amount greater than 0 is also expected in the current year.
- The application fee reported is expected to be less than or equal to \$150.
- If the **Prior year** value is greater than 0, and an amount greater than 0 is entered for the current year value, then the application fee reported in the current year is expected to be within a 50% range of the **Prior year** amount.

Next, for each of the six largest programs offered by your institution, you must provide the following information:

- CIP Code
- Tuition and required fees
- Cost of books and supplies
- Total length of program

- Number of months to complete

**Note:** If your institution enrolls first-time, full-time undergraduate students, then the above information for the 1st largest program offered at your institution will be preloaded from the **Price of Attendance** screen of this survey. The system will perform the following edits on the data entered:

- You must report CIP Codes on this screen for the same number of programs reported on the **Programs** screen of this survey (up to 6 programs).
- If your institution reports duplicate CIP Codes on this screen, then the **Total length of program** or **Program measurement** type must be different.

The system will perform the following edits on the data entered for each program:

- A **CIP Code** must be selected if a number greater than 0 is entered for any of the following:
  - Tuition and required fees
  - Cost of books and supplies
  - Total length of program
- If a **CIP Code** is selected, then the amount entered for **Tuition and required fees** must be greater than \$500.
- If a **CIP Code** is selected, a value is expected to be reported for **Books and supplies**.
  - If the field is left blank, you must confirm that the cost of books and supplies is included in the tuition.
  - If a zero is reported, you must confirm that books and supplies are offered to your students at absolutely no cost.
- If a **CIP Code** is selected, then the amount entered for **Cost of books and supplies** is expected to be greater than \$100.
- If a **CIP Code** is selected and **Credit hours** is selected as the **Program measurement** method, then the corresponding value entered for **Total length of program** must be between 21 and 130.
- If a **CIP Code** is selected and **Contact hours** is selected as the **Program measurement** method, then the corresponding value entered for **Total length of program** must be within a certain range based on the award levels reported in the IC Header survey, as outlined in the table below:

	Institution offers Postsecondary award, certificate, or diploma of less than one year (less than 900 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least one but less than two years (900 to 1799 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least two but less than four years (more than 1799 contact hours)	Expected contact hour range
<b>Award Levels reported for your institution in the IC Header survey</b>	<b>Y</b>	<b>Y</b>	<b>N</b>	<b>Between 200 and 1799</b>
	<b>N</b>	<b>Y</b>	<b>Y</b>	<b>Between 900 and 3000</b>
	<b>Y</b>	<b>N</b>	<b>N</b>	<b>Between 200 and 899</b>
	<b>N</b>	<b>Y</b>	<b>N</b>	<b>Between 900 and 1799</b>
	<b>N</b>	<b>N</b>	<b>Y</b>	<b>Between 1800 and 3600</b>

- If a **CIP Code** is selected, then you must also specify the **Program measurement** method.

## Part F: Branch Campus Price of Attendance

### Applicable to institutions with perfect children in IC

The following screens must be completed for each branch campus at your institution that enrolls full-time, first-time degree/certificate students, according to the response given in Part D of the IC Header survey. Branch campuses that do not enroll full-time, first-time degree/certificate students are not required to complete this section.

### Branch Campus Pricing Questions

An answer must be provided for each of the following screening questions. Your response to the questions on this screen will determine which types of screens your institution is shown in **Part F**.

- Does the branch campus offer institutionally-controlled housing (either on-campus or off-campus) or meal plans to your students? Choose one of the following options:
  - **Yes** (If this option is selected, then you will be asked to report on-campus room and board charges on the next screen.)
  - **No** (If this option is selected, then you will not be required to report on-campus room and board charges on the next screen.)
- Are all full-time, first-time, degree/certificate-seeking students required to live on-campus or in institutionally-controlled housing? Choose one of the following options:

- **Yes** (If this option is selected, then you will not be asked to report off-campus room and board charges on the next screen.)
- **No** (If this option is selected, then you will be asked to report off-campus room and board charges on the next screen.)

**Note:** If your institution makes any exceptions to this rule, and have even one first-time, full-time student living off-campus, please answer **No** so that this does not conflict with the Student Financial Aid survey

- If the institution charges an application fee, then indicate the amount.

The system will perform the following edits on the data entered:

- If you report that all full-time, first-time, degree/certificate-seeking students are required to live on-campus or in institutionally-controlled housing, then you must also indicate that your institution offers institutionally-controlled housing.
- The application fee reported is expected to be less than or equal to \$150.
- If the application fee reported in the **Prior year** is greater than 0, then an amount greater than 0 is also expected in the current year.
- If the **Prior year** value is greater than 0, and an amount greater than 0 is entered for the current year value, then the application fee reported in the current year is expected to be within a 50% range of the **Prior year** amount.

## Price of Attendance

### Applicable to branch campuses with full-time, first-time enrollment

On this screen, you must enter price of attendance data for full-time, first-time undergraduate students in the largest program at your institution. All of the following screens must be completed.

