The National Center for Education Statistics (NCES) is the primary federal entity for collecting, analyzing, and reporting data related to education in the United States and other nations. It fulfills a congressional mandate to collect, collate, analyze, and report full and complete statistics on the condition of education in the United States; conduct and publish reports and specialized analyses of the meaning and significance of such statistics; assist state and local education agencies in improving their statistical systems; and review and report on education activities in foreign countries.

NCES activities are designed to address high-priority education data needs; provide consistent, reliable, complete, and accurate indicators of education status and trends; and report timely, useful, and high-quality data to the U.S. Department of Education, the Congress, the states, other education policymakers, practitioners, data users, and the general public. Unless specifically noted, all information contained herein is in the public domain.

We strive to make our products available in a variety of formats and in language that is appropriate to a variety of audiences. You, as our customer, are the best judge of our success in communicating information effectively. If you have any comments or suggestions about this or any other NCES product or report, we would like to hear from you. Please direct your comments to

I. Introduction to the Common Core of Data State Nonfiscal Survey of Public Elementary/Secondary Education: School Year 2008–09 Final File Version 1a

This data file for the State Nonfiscal Survey of Public Elementary/Secondary Education provides information about students and staff in public elementary and secondary education for the 2008–09 school year. The State Nonfiscal Survey of Public Elementary/Secondary Education is one of the six surveys¹ of the Common Core of Data (CCD) and is conducted annually by the U.S. Department of Education’s National Center for Education Statistics (NCES).

Data for the state nonfiscal survey are provided by state education agencies (SEAs) from their administrative records. States report these data through the U.S. Department of Education’s Education Data Exchange Network (EDEN), which edits the data and forwards them to NCES. The U.S. Census Bureau and the Education Statistics Services Institute (ESSI) resolve any questions or errors that may remain, and prepare files for NCES. NCES and the SEAs work cooperatively to ensure comparability between the data elements requested and reported.

SEAs obtain the data in their administrative records from local education agencies (LEAs) that operate public schools. Each SEA may edit or examine the individual LEA reports before computing state totals. While SEAs are requested to provide counts as of the school day closest to October 1, the “as of” dates for membership counts may vary slightly from state to state. NCES edits state submissions, contacting states for confirmation or correction to any items that appear to be out of range in light of previous reports.

States report data to EDEN through multiple file groups that fall into different reporting schedule throughout the year. The 2008-09 school year EDEN collection of CCD data opened in January 2009. The CCD data were extracted from EDEN before January 2010. Some data changed after this time as states responded to edit reports from NCES staff, and are included in this data file. American Samoa and Guam did not report 2008–09 CCD data. Directory information for American Samoa and Guam in this file was carried over from the 2007–08 data.

This documentation is intended to answer questions users may have about the contents of the CCD state nonfiscal survey data file. In the “User’s Guide” that follows this introduction, the section on “Coverage, Response, and Nonsampling Error” describes responding states and jurisdictions and issues related to state-by-state definitional differences. “Methodology” describes any adjustments that were made to the reported data and how missing data were imputed. The “List of Adjustments and Imputations” identifies any data item that was adjusted for any state. “Comments for Users of the Data File” discusses item nonresponse and identifies any cases in which states varied from the CCD standards in reporting data items. “User Guidelines for Processing the State Nonfiscal Survey of Public Elementary/Secondary Education Data File” explains the file version assignment system. “Guidelines for Using the Flat ASCII Data File” provides tips to data users importing data into software such as Microsoft Excel for analysis. Table 1 identifies the two-letter postal abbreviations and the Federal Information Processing Standards (FIPS) codes for each state or other jurisdiction reporting in the CCD.

¹ The six CCD surveys are: Public Elementary/Secondary School Universe Survey, Local Education Agency Universe Survey, State Nonfiscal Survey of Public Elementary/Secondary Education, Local Education Agency Finance Survey, National Public Education Financial Survey, and Teacher Compensation Survey.

There are four appendixes:

- **Appendix A—Record Layout** provides the variable names and labels of the data items discussed throughout the documentation, as well as their location in the data file.
- **Appendix B—Value Distribution, Field Frequencies, and Data Tables** reports the minimum, maximum, and mean values for each item and the number of states for which the item was missing or not applicable. The appendix also indicates the number of states for which any data item was imputed. Data tables for selected statistics are also presented.
- **Appendix C—Glossary** provides definitions for CCD data items.
- **Appendix D – State Notes** provides comments for data users on individual states.

II. User’s Guide

A. Coverage, Response, and Nonsampling Error

The State Nonfiscal Survey of Public Elementary/Secondary Education includes 59 responding units: the 50 states, the District of Columbia, Puerto Rico, the Department of Defense dependents schools (overseas and domestic), the Bureau of Indian Education, and the four outlying areas (table 1).

Item response is described in appendix B, which lists the minimum, maximum, and mean values for each item and the number of states for which the item was missing or not applicable. American Samoa and Guam did not report for the 2008–09 school year.

Nonsampling error occurs when reporting states use different item definitions than those supplied by CCD. This can arise when states follow different education policies and are not able to map their data exactly to the CCD. An example is that some states issue several kinds of high school credentials, while other states issue a regular diploma to every student who meets their requirements (which may vary); therefore high school diploma counts may represent different requirements across states. Another source of nonsampling error is the timing of the initial data collection. States may vary from the “as of October 1” requirement of the CCD; therefore student counts and other variables may not be comparable across states.

A.1. High School Completion Data

Beginning with the 2006–07 school year, the number of diploma recipients and other high school completers are no longer included in the State Nonfiscal Survey of Public Elementary/Secondary Education file. These data are now published in the public-use Common Core of Data State Dropout and Completion Data File.

B. Methodology

NCES has imputed and adjusted some reported values to create a data file that more accurately reflects student and staff counts and improves comparability among states. Imputations were performed on data from the 50 states and the District of Columbia only. Reviewing the list of imputation flags provided on the data file will indicate which variables were adjusted/imputed. An imputation flag of “R” (reported) for an item indicates that its values were not imputed/adjusted.

The imputation process consisted of several stages and steps, and varied with the nature of the missing data. (Section C, “List of Adjustments and Imputations,” identifies all items affected by these procedures. All items, except totals and subtotals, affected by these adjustments are presented in this list.) Growth rate imputations were performed first, followed by disaggregation, then other adjustments. Totals and subtotals were recalculated after all imputations and adjustments had been performed.

“Imputations” provide estimates in cases in which the missing value is not reported at all, indicating that subtotals and totals for the category are underreported. An imputation by NCES would assign a value to the missing item, and the subtotals and totals containing this item would increase by the amount of the imputation.

“Adjustments” are changes in reported data to prevent identification of individuals and corrections in cases in which a value reported for one item contains a value for one or more additional items not reported elsewhere. For example, a state might not differentiate between kindergarten teachers and prekindergarten teachers, reporting “-1” (missing) for prekindergarten teachers and a value representing the count of staff for both categories as kindergarten teachers. NCES adjusts these two responses by reducing the amount reported for kindergarten teachers and adding that amount to prekindergarten teachers. The total count for teachers would not be affected by this adjustment.

B.1. Imputations

Two different methods were used for imputing missing values: imputation using growth rate and impute/import approaches

Impute using growth rate. If a missing item had been reported by the state in the previous year, the imputation was based on the rate of change from the previous to the current year among reporting states. The method was as follows: (1) calculate the ratio of the current year value for the item to the previous year’s value among states reporting the item strictly by the definition (states reporting these items “strictly by the definition” are those states that (a) report values greater than 0 for each of the items involved in the imputation; and (b) have no values affected by another imputation or adjustment); (2) calculate the average of these ratios; and (3) multiply the value reported in the previous year (but missing this year) by this average ratio. These items are indicated in the list in Section C by “impute using growth rate.”

Impute/import for prekindergarten teacher counts. The method used to impute prekindergarten teachers was as follows: (1) calculate the ratio of prekindergarten teachers (PKTCH) to prekindergarten students (PK) for each state reporting these items strictly by the definition; (2)

calculate the average of these ratios; and (3) multiply the count of prekindergarten students (PK) of the state with the missing item times the average ratio.

B.2. Adjustments

There are several variations in the way adjustments were carried out. These variations are indicated in the “List of Adjustments and Imputations.” Please note that each item adjusted in this process is contained in the list. Variable names in the list can be identified by using the record layout in appendix A.

