GO TO CCQ (CHILD CARE).
Did [CHILD] receive child care during the summer on a regular basis from someone other than you or another parent or guardian? This does not include occasional babysitting or backup care providers. It also does not include summer camp.

IF NEEDED, SAY: This may include grandparents, brothers and sisters, or any relatives other than you or another parent or guardian. It also may include home child care providers, regular sitters or neighbors, in addition to day care centers or extended day programs.

HELP TEXT:
- **Regular Basis:** An arrangement or program occurring on a routine schedule (i.e., occurring at least weekly or on some other schedule). Do not include occasional babysitting or "back up" arrangements that are just used once in a while. Also, do not include going away to stay with a relative for a period of time during the summer. We are asking about child care given on a routine schedule.
- **Care from a relative:** Record care or programs provided by someone other than the child's parents in a private home. The private home may be the child’s home, the caregiver's home, or another home. In all cases, do not include care provided by a parent, even if they do not live in the household. (Do not include visitation with a separated or divorced parent who does not have custody.)
- **If there is at least one parent in the household,** any relative living in the household is eligible to be counted as a care arrangement, if the care is provided on a regularly scheduled basis. Relatives outside the household may also be regular care providers.
- **If neither parent lives in the household,** do not include care provided by guardians who live with the child (they are similar to parents).
- **Relative care arrangements** may or may not have a charge or fee.
- **Care from a non-relative:** Non-relative care is provided by someone not related to the child and is located in a private home. The private home may be the child’s home, the caregiver’s home, or another home.
- **If there is at least one parent in the household,** any nonrelative living in the household is eligible to be counted as a care arrangement, if the care is given on a regularly scheduled basis.
- **If neither parent lives in the household,** do not include care provided by guardians who live with the child (they are treated the same as parents).
- **Non-relative care arrangements or programs** may or may not have a charge or fee.
- **Day Care Center:** Includes any type of formal program that provides care and supervision. It may be in a child’s school or in another location, such as a church or a free-standing building. Head Start programs, nursery schools, preschools, and prekindergarten programs that include children who are older (some of which may be sponsored by the state) are also included.
- **Extended Day Program:** Center-based program that provides care after or before day time hours.