For existing institutions that have not changed their largest program, the prior year values are preloaded by the system so only data for the most recent academic year is required. Preloaded values will not be subject to the edit checks below. New institutions and existing institutions that changed their largest program must report data for all four academic years, as applicable.

### Largest Program

First, you must provide information related to the largest program of study offered at your institution by providing the relevant CIP Code and entering the requested information for the specified program.

**Note:** For the purpose of reporting these data, the largest program is considered to be that with the most students, not the program with the longest length.

You must provide the following information:

- CIP Code
- Program measurement method (Choose **Contact hours** or **Credit hours**)
- Total length of program in contact or credit hours
- Total length of program in weeks, as completed by a full-time student
- Total length of academic year in contact or credit hours
- Total length of academic year in WEEKS

The system will perform the following edits on the data entered:

- You must select a **CIP Code**.
- You must specify the **Program measurement** method.
- The **Total length of program in hours** must be greater than 0.
- If **Credit hours** is selected for the **Program measurement** method, then the corresponding value entered for **Total length of program in hours** must be between 21 and 130.
- If **Credit hours** is selected for the **Program measurement** method, then the **Total length of program in hours** must be between 12 and 40 times the **Total length of program in weeks**.

- If **Contact hours** is selected for the **Program measurement** method, then the corresponding value entered for **Total length of program in hours** must be within a certain range based on the award levels reported in the IC Header survey, as outlined in the table below:

	Institution offers Postsecondary award, certificate, or diploma of less than one year (less than 900 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least one but less than two years (900 to 1799 contact hours)	Institution offers Postsecondary award, certificate, or diploma of at least two but less than four years (more than 1799 contact hours)	<b>Expected contact hour range</b>
<b>Award Levels reported for your institution in the IC Header survey</b>	<b>Y</b>	<b>Y</b>	<b>N</b>	<b>Between 200 and 1799</b>
	<b>N</b>	<b>Y</b>	<b>Y</b>	<b>Between 900 and 3000</b>
	<b>Y</b>	<b>N</b>	<b>N</b>	<b>Between 200 and 899</b>
	<b>N</b>	<b>Y</b>	<b>N</b>	<b>Between 900 and 1799</b>
	<b>N</b>	<b>N</b>	<b>Y</b>	<b>Between 1800 and 3600</b>

### Cost of Attendance

For each of the four most recent academic years (**2012-13**, **2013-14**, **2014-15** and **2015-16**), you must provide published **Tuition and fees** charges for the entire length of the largest program, as well as the average cost of **Books and supplies** a typical student at your institution should expect to pay for the entire program.

The system will perform the following edits on the data entered:

- For academic years **2013-14**, **2014-15** and **2015-16**, a value is expected to be reported for **Tuition and fees**.
- For each academic year, the amount entered for **Tuition and fees** is expected to be greater than \$500. For the **2015-16** academic year, this error is *fatal*.

- For each academic year, if the amount of **Room and board** and **Other expenses** is greater than 0, then amount entered for **Tuition + fees total** is also expected to be greater than 0.

### Room and board and Other expenses

For each of the four most recent academic years (**2012-13**, **2013-14**, **2014-15** and **2015-16**), you must provide data on the cost of room and board and estimated other expenses (e.g., laundry, transportation, entertainment, etc.) for full-time, first-time undergraduate students at your institution. The living arrangements shown may vary to include any or all of **On-campus**, **Off-campus (not with family)**, and **Off-campus (with family)**. The options available to your institution depend on the responses given to the **Pricing Questions** at the beginning of **Part F**.

Amounts must be provided for both **Room and board** and **Other expenses** for all applicable living arrangements and academic years. Totals will be calculated for each living arrangement and academic year combination, where applicable. The system will perform the following edits on the data entered:

- For academic years **2013-14** and **2014-15**, a value is expected to be reported for **Room and board**.
- For each academic year, the **Room and board** amount reported for all applicable living arrangements is expected to be between \$300 and \$2000. For the **2015-16** academic year, this error is *fatal*.

- For academic years **2013-14** and **2014-15**, a value is expected to be reported for **Other expenses**.
- For each academic year, the **Other expenses** amount reported for all applicable living arrangements is expected to be greater than \$50. For the **2015-16** academic year, this error is *fatal*.
- For each academic year, the **Other expenses** amount reported for all applicable living arrangements is expected to be less than or equal to \$250.
- For academic year **2015-16**, if the **Other expenses** amount reported for students living **On-campus** is greater than \$400, then a *fatal* error will occur.
- For academic year **2015-16**, if the **Other expenses** amount reported for students living **Off-campus** is greater than \$700, then a *fatal* error will occur.
- For each academic year, the current year **Other expenses** amount reported for all applicable living arrangements is expected to be within a 20% range of the prior year amount.