“Combined with” and “contains” adjustments. Statements with “combined with” indicate that the first item was reported as missing and the value was included in the item(s) following “combined with.” These statements can be matched to statements with “contains,” where the first variable contains the value for that item plus the value for the item(s) following “contains.” At the end of the “contains” statement, the total used in calculating the ratio used in the adjustment is indicated by the word “using.” In all cases, this total is total number of students (MEMBER). For example, “STUSUP combined with LEAADM” indicates that the value for student support services staff (STUSUP) was included in the amount reported for LEA administrators (LEAADM). The adjustment process reduces the amount for LEAADM and places it in STUSUP. “LEAADM contains STUSUP using MEMBER” describes the same condition. The amount reported for LEAADM contains the count for STUSUP, and the distribution is based on a ratio with total number of students (MEMBER) in the denominator.

The method used for this adjustment is as follows: (1) calculate the ratio of each missing item and the item containing the missing value(s) to the total indicated at the end of the “contains” statement for each state reporting these items strictly by the definition; (2) calculate the average of each of these ratios; (3) calculate the ratio of each average ratio to the sum of the average ratios for the unreported items as well as for the item that will be distributed; and (4) multiply the reported item by the ratio calculated in step 3 to determine the share for each item. States reporting these items “strictly by the definition” are those states that (a) report values greater than 0 for each of the items involved in the adjustment; and (b) have no values affected by another “contains” or “combined with” adjustment.

“Disaggregated from” adjustments. Adjustment statements with “disaggregated” are used only for the distribution of total guidance counselors (TOTGUI) or other guidance counselors (OTHGUI) into elementary and secondary counselors (ELMGUI and SECGUI) in those states not reporting this detail. In these cases, the total number of counselors is not affected by the adjustment operation. This methodology for disaggregating elementary and secondary guidance counselors from the total guidance counselor count was used for the first time on the 2006–07 data file and differs from the methodology used in prior years. The method used for “disaggregated from” adjustments is as follows: (1) calculate the sum of elementary students (defined as grades prekindergarten through grade 6) and secondary students (defined as grades 7–12) and proportionally allocate ungraded students to the elementary and secondary student counts for the current year; (2) calculate the sum of elementary and secondary students (as defined in step 1) and calculate the ratios of elementary counselors (ELMGUI) to the number of elementary students and secondary counselors (SECGUI) to the number of secondary students in the prior year; (3) multiply the ratios calculated in step 2 by the number of elementary students and secondary students in the current year, respectively, to determine the share of elementary and

secondary guidance counselors in the current year; and (4) multiply the total number of guidance counselors in the current year (TOTGUI) by the share factor calculated in step 3 to determine the values of ELMGUI and SECGUI for the current year.

“First-year disaggregate from” adjustments. Starting with the 2007–08 CCD, the “first-year disaggregate from” methodology was used in cases where a state reported two or more items separately in the prior year, but in the current year reported these variables combined into a single count and reported one of the items as missing. For example, in the prior year, the state reported LEA support staff (LEASUP) and other support staff (OTHSUP) individually, but in the current year, the state reported LEASUP and OTHSUP data combined in the LEASUP count. The methodology for this adjustment is as follows: (1) using prior year data for the affected state, calculate the ratios of each item to the total indicated; and (2) multiply the total for the current year by the prior year’s ratio for each component to disaggregate the current year count.

Adjustments to ungraded teacher and ungraded student counts. In cases where a state reported zero or missing for ungraded teachers (UGTCH) or ungraded students (UG), and the state does not allow teachers or students to be classified as ungraded, the reported value of zero or missing was adjusted to not applicable.

“Adjusted to sum of internal detail” adjustments (nonimputed data). In cases where a state reported a total count of teachers (TOTTCH), or student membership (MEMBER) that exceeded or was less than the sum of associated detail, but none of the associated components had been imputed, the reported total was adjusted to equal the sum of the associated detail.

“Adjusted to sum of external detail” adjustments. In some cases, data items were reported by the state on the school or LEA level, but were not reported on the state level. In these cases, the data were imputed by aggregating corresponding data items from available school- and LEA-level data. Additionally, if a state reported a data item on the state level that was less than the total reported on the LEA or school level, the state level count was adjusted to equal the aggregate of the data item from the school or LEA level if the SEA agreed that this value was more accurate.

“Totaled from sum of internal detail” adjustments (imputed data). In cases where a state reported a total count of teachers (TOTTCH), or student membership (MEMBER) that exceeded or was less than the sum of associated detail, and one of the associated components had been imputed with growth rate or impute/import, the reported total was adjusted to equal the sum of the associated detail. For example, if the sum of prekindergarten teachers (PKTCH), kindergarten teachers (KGTCH), elementary teachers (ELMTCH), secondary teachers (SECTCH), and ungraded teachers (UGTCH) was less than the total number of teachers reported (TOTTCH), TOTTCH was adjusted to match the sum of the associated teacher detail. MEMBER was adjusted to sum to the total of grade detail only (i.e., MEMBER was not adjusted to match the sum of race/ethnicity by grade detail). In cases where a state reported a total count of guidance counselors (TOTGUI) that was less than the sum of the associated detail, the reported total was adjusted upwards to equal the sum of the associated detail.

C. List of Adjustments and Imputations

Adjustments and imputations to data items in the 2008–09 state nonfiscal data file, organized alphabetically by state or other jurisdiction, are as follows:

D. Comments for Users of the Data File

In prior years, the numbers of diploma recipients and other high school completers were published on the State Nonfiscal Survey of Public Elementary/Secondary Education file. Beginning with the 2006–07 school year, these data are published in the public-use Common Core of Data State Dropout and Completion Data File.

D.1. Data item values less than 1

Values for items for which states did not report anything or reported an entry of less than 1, and for which no imputations or adjustments were made, have been adjusted to 0, -1, or -2 according to the following criteria:

0: A zero value represents a report of no occurrences of a data element. A value was expected and measured, but zero cases were found in the category. (For example, a secondary school district having no 12th-graders would report “0.”)

-1: A value of -1 indicates that data are missing. A value was expected, but none was measured. (For example, a district that has at least one 12th-grader but cannot measure the number of 12th-graders would report “-1.”)

-2 : A value of -2 indicates that data are not applicable. A value was neither expected nor measured. (For example, an elementary school district would report “-2” for 12th-graders.)

In the 2008–09 collection, EDEN allowed states to report null values (i.e., no value at all for a cell), which are not accepted by the CCD. CCD survey staff adjusted null values to missing, not applicable, or zero as appropriate. Appendix D identifies missing and not applicable data items for each state.

D.2. NCES edits to nonfiscal data

This section presents information on anomalies for nonfiscal data submitted by states, as well as any edits made by NCES. These edits include imputations and adjustments as described previously, as well as any edits made as the result of a consistency check on submitted data (e.g., reported membership cannot be less than the sum of the individual grade variables; in those cases, membership is edited to match the sum of the grade detail). When known, specific state reporting practices concerning missing data are also listed. All nonfiscal edits and reporting practices listed below apply to school year 2008–09. NCES does not impute missing data for jurisdictions other than the 50 states and the District of Columbia.

American Samoa and Guam did not report for the 2008–09 school year. Neither of these jurisdictions is included in the following discussion of data edits.

Prekindergarten student membership. California reported prekindergarten student membership as missing. California prekindergarten student membership was adjusted based on Individuals with Disabilities Education Act (IDEA) Part B counts for students ages 3–5. The prekindergarten student membership count was totaled from external (school-level) detail for Idaho, Tennessee, and Wisconsin.

Kindergarten student membership. The kindergarten student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Kindergarten membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 1 student membership. The grade 1 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 1 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 2 student membership. The grade 2 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 2 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 3 student membership. The grade 3 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 3 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 4 student membership. The grade 4 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 4 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 5 student membership. The grade 5 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 5 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 6 student membership. The grade 6 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 6 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 7 student membership. The grade 7 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 7 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 8 student membership. The grade 8 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 8 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 9 student membership. The grade 9 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 9 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 10 student membership. The grade 10 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 10 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 11 student membership. The grade 11 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 11 membership counts for Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Grade 12 student membership. The grade 12 student membership counts for Pennsylvania and Tennessee were totaled from external (school-level) detail. Grade 12 membership counts for

Idaho and Wisconsin were adjusted by proportioning out students from total student membership into the grade-level count.

Ungraded student membership. Alabama, Alaska, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Louisiana, Maine, Maryland, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, North Carolina, Ohio, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, and the U.S. Virgin Islands reported values of missing, zero, or blanks. The counts of ungraded students in these states were adjusted to not applicable. Ungraded student counts for New York were totaled from external (school-level) detail.

Total student membership. The total student membership for California, Kentucky, New Jersey, New York, Pennsylvania, Tennessee, and U.S. Virgin Islands were totaled to equal the sum of grade detail.

Prekindergarten teachers. California reported prekindergarten teachers as missing. Montana and Nebraska included prekindergarten teachers in the elementary teacher counts. Imputations or adjustments were performed for these states. Counts for Colorado, Georgia, Iowa, Massachusetts, Mississippi, New Jersey, Tennessee, Texas, Wisconsin, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Kindergarten teachers. Montana and Nebraska reported kindergarten teachers in the elementary teacher counts. North Carolina reported kindergarten teachers as missing. Imputations or adjustments were performed for all of these states. The kindergarten teacher counts for California, Colorado, Georgia, Iowa, Massachusetts, Minnesota, Mississippi, New Jersey, New York, Ohio, Texas, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Elementary teachers. Montana and Nebraska included prekindergarten and/or kindergarten teachers in the elementary teacher counts. Imputations or adjustments were performed for these states. The elementary teacher counts for Colorado, Georgia, Idaho, Iowa, Louisiana, Massachusetts, Minnesota, Mississippi, New Jersey, New York, Ohio, Oklahoma, Texas, Virginia, West Virginia, Wisconsin, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Secondary teachers. The secondary teacher counts for Alabama, Arizona, Idaho, Iowa, Louisiana, Massachusetts, Minnesota, Montana, Nebraska, Ohio, South Dakota, Texas, Wisconsin, Wyoming and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Ungraded teachers. Ungraded teachers were reported adjusted to not applicable for Alaska, Arizona, Colorado, Delaware, Idaho, Iowa, Maryland, Massachusetts, Montana, New Hampshire, Rhode Island, Virginia, and Wyoming. Counts of ungraded teachers were missing for the Oklahoma, and South Carolina. Imputations were performed for all of these entities. Ungraded teacher counts for New Jersey, New Mexico, Ohio, Texas, and the Department of Defense Domestic were totaled from external (local education agency-level) detail.

Total teachers. The total teacher count was calculated for California, Colorado, Georgia, Iowa, Massachusetts, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Jersey, North Carolina, Ohio, Oklahoma, Rhode Island, South Carolina, Texas, and the Department of Defense (domestic).

Instructional aides. Instructional aides were missing for Illinois and Nevada. Instructional aides were imputed for these states. The instructional aides counts for Colorado, Connecticut, Georgia, Idaho, Louisiana, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Jersey, North Dakota, Ohio, South Dakota, Texas, Wisconsin, Wyoming, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Instructional coordinators and supervisors. Counts were missing in Alaska and Nevada. New Hampshire included instructional coordinators and supervisors in the school administrator count. The missing counts were imputed for Alaska and Nevada. The counts were adjusted for New Hampshire. New Jersey misreported this count, and the reported count was replaced with an imputed count. The instructional coordinators and supervisors counts for Alabama, Colorado, Georgia, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, New York, Ohio, Tennessee, Texas, Washington, Wisconsin, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Elementary guidance counselors. Kentucky, New Jersey, Ohio, Oregon, and Texas reported either other or total guidance counselors only, and the count of elementary guidance counselors was proportioned out from this count. The count of elementary guidance counselors for Colorado, Montana, Nebraska, New Hampshire, New Mexico, South Dakota, Wisconsin, Wyoming, and the Department of Defense (domestic) was totaled from external (local education agency-level) detail.

Secondary guidance counselors. Kentucky, New Jersey, Ohio, Oregon, and Texas reported other guidance counselors or total guidance counselors only, and the count for secondary guidance counselors was proportioned out from this count. The count of secondary guidance counselors for Georgia, Nebraska, New York, South Dakota, Wisconsin, and the Department of Defense (domestic) was totaled from external (local education agency-level) detail.

Other guidance counselors. The following states and jurisdictions reported other guidance counselors as missing, zero, or blank, and the reported values were adjusted to not applicable: Alaska, Arizona, Arkansas, California, Connecticut, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Louisiana, Maryland, Massachusetts, Minnesota, New Hampshire, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Texas, Utah, Vermont, Washington, West Virginia, Wyoming, the Department of Defense (overseas), the Department of Defense (domestic), the Bureau of Indian Education, and the Commonwealth of the Northern Marianas Islands. Other guidance counselor counts were set to missing for American Samoa and Guam. Kentucky reported elementary and secondary guidance counselor counts in the other guidance counselor category, and this count was proportioned out of the other guidance counselor count.

Total guidance counselors. The total guidance counselor count was calculated for the following states: Georgia, Nebraska, New York, Ohio, South Dakota, Texas, and Wisconsin.

Librarians. The count of librarians for Alabama, California, Georgia, Massachusetts, Minnesota, Mississippi, Montana, Nebraska, New Jersey, Ohio, Oklahoma, Tennessee, Texas, Virginia, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

Library support staff. Counts for these staff were missing for Illinois, Montana, Nevada, and New Jersey. The count of library support staff was combined with the other support staff category for California and West Virginia. This category was imputed or adjusted for each of these states. The counts of library support staff for Colorado, Georgia, Minnesota, Nebraska, Ohio, Oklahoma, Texas, Wisconsin, Wyoming, the Department of Defense (overseas) and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

LEA administrators. Counts of LEA administrators for Alabama, Colorado, Massachusetts, Minnesota, Mississippi, Montana, Nebraska, New Jersey, New York, South Dakota, Texas, Wisconsin, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail.

LEA administrative support staff. Counts of these staff were missing for Illinois, Montana, and Nevada. LEA administrative support staff counts were imputed for each of these states. New Jersey misreported this count, and the reported count was replaced with an imputed count. Counts of LEA administrative support staff were totaled from external (local education agency-level) detail for the following states and jurisdictions: Alabama, Colorado, Georgia, Idaho, Massachusetts, Minnesota, Mississippi, New Hampshire, Ohio, Texas, Wisconsin, and the Department of Defense (domestic).

School administrators. Counts of school administrators were totaled from external (local education agency-level) detail for Louisiana, Massachusetts, Michigan, Mississippi, Montana, Nebraska, New York, North Dakota, Texas, Wisconsin, and the Department of Defense (domestic). New Hampshire included instructional coordinators and supervisors with their school administrators count, and the count was adjusted. New Jersey misreported this count, and the reported count was replaced with an imputed count.

School administrative support staff. Counts of school administrative support staff were missing for Illinois, Montana, and Nevada. Counts were imputed for these states. New Hampshire included school administrative support staff with their student support services staff. This number was adjusted for New Hampshire. Counts of school administrative support staff were totaled from external (local education agency-level) detail for Massachusetts, Minnesota, New York, Ohio, Oklahoma, South Dakota, Texas, and the Department of Defense (domestic). New Jersey misreported this count, and the reported count was replaced with an imputed count.

Student support services staff. New Hampshire combined student support services staff with their school administrative support staff count. Counts of student support services staff were totaled from external (local education agency-level) detail for Alabama, Colorado, Idaho, Massachusetts, Minnesota, Nebraska, New Jersey, New York, Ohio, Texas, Wisconsin, and the Department of Defense (overseas).

All other support services staff. Counts for the category of all other support services staff were missing for the Illinois and Montana. California and West Virginia included library support staff counts in the all other support services staff count. The counts were imputed or adjusted for all of these states. Counts for Alabama, Colorado, Georgia, Minnesota, Mississippi, Nebraska, New Mexico, New York, Ohio, South Dakota, Texas, Virginia, Wisconsin, Wyoming, and the Department of Defense (domestic) were totaled from external (local education agency-level) detail. New Jersey misreported this count, and the reported count was replaced with an imputed count.

D.3. Information about student membership counts by race/ethnicity

Prior to 2008–09, states were asked to report student enrollment counts by five racial/ethnic categories. Starting with the 2008–09 data collection, states were asked to submit counts of students by race/ethnicity by seven race/ethnicity categories if their state data system allowed for such reporting. The data item RACECAT is a race/ethnicities category indicator that indicates whether state reported student enrollment counts by five race/ethnicity categories or seven race/ethnicity categories.

5 = State reported student enrollment counts in the following 5 race/ethnicity categories: (a) American Indian/Alaska Native; (b) Asian/Pacific Islander; (c) Hispanic; (d) Black; and (e) White.

7 = State reported student enrollment counts in the following 7 race/ethnicity categories: (a) American Indian/Alaska Native; (b) Asian; (c) Hispanic; (d) Black; (e) White; (f) Hawaiian Native/Pacific Islander; and (g) Two or more races.

In appendix A, the racial/ethnic categories represented by the 5 and 7 reporting categories are followed by a notation of “(5)” or “(7)”, respectively.

Table 1. State and other jurisdiction FIPS codes and abbreviations used in CCD datasets

State name/jurisdiction	FIPS ¹	Abbreviation ²	State name/jurisdiction	FIPS ¹	Abbreviation ²

¹ Federal Information Processing Standards codes (01–78).

² U.S. Postal Service state abbreviation codes.

³ Not official U.S. FIPS code. The state abbreviations for Department of Defense dependents schools (overseas) are AA, AE, and AP to indicate schools located in Asia, Europe, and the Pacific, respectively. For Department of Defense dependents schools (domestic) and Bureau of Indian Education schools, state abbreviations correspond to the state in which the school is located.

SOURCE: U.S. Department of Commerce, National Institute of Standards and Technology, Federal Information Processing Standards, (1987). "Codes for the Identification of the States, the District of Columbia and the Outlying Areas of the United States, and the Associated Areas" (FIPS pub 5-2).

E. User Guidelines for Processing the State Nonfiscal Survey of Public Elementary/Secondary Education Data File

Starting in 1999–2000, CCD data file names were changed to include a two-digit version number. The 2008–09 State Nonfiscal Survey of Public Elementary/Secondary Education Excel file is called ST081A.XLS, the flat ASCII file is called ST081A.TXT, and the SAS data file is called ST081A.SAS7BDAT. The first two characters of the file name indicate the type of file (SC = School Universe, AG = Agency Universe, ST = State), the third and fourth characters indicate the file year (08 = 2008–09 CCD collection), and the fifth and sixth characters indicate the version number (1 = final file, A = first version). The record layout for the state nonfiscal survey file is contained in appendix A.

If errors are discovered in the published 1a files (final file, first version) or if states report new or corrected data, NCES may revise the file. The revised file is labeled 1b.

Approximately 1 year after the release of the 1a files, NCES releases a revised state nonfiscal data file. The purpose of the revised data file is to allow state education agencies to submit any corrections to their data. The revised file is labeled 1b, unless another revision of the original file has occurred sometime in that year due to an NCES error found in the file.

F. Guidelines for Using the Flat ASCII Data File

When using the flat ASCII data file, care should be taken to label the identification number variables (e.g., FIPST) as character fields. This is necessary in order to retain the leading zero in many of the identification numbers. It is necessary to keep the leading zeroes when merging these data with other files. This can be accomplished in Excel by using the ‘Import Wizard’ to select the ID fields and set them as text fields.

Page intentionally left blank.

**Appendix A—Record Layout for the Common Core of Data State Nonfiscal
Survey of Public Elementary/Secondary Education:
School Year 2008-09**

Page intentionally left blank.

APPENDIX A—Record Layout for the Common Core of Data
State Nonfiscal Survey of Public Elementary/Secondary Education: School Year 2008–09

Note that starting with the 2002–03 CCD, all numeric fields contain a -1 to indicate missing and a -2 to indicate not applicable. Previously, numeric fields contained an “M” to indicate missing and an “N” to indicate not applicable. Character fields continue to use “M” for missing and “N” for not applicable. “AN” and “N” are alphanumeric and numeric data, respectively.

Variable Name	Order	Data Type	Description

† Not applicable.

¹ U.S. totals include the 50 states and the District of Columbia.

² State membership totals in California include adjusted values for one grade. In Kentucky, New Jersey, New York, Pennsylvania, Tennessee, and the U.S. Virgin Islands one or more reported values was changed to the sum of grade detail by race/ethnicity from the State Nonfiscal Survey or the sum of grade detail from the School Universe Survey.

³ California prekindergarten data taken from Individuals with Disabilities Education Act (IDEA) Part B counts for students ages 3-5.

⁴ Data were adjusted. There were several variations in the way adjustments were carried out. See Section II.B.2. of the Introduction for more information regarding the adjustment methods.

⁵ DoDDS and DDESS are the Department of Defense dependents schools (overseas) and the Department of Defense dependent schools (domestic), respectively.

— Not available.

† Not applicable.

¹ U.S. totals include the 50 states and the District of Columbia.

² Data were adjusted. There were several variations in the way adjustments were carried out. See Section II.B.2. of the Introduction for more information regarding the adjustment methods.

³ Data were imputed based on prior-year (fall 2007) data. See the Section II.B.1. of the Introduction for more information regarding the imputation methods.

⁴ State total includes one or more imputed values or has been adjusted to reflect the sum of teachers of prekindergarten, kindergarten, elementary, secondary, and ungraded classes.

⁵ DoDDS and DDESS are the Department of Defense dependents schools (overseas) and the Department of Defense dependent schools (domestic), respectively.

NOTE: All staff counts are full-time-equivalent (FTE) counts. FTE is the amount of time required to perform an assignment stated as a proportion of a full-time position. It is computed by dividing the amount of time employed by the amount of time normally required for a full-time position. FTE is not a head count; for example, two half-time employees represent one FTE.

School Year 2008–09**

Page intentionally left blank.

APPENDIX C—Glossary for the Common Core of Data: School Year 2008–09

For the CCD to have comparable data across states, all states must abide by the same standard definitions when reporting on schools, students, and staff. To ensure a common understanding, definitions for critical terms are presented below. The glossary contains definitions for all variables and terms found on the CCD school, agency, or state files.

Agency Charter Status

Indication of the relationship between the agency and associated charter schools. Categories are: all associated schools are charters; some associated schools are charter; no associated schools are charter.

Alternative Education School

A public elementary/secondary school that (1) addresses needs of students that typically cannot be met in a regular school, (2) provides nontraditional education, (3) serves as an adjunct to a regular school, or (4) falls outside the categories of regular, special education, or vocational education.

American Indian/Alaska Native

A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment. (OMB directive, 1977, 1997)

Asian

A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, Japan, Korea, Malaysia, Pakistan, the Philippine Island, Thailand, and Vietnam. (OMB directive, 1997)

Asian/Pacific Islander

A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, Thailand, Vietnam, Guam, the Philippine Islands, Samoa, and other Pacific Islands. (OMB directive, 1977)

Black or African American

A person having origins in any of the black racial groups of Africa. (OMB directive, 1977, 1997)

Boundary Change

See “Operational Status, Agency” for definition. Name of term was changed to “Operational Status, Agency” after 1997–98.

Charter School

A school providing free public elementary and/or secondary education to eligible students under a specific charter granted by the state legislature or other appropriate authority, and designated by such authority to be a charter school.

City Locale

See “Locale, Urban-Centric.”

Classroom Teacher

See “Teacher.”

Combined Statistical Area (CSA)

If an area that qualifies as a metropolitan area (MA) has more than one million people, two or more core-based statistical areas (CBSAs) may be defined within it. Each CBSA consists of a large urbanized county or cluster of counties (cities and towns in New England) that demonstrate very strong internal economic and social links, in addition to close ties to other portions of the larger area. When CBSAs are established, the larger MA of which they are component parts is designated a combined statistical area (CSA). CSAs and CBSAs are established only where local governments favor such designations for a large MA.

Congressional District Code

Congressional districts are legislatively defined subdivisions of a state for the purpose of electing representatives or delegates to the House of Representatives of the United States Congress. A state or equivalent entity may comprise a single congressional district or similar representational area. The Federal Information Processing Standard (FIPS) provides the structure of numeric codes for representing congressional districts and similar areas defined for the various Congresses of the United States.

The Congressional Districts Codes are two-digit numeric codes used to represent the congressional districts of each multi-district state of the United States. For example, the First Congressional District is identified as “01,” the Second Congressional District as “02,” etc. The Congressional District in a state with only a single representative elected “at large” is designated as “00.” In the 110th Congress, this applies to Alaska, Delaware, Montana, North Dakota, South Dakota, Vermont, and Wyoming. For an entity with a nonvoting delegate—the District of Columbia, American Samoa, Guam, Puerto Rico (whose delegate is referred to as a “resident commissioner”), and the U.S. Virgin Islands—the representational area is designated as “98.” Those entities with no representation in the Congress—the Northern Mariana Islands, Palau, and the several U.S. minor outlying islands are designated as “99.”

Although congressional district codes are unique within each state and equivalent entity, and for each Congress, the congressional districts in different states may have the same code. For example, the First Congressional District of Alabama and of Arizona are both coded “01.” Since the Common Core of Data (CCD) requires the identification of congressional districts in more than one state, the congressional district code is preceded by the FIPS State numeric code. For example, the First Congressional District of Arizona is coded “0401,” with the first two digits (04) representing the FIPS State numeric code.

Core Based Statistical Area (CBSA)

If an area that qualifies as a metropolitan area (MA) has more than one million people, two or more core-based statistical areas (CBSAs) may be defined within it. Each CBSA consists of a large urbanized county or cluster of counties (cities and towns in New England) that demonstrate very strong internal economic and social links, in addition to close ties to other portions of the larger area.

County Name, Local Education Agency (LEA) File

The name of county in which a local education agency is located. Prior to 2006–07, the county assignment was based on the counties of the schools associated with the local education agency, weighted by student enrollment.

County Name, School File

The name of county in which a school is located.

County Number

Five digit code, assigned by the Federal Information Processing Standards (FIPS) that uniquely identifies every county in the United States. Digits 1 and 2 are the state FIPS code and digits 3–5 identify a county within that state.

Diploma Recipient

A student who received a diploma recognizing the completion of secondary school requirements during the previous school year and subsequent summer school. It excludes high school equivalency and other high school completers (e.g., those granted a certificate of attendance). (See also “Graduate, High School”).

Diploma, High School

A formal document certifying the successful completion of a secondary school program prescribed by the state education agency or other appropriate body.

District Locale Code, Metro-Centric

See “District Locale, Metro-Centric.”

District Locale Code, Urban-Centric

See “District Locale, Urban-Centric.”

District Locale, Metro-Centric

A code derived from the locale codes of schools within the district, weighted by the number of students in each locale type. The metro-centric locale assignment system was used until 2006–07. (See also, “Locale, Metro-Centric”).

District Locale, Urban-Centric

A code derived from the locale codes of schools within the district, weighted by the number of students in each locale type. The urban-centric locale assignment system has been used starting in 2006–07. (See also, “Locale, Urban-Centric”).

Dropout

A student who was enrolled in school at some time during the previous school year; was not enrolled at the beginning of the current school year; has not graduated from high school or completed a state- or district-approved educational program; and does not meet any of the following exclusionary conditions: has transferred to another public school district, private school, or state- or district-approved educational program; is temporarily absent due to suspension or school-approved illness; or has died. Item was first collected in 1992–93.

Education Agency

A government agency administratively responsible for providing public elementary and/or secondary instruction or educational support services.

Elementary

A general level of instruction classified by state and local practice as elementary, composed of any span of grades not above grade 8; preschool or kindergarten included only if it is an integral part of an elementary school or a regularly established school system.

English Language Learner (ELL)

“English language learner (ELL)” was formerly referred to as “limited English proficient (LEP).” Refers to students being served in appropriate programs of language assistance (e.g., English as a Second Language, High Intensity Language Training, bilingual education). Does not include pupils enrolled in a class to learn a language other than English. Also, ELL students are individuals who were not born in the United States or whose native languages are languages other than English; individuals who are migratory, whose native language are languages other than English, and who come from environments where a language other than English is dominant; individuals who are Native Americans or Alaska Natives, or native residents of the outlying areas and who come from environments where languages other than English have a significant impact on their level of English language proficiency; and individuals who have sufficient difficulties in speaking, reading, writing, or understanding the English language to deny such individuals the ability to meet the State’s proficient level or achievement on State assessments, or the ability to successfully achieve in classrooms where the language of instruction is English, or the opportunity to participate fully in society. Item was first collected in 1998–99.

Federal Information Processing Standards (FIPST) Code

Two digit code, assigned by the Federal Information Processing Standards, that uniquely identifies a state or other jurisdiction.

Federally-Operated Education Agency

A federally operated agency that is charged, at least in part, with providing elementary and/or secondary instruction or support services.

Free Lunch Eligible Student

A student who is eligible to participate in the Free Lunch Program under the National School Lunch Act.

Full-time Equivalency (FTE)

The amount of time required to perform an assignment stated as a proportion of a full-time position and computed by dividing the amount of time employed by the time normally required for a full-time position.

General Educational Development (GED) Test

A comprehensive test used primarily to appraise the educational development of students who have not completed their formal high school education and who may earn a high school equivalency certificate through achievement of satisfactory scores.

Grade Span Offered

The span of grades intended to be served by a school or agency, whether or not there are students currently enrolled in all grades. If a high school also has a prekindergarten program, the grade span of the high school is reported as a high school, not as a PK–12 school. Also, the ungraded designation (UG) cannot be used in a grade span unless the whole school consists of ungraded students, and in this case the grade span is reported as UGUG. “Grade span” was calculated from school membership through 1997–98 and first collected as a separate item in 1998–99.

Graduate, High School

A student who received a diploma recognizing the completion of secondary school requirements during the previous school year and subsequent summer school. It excludes high school equivalency and other high school completers (e.g., those granted a certificate of attendance). (See also, “Diploma Recipient”).

Guidance Counselor/Director

Professional staff assigned specific duties and school time for counseling students and parents, addressing learning problems, evaluating student abilities, and assisting students in career and personal development. The state applies its own standards in apportioning the aggregate of guidance counselors/directors into the elementary and secondary level components.

Head Start Program

A federally funded program that provides comprehensive educational, social, health, and nutritional services to low-income preschool children and their families, and children from ages 3 to school entry age (i.e., the age of compulsory school attendance). Head Start students and teachers are reported on the CCD only when the program is administered by a local education agency.

High School Completion Count

A count of diploma recipients and other high school completers. Does not include high school equivalency recipients.

High School Equivalency Certificate

A formal document certifying that an individual met the state requirements for high school graduation equivalency by obtaining satisfactory scores on an approved examination, and meeting other performance requirements (if any) set by a state education agency or other appropriate body.

High School Equivalency Recipient

Individual who received a high school equivalency certificate during the previous school year or subsequent summer. The CCD reports only equivalency recipients who are 19 years of age or younger. Item was last reported on the Local Education Agency Survey in 1990–91, but was collected by the State Nonfiscal Survey through 2002–03. Beginning with the 2003–04 collection, the item was replaced by the number of individuals age 19 or younger who passed the GED examination, as reported by the GED Testing Service.

High School Graduate, Other Programs

A student who received a high school diploma, equivalency diploma, or other completion credential during the previous school year or subsequent summer school; the credential is based upon completion of other than the standard high school requirements or is achieved through nontraditional means. Term was last used in 1986–87. See “Other Diploma Recipient,” “High School Equivalency Recipient,” and “Other High School Completer.”

High School Graduate, Regular Day School

A student who received a high school diploma during the previous school year or subsequent summer school; the diploma is based upon completion of high school requirements through traditional means. Term was last used in 1986–87. See “Regular Diploma Recipient.”

Hispanic

A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race. (OMB directive, 1977, 1997)

Individualized Educational Program (IEP)

A written instructional plan for students with disabilities designated as special education students under the Individuals With Disabilities Education Act (IDEA, Part B). Each plan includes a (1) statement of the child’s present levels of educational performance, (2) statement of measurable annual goals, including academic and functional goals, (3) for children with disabilities who take alternate assessments aligned to alternate achievement standards, description of benchmarks or short term objectives; (4) statement of the special education and related services and supplementary aids and services; and (5) statement of any individual accommodations that are necessary to measure the academic achievement and functional performance of the child on State and districtwide assessment; and if the IEP Team determines that the child must take an alternate assessment instead of a particular regular State or districtwide assessment of student achievement, a statement of why the child cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the child.

Instructional Aide

Staff assigned to assist a teacher with routine activities associated with teaching (i.e., activities requiring minor decisions regarding students), such as monitoring, conducting rote exercises, operating equipment, and clerking. Includes only paid staff, and excludes volunteer aides.

Instructional Coordinator and Supervisor

Staff supervising instructional programs at the school district or subdistrict level, including supervisors of educational television staff; coordinators and supervisors of audiovisual services; curriculum coordinators and in-service training staff; Title I coordinators and home economics supervisors; and supervisory staff engaged in the development of computer-assisted instruction. School-based department chairpersons are excluded.

Kindergarten

A group or class that is part of a public school program and is taught during the year preceding first grade.

Large City Locale

See “Locale, Metro-Centric.”

Large Town Locale

See “Locale, Metro-Centric.”

Latitude

Latitude is the north or south angular distance from the equator, with positive values going north and negative values going south. When combined with longitude, it reflects an estimation of where the school is physically situated on the street segment to which it was coded. Coordinate degrees, minutes, and seconds have been converted to, and are displayed in terms of, their decimal equivalent. The digits to the left of the decimal point represent the number of degrees from the equator, and the digits to the right of the decimal point represent the fraction of the degree carried out to six decimal places. For example, if a school’s latitude is 30 degrees, 30 minutes north, then it is shown as 30.500000.

Librarian

A professional staff member or supervisor assigned specific duties and school time for professional library services activities. These include selecting, acquiring, preparing, cataloging, and circulating books and other printed materials; planning the use of the library by students, teachers, and instructional staff; and guiding individuals in the use of library books and material maintained separately or as a part of an instructional materials center.

Library and Media Support Staff

Staff member who renders other professional library and media services; also includes library aides and those involved in library/media support. Duties include selecting, preparing, caring for, and making available to instructional staff, equipment, films, filmstrips, transparencies, tapes, TV programs, and similar materials maintained separately or as part of an instructional materials center. Also include activities in the audiovisual center, TV studio, related work-study areas, and services provided by audiovisual personnel.

Limited-English Proficient (LEP)

See “English Language Learner (ELL).”

Local Education Agency (LEA) Administrative Support Staff

Staff members providing direct support to LEA administrators, business office support, data processing, secretarial and other clerical staff.

Local Education Agency (LEA) Administrator

Chief executive officers of education agencies, including superintendents, deputies, and assistant superintendents; other persons with districtwide responsibilities, e.g., business managers and professional instructional support staff. Excludes supervisors of instructional or student support staff.

Local Education Agency ID

Seven digit code assigned by NCES that uniquely identifies each local education agency. Digits 1 and 2 are the FIPS state code; digits 3–7 are assigned by NCES and unique within a state.

Local Education Agency Type

A classification of educational agencies according to the level of administrative and operational control. The types are (1) local school district that is not a component of a supervisory union; (2) local school district that is a component of a supervisory union; (3) supervisory union administrative center; (4) regional education services agency; (5) state-operated agency; (6) federally-operated agency; (7) charter agency; and (8) other education agencies.

Locale Code, Metro-Centric

See “Locale, Metro-Centric.”

Locale Code, Urban-Centric

See “Locale, Urban-Centric.”

Locale, Metro-Centric

An indication of school’s location relative to a populous area. The locales assigned to school districts are based on the locale code of their schools, weighted by the size of the schools’ membership. The metro-centric locale assignment system has been used from 1998–99 through 2005–06.

The locale code categories are defined below.

Large city: A principal city of a metropolitan core based statistical area (CBSA), with the city having a population greater than or equal to 250,000.

Midsize city: A principal city of a metropolitan CBSA, with the city having a population less than 250,000.

Urban fringe of a large city: Any incorporated place, Census-designated place, or non-place territory within a metropolitan CBSA of a large city and defined as urban by the Census Bureau.

Urban fringe of a midsize city: Any incorporated place, Census-designated place, or non-place territory within a metropolitan CBSA of a midsize city and defined as urban by the Census Bureau.

Large town: An incorporated place or Census-designated place with a population greater than or equal to 25,000 and located outside a metropolitan CBSA or inside a micropolitan CBSA.

Small town: An incorporated place or Census-designated place with a population less than 25,000 and greater than or equal to 2,500 and located outside a metropolitan CBSA or inside a micropolitan CBSA.

Rural, outside CBSA: Any incorporated place, Census-designated place, or non-place territory not within a metropolitan CBSA or within a micropolitan CBSA and defined as rural by the Census Bureau.

Rural, inside CBSA: Any incorporated place, Census-designated place, or non-place territory within a metropolitan CBSA and defined as rural by the Census Bureau.

Locale, Urban-Centric

An indication of school’s location relative to a populous area. The locales assigned to school districts are based on the locale code of their schools, weighted by the size of the schools’ membership. The urban-centric locale assignment system has been used starting in 2006–07.

The locale code categories are defined below.

City, Large: Territory inside an urbanized area and inside a principal city with population of 250,000 or more.

City, Midsize: Territory inside an urbanized area and inside a principal city with population less than 250,000 and greater than or equal to 100,000.

City, Small: Territory inside an urbanized area and inside a principal city with population less than 100,000.

Suburb, Large: Territory outside a principal city and inside an urbanized area with population of 250,000 or more.

Suburb, Midsize: Territory outside a principal city and inside an urbanized area with population less than 250,000 and greater than or equal to 100,000.

Suburb, Small: Territory outside a principal city and inside an urbanized area with population less than 100,000.

Town, Fringe: Territory inside an urban cluster that is less than or equal to 10 miles from an urbanized area.

Town, Distant: Territory inside an urban cluster that is more than 10 miles and less than or equal to 35 miles from an urbanized area.

Town, Remote: Territory inside an urban cluster that is more than 35 miles of an urbanized area.

Rural, Fringe: Census-defined rural territory that is less than or equal to 5 miles from an urbanized area, as well as rural territory that is less than or equal to 2.5 miles from an urban cluster.

Rural, Distant: Census-defined rural territory that is more than 5 miles but less than or equal to 25 miles from an urbanized area, as well as rural territory that is more than 2.5 miles but less than or equal to 10 miles from an urban cluster.

APPENDIX C—Glossary for the Common Core of Data: School Year 2008–09

Rural, Remote: Census-defined rural territory that is more than 25 miles from an urbanized area and is also more than 10 miles from an urban cluster.

Longitude

Longitude is the east or west angular distance from the prime meridian, with positive values going east and negative values going west. When combined with latitude, it reflects an estimation of where the school is physically situated on the street segment to which it was coded. Coordinate degrees, minutes, and seconds have been converted to, and are displayed in terms of, their decimal equivalent. The digits to the left of the decimal point represent the number of degrees from the prime meridian. The digits to the right of the decimal point represent the fraction of the next degree carried out to six decimal places. For example, if a school's longitude is 90 degrees, 15 minutes west, then it is shown as -90.250000.

Magnet School or Program

A special school or program designed to attract students of different racial/ethnic backgrounds for the purpose of reducing, preventing, or eliminating racial isolation (50 percent or more minority enrollment); and/or to provide an academic or social focus on a particular theme (e.g., science/math, performing arts, gifted/talented, or foreign language).

Media Specialist

See "Library and Media Support Staff."

Membership

The count of students on the current roll taken on the school day closest to October 1, by using either the sum of original entries and re-entries minus total withdrawals or the sum of the total present and the total absent.

Metropolitan Statistical Area (MSA)

An area consisting of one or more contiguous counties (cities and towns in New England) that contain a core area with a large population nucleus, as well as adjacent communities having a high degree of economic and social integration with that core.

Metropolitan Status (Metro Status)

Metro status is defined as the classification of the reported location of an education agency's administrative office relative to a metropolitan statistical area. (See also "Metropolitan Statistical Area").

Micropolitan Statistical Area

A core based statistical area associated with at least one urban cluster that has a population of at least 10,000 but less than 50,000. The micropolitan statistical area comprises the central county or counties that contain the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county as measured through commuting.

Midsized City Locale

See "Locale, Metro-Centric."

Migrant Student

Children who are, or whose parents or spouses are, migratory agricultural workers, including migratory dairy workers, or migratory fishers, and who, in the preceding 36 months, in order to obtain, or accompany such parents or spouses, in order to obtain, temporary or seasonal employment in agricultural or fishing work (a) have moved from one local education agency (LEA) to another; (b) in a state that comprises a single LEA, have moved from one administrative area to another within such LEA; or (c) reside in an LEA of more than 15,000 square miles, and migrate a distance of 20 miles or more to a temporary residence to engage in a fishing activity.

Native Hawaiian or Other Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. (OMB directive, 1997)

Officials and Administrators

See “Local Education Agency Administrator.”

Operational Status, Agency

Classification of the operational conditions or changes in an education agency’s boundaries or jurisdiction. Classifications include currently operational; closed; new; added; changed boundary; temporarily closed and may reopen within 3 years; scheduled to be operational within 2 years; and reopened. Prior to 1998–99, the term “Boundary Change” was used.

Operational Status, School

Classification of the operational condition of a school. Classifications include currently operational; closed; new; added; changed agency; temporarily closed and may reopen within 3 years; scheduled to be operational within 2 years; and reopened.

Other Diploma Recipient

A student who received a diploma through other than a regular school program during the previous school year or subsequent summer. Last reported in 1997–98; combined with “Regular Diploma Recipient” in 1998–99, with both categories reported as “Diploma Recipient.”

Other High School Completer

Student who has received a certificate of attendance or other certificate of completion in lieu of a diploma during the previous school year and subsequent summer school.

Other Support Staff

Support staff not reported in instructional or student support. Include employees such as plant and equipment maintenance, bus drivers, security, and food service workers.

Prekindergarten Student

A student who is enrolled in a group or class that is part of a public school program taught during the year or years preceding kindergarten, excluding Head Start students unless part of an authorized public education program of a local education agency.

Prekindergarten Teacher

Teacher of a group or class that is part of a public school program that is taught during the year or years preceding kindergarten; includes teachers of Head Start students if part of authorized public education program of a local education agency.

Public School

An institution that provides educational services and: (1) has one or more grade groups (prekindergarten through grade 12) or is ungraded; (2) has one or more teachers to give instruction; (3) is located in one or more buildings or sites; (4) has an assigned administrator; (5) receives public funds as primary support; and (6) is operated by an education agency.

Reduced-Price-Lunch Eligible Student

A student who is eligible to participate in the Reduced-Price Lunch Program under the National School Lunch Act.

Regional Education Service Agency

An agency created for the purposes of providing specialized educational services to other education agencies.

Regular Diploma Recipient

See “High School Graduate, Regular Day School.” Last reported in 1997–98; combined with “Other Diploma Recipient” in 1998–99, with both categories reported as “Diploma Recipient.”

Regular School

A public elementary/secondary school providing instruction and education services that does not focus primarily on special education, vocational/technical education, or alternative education, or on any of the particular themes associated with magnet/special program emphasis schools.

Reportable Program

A program within a school that may be self-contained, but does not have its own principal.

Rural Locale

See “Locale, Urban-Centric.”

Rural, Inside CBSA

See “Locale, Metro-Centric.”

Rural, Outside CBSA

See “Locale, Metro-Centric.”

School Administrative Support Staff

Staff whose activities are concerned with support of the teaching and administrative duties of the office of the principal or department chairpersons. Category includes clerical staff and secretaries.

School Administrator

Staff whose activities are concerned with directing and managing the operation of a particular school. Category includes principals, assistant principals, and other assistants; and persons who supervise school operations, assign duties to staff members, supervise and maintain the records of the school, and coordinate school instructional activities with those of the education agency, including department chairpersons.

School District

An education agency or administrative unit that operates under a public board of education.

School Identification (ID) Number

Twelve digit code assigned by NCES that uniquely identifies each public school. Digits 1 and 2 are the FIPS state code; digits 3–7 are the LEA ID; and digits 8–12 identify the school uniquely within a state.

Schoolwide Title I Eligible School

A school that is a Title I eligible school and its percentage of low-income students is at least 40 percent. (See also “Title I Eligible School”).

Secondary

The general level of instruction classified by state and local practice as secondary and composed of any span of grades beginning with the next grade following the elementary grades and ending with or below grade 12.

Shared Time School

A school in which some or all of the students are enrolled at a different school of record and attend the shared time school on a part-day basis: for example, a regional vocational center attended by students from multiple high schools on a part-day basis.

Small Town Locale

See “Locale, Metro-Centric.”

Special Education School

A public elementary/secondary school that focuses primarily on special education—including instruction for any of the following students with: autism, deaf-blindness, developmental delay, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, serious emotional disturbance, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment, and other health impairments—and that adapts curriculum, materials, or instruction for students served.

State Education Agency (SEA)

An agency of the state charged with primary responsibility for coordinating and supervising public instruction, including setting standards for elementary and secondary instructional programs.

State, Federal, and Other Agencies

Include stated-operated agency, federally-operated agency, and other education agency. (See also “State-Operated Agency,” “Federally-Operated Agency,” and “Other Education Agency”).

State-Operated Agency

Agency that is charged, at least in part, with providing elementary and/or secondary instruction or support services. Examples include elementary/secondary programs operated by the state for the deaf or blind; and programs operated by state correctional facilities.

Student

An individual for whom instruction is provided in an elementary or secondary education program that is not an adult education program and is under the jurisdiction of a school, school system, or other education institution.

Student Support Services Staff

Professional staff members whose activities are concerned with the direct support of students and who nurture, but do not instruct, students. Includes attendance officers; staff providing health, psychology, speech pathology, audiology, or social services; and supervisors of the preceding staff and of health, transportation, and food service workers.

Suburb Locale

See “Locale, Urban-Centric.”

Supervisory Union

An education agency where administrative services are performed for more than one school district by a common superintendent.

Teacher

A professional school staff member who instructs students in prekindergarten, kindergarten, grades 1–12, or ungraded classes and maintains daily student attendance records.

Title I Eligible School

A Title I eligible school is a school designated under appropriate state and federal regulations as being high poverty and eligible for participation in programs authorized by Title I of P.L. 107-110. A Title I eligible school is one in which the percentage of children from low-income families is at least as high as the percentage of children from low-income families served by the LEA as a whole or that the LEA has designated as Title I eligible because 35 percent or more of the children are from low-income families.

Town Locale

See “Locale, Urban-Centric.”

Two or More Races

A person choosing more than one of the five race categories. (OMB directive, 1997)

Ungraded Student

Individual assigned to class or program that does not have standard grade designations.

Urban Fringe of a Large City Locale

See “Locale, Metro-Centric.”

Urbanized Area

An area that is a densely settled core with a population concentration of at least 50,000.

Vocational Education School

A public elementary/secondary school that focuses primarily on providing formal preparation for semiskilled, skilled, technical, or professional occupations for high school-age students who have opted to develop or expand their employment opportunities, often in lieu of preparing for college entry.

White

A person having origins in any of the original peoples of Europe, North Africa, or the Middle East. (OMB directive, 1977, 1997)

**Appendix D—State Notes for the Common Core of Data:
School Year 2008–09**

Page intentionally left blank.

APPENDIX D—State Notes for the Common Core of Data: School Year 2008–09

This appendix provides information on known anomalies and comments for data users for individual states on the school, agency, and state files. Counts are based on currently operational (status 1, 3, 4, 5, 8) units only. Sch=School File, Agn=Agency File, St=State File.

Alabama

Anomalies: Not Applicable: Sch – Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Teachers of Ungraded Classes, Ungraded Students; St – Teachers of Ungraded Classes, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Alaska

Anomalies: Missing Data: Agn – Instructional Coordinators; St – Instructional Coordinators. Not Applicable: Sch – Ungraded Students; Agn – Teachers of Ungraded Classes, Ungraded Students, Other Guidance Counselors; St – Teachers of Ungraded Classes, Other Guidance Counselors, Ungraded Students.

Arizona

Anomalies: Missing Data: Sch – Magnet School. Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Teachers of Ungraded Classes, Other Guidance Counselors; St – Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Arkansas

Anomalies: Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Other Guidance Counselors; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

California

Anomalies: Missing Data: Sch –Prekindergarten Students; Agn – Prekindergarten Teachers, Library Media Support Staff; St – Prekindergarten Teachers, Library Media Support Staff, Prekindergarten Students. Not Applicable: Agn – Other Guidance Counselors; St – Other Guidance Counselors.

Colorado

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Connecticut

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Other Guidance Counselors, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Delaware

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

District of Columbia

Anomalies: Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Hawaiian Native/Pacific Islander membership, Two or more races membership.

Florida

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Georgia

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership, Other Guidance Counselors; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Hawaii

Anomalies: Not Applicable: Sch – Magnet School, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Other Guidance Counselors; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Idaho

Anomalies: Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Illinois

Anomalies: Missing Data: Sch – Shared Time School; Agn – Instructional Aides, Library Media Support Staff, Other Support staff; St – Instructional Aides, Library Media Support Staff, Other Support Staff. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Comments: State reported the number of students participating in the Free Lunch and Reduced-Price Lunch programs under the National School Lunch Act instead of the number of students eligible to participate in the free and reduced-price lunch program. Therefore, the number of students eligible to participate in these programs may be undercounted, and counts may not be comparable to other states that reported eligibility data.

Indiana

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Iowa

Anomalies: Missing Data: Sch – Shared Time School. Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Kansas

Anomalies: Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Other Guidance Counselors; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Kentucky

Anomalies: Missing Data: Agn – Elementary Guidance Counselors, Secondary Guidance Counselors; St – Elementary Guidance Counselors, Secondary Guidance Counselors. Not Applicable: Sch – Charter School, Hawaiian Native/Pacific Islander membership, Two or more races membership; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Louisiana

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students,

Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Maine

Anomalies: Missing Data: Sch – Title I, School-wide Title I. Not Applicable: Sch – Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Maryland

Anomalies: Missing Data: Agn – English Language Learner Students. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Massachusetts

Anomalies: Missing Data: Sch – Magnet School. Not Applicable: Agn – Teachers of Ungraded Classes, Other Guidance Counselors; St – Teachers of Ungraded Classes, Other Guidance Counselors.

Michigan

Anomalies: Missing Data: Sch – Prekindergarten Students. Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; St – Hawaiian Native/Pacific Islander membership, Two or more races membership.

Minnesota

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Mississippi

Anomalies: None.

Missouri

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Montana

Anomalies: Missing Data: Agn – Prekindergarten Teachers, Kindergarten Teachers, Library Media Support Staff, LEA Administrative Support Staff, School Administrative Support Staff, All Other Support Staff; St – Prekindergarten Teachers, Kindergarten Teachers, Library Media Support Staff, LEA Administrative Support Staff, School Administrative Support Staff, All Other Support Staff. Not Applicable: Sch – Magnet School, Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Teachers of Ungraded Classes; St – Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Nebraska

Anomalies: Missing Data: Agn – Prekindergarten Teachers, Kindergarten Teachers; St – Prekindergarten Teachers, Kindergarten Teachers. Not Applicable: Sch – Charter School, Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Nevada

Anomalies: Missing Data: Agn – Instructional Aides, Instructional Coordinators, Library Media Support Staff, LEA Administrative Support Staff, School Administrative Support Staff; St – Instructional Aides, Instructional Coordinators, Library Media Support Staff, LEA Administrative Support Staff, School Administrative Support Staff. Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; St – Hawaiian Native/Pacific Islander membership, Two or more races membership.

New Hampshire

Anomalies: Missing Data: Agn – Instructional Coordinators; St – Instructional Coordinators, Student Support Staff. Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teacher of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teacher of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

New Jersey

Anomalies: Missing Data: Sch – Magnet School; Agn – Elementary Guidance Counselors, Secondary Guidance Counselors, Library Support Staff; St – Elementary Guidance Counselors, Secondary Guidance Counselors, Library Support Staff. Not Applicable: St – Other Guidance Counselors.

Comments: State reported the number of students participating in the Free Lunch and Reduced-Price Lunch programs under the National School Lunch Act instead of the number of students eligible to participate in the free and reduced-price lunch program. Therefore, the number of students eligible to participate in these programs

may be undercounted, and counts may not be comparable to other states that reported eligibility data.

New Mexico

Anomalies: Missing Data: Agn – English Language Learners. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

New York

Anomalies: Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Other Guidance Counselors; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

New York City Public Schools—The New York City Public Schools agency has been assigned a supervisory union number and its component sub-districts are identified as components of the supervisory union. The supervisory union component number can be used in aggregating data to a single observation for the New York City Public Schools district.

North Carolina

Anomalies: Missing Data: Sch – Prekindergarten Students; Agn – Prekindergarten Teachers, Kindergarten Teachers; St – Kindergarten Teachers. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

North Dakota

Anomalies: Not Applicable: Sch – Magnet School, Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Ohio

Anomalies: Missing Data: Agn – Elementary Guidance Counselors, Secondary Guidance Counselors; St – Elementary Guidance Counselors, Secondary Guidance Counselors. Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Oklahoma

Anomalies: Missing Data: Agn – English Language Learners. Not Applicable:

APPENDIX D—State Notes for the Common Core of Data: School Year 2008–09

Sch – Magnet School, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn– Teachers of Ungraded Students, Other Guidance Counselors; St – Teachers of Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Oregon

Anomalies: Missing Data: Sch – Magnet School; Agn – Elementary Guidance Counselors, Secondary Guidance Counselors; St – Elementary Guidance Counselors, Secondary Guidance Counselors. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Pennsylvania

Anomalies: Not Applicable: Sch – Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Other Guidance Counselors; St – Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Rhode Island

Anomalies: Missing Data: Agn – English Language Learners. Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

South Carolina

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

South Dakota

Anomalies: Not Applicable: Sch – Magnet School, Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Comments: State reported the number of students participating in the Free Lunch and Reduced-Price Lunch programs under the National School Lunch Act instead of the number of students eligible to participate in the free and reduced-price lunch program. Therefore, the number of students eligible to participate in these programs

APPENDIX D—State Notes for the Common Core of Data: School Year 2008–09

may be undercounted, and counts may not be comparable to other states that reported eligibility data.

Tennessee

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Texas

Anomalies: Missing Data: Sch – Shared Time School; Agn – Elementary Guidance Counselors, Secondary Guidance Counselors; St – Elementary Guidance Counselors, Secondary Guidance Counselors. Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Utah

Anomalies: Missing Data: Sch – Shared Time School. Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Vermont

Anomalies: Not Applicable: Sch – Magnet School, Charter School, Ungraded Students; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors.

Virginia

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes; St – Ungraded Students, Teachers of Ungraded Classes, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Washington

Anomalies: Not Applicable: Sch – Magnet School, Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

West Virginia

Anomalies: Missing Data: Agn – Library/Media Support Staff; St – Library/Media Support Staff. Not Applicable: Sch – Magnet School, Charter School, Ungraded

Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Wisconsin

Anomalies: Not Applicable: Sch – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Wyoming

Anomalies: Not Applicable: Sch – Magnet School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors; St – Ungraded Students, Teachers of Ungraded Classes, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Bureau of Indian Education (BIE)

Anomalies: Missing Data: Sch – FTE Teachers; Agn – English Language Learner Students, Students with Individualized Education Programs, All Staff Counts; St – All Staff Counts. Not Applicable: Sch – Magnet School, Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Department of Defense Dependents (overseas) Schools

Anomalies: Missing Data: Sch – Free Lunch Eligible Students, Reduced-price Lunch Eligible Students, Total Free and Reduced Lunch Students, Shared Time School; Agn – Library Media Support Staff; St – Library Media Support Staff. Not Applicable: Sch – Magnet School, Charter School, Title I, School-wide Title I, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

Department of Defense Dependents (domestic) Schools

Anomalies: Missing Data: Sch – Free Lunch Eligible Students, Reduced-price Lunch Eligible Students, Total Free and Reduced Lunch Students, Shared Time School; Agn – Library Media Support Staff; St – Library Media Support Staff. Not Applicable: Sch – Magnet School, Charter School, Title I, School-wide Title I, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students, Other Guidance Counselors; St – Ungraded Students, Other Guidance Counselors, Hawaiian Native/Pacific Islander membership, Two or more races membership.

American Samoa

Anomalies: Missing Data: Sch – FTE Teachers, All Student Membership, All Program Participation data; Agn – All Student Membership, All Program Participation data; All Staff Counts; St – All Student Membership, All Staff Counts.

Guam

Anomalies: Missing Data: Sch – FTE Teachers, All Student Membership, All Program Participation data; Agn – All Student Membership, All Program Participation data, All Staff Counts; Not Applicable: Sch – Magnet School, Charter School.

Commonwealth of the Northern Marianas Islands

Anomalies: Missing Data: Sch – Title I, School-wide Title I, Membership by race/ethnicity; Agn – Prekindergarten Teachers, Librarians/Media Specialists; St – Prekindergarten Teachers, Librarians/Media Specialists, Membership by race/ethnicity. Not Applicable: Sch – Magnet School, Charter School; Agn – Other Guidance Counselors; St – Other Guidance Counselors.

Puerto Rico

Anomalies: Missing Data: Agn – English Language Learners, Kindergarten Teachers, Elementary Guidance Counselors, Secondary Guidance Counselors; St – Kindergarten Teachers, Elementary Guidance Counselors, Secondary Guidance Counselors. Not Applicable: Sch – Magnet School, Charter School, Hawaiian Native/Pacific Islander membership, Two or more races membership; St – Hawaiian Native/Pacific Islander membership, Two or more races membership.

U.S. Virgin Islands

Anomalies: Missing Data: Sch – Title I, School-wide Title I, Prekindergarten Students; Agn – English Language Learners, Prekindergarten Teachers; St – Prekindergarten Students, Prekindergarten Teachers. Not Applicable: Sch – Charter School, Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership; Agn – Ungraded Students; St – Ungraded Students, Hawaiian Native/Pacific Islander membership, Two or more races membership.
