LEVEL OF SUPPORT

SCHOOL YEARS 9-10 AND 11-12

Level of Support:

- Provided report through web application for districts to use in completing sections of the CRDC survey

Why:

- Districts informed us about the CRDC and asked for our assistance.
- Much of the survey requested data that was already reported to the GaDOE.
- CRDC survey only allowed states to upload 100% of data – not partial. Therefore, GaDOE created reports and published them within the GaDOE portal for districts to utilize for the survey.

LEVEL OF SUPPORT SCHOOL YEARS 13-14 AND 15-16

Level of Support:

- Created datafiles and uploaded data into the survey for districts

Why:

- CRDC provided file formats that allowed states to upload partial data
- Having the file layouts early as well as the ability to test the file uploads provided the opportunity for GaDOE to assist the districts further.

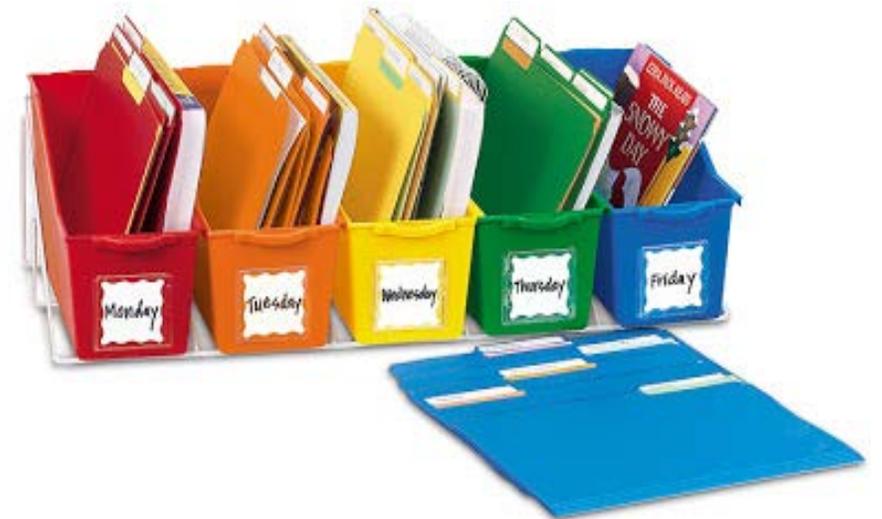

LEVEL OF SUPPORT SCHOOL YEAR 17-18

Level of Support

- Plan to do the same as in SY15-16

Why-

- LEAs appreciate the assistance.
- Reducing data burden for district.
- Code is already written

CHALLENGES AND LESSONS LEARNED

Major Challenge: Reportable Programs

- In Georgia, data are collected from the home school where student is enrolled.
- Data for students attending a “program” located at a different site other than the home school, is reported to us from the home school where they are enrolled.

Challenge

- Schools have to adjust numbers to remove counts from the school and report them in CRDC at the program.

SUMMARY

Percent of CRDC data uploaded by SEA – 78%

Reasons:

Nuances in definitions

Data not collected

■ Kinds of data not preloaded by SEA

- Harassment and Bullying – GaDOE collects data on these elements but not as it relates to the CRDC survey question
- Preschool Discipline – GaDOE will begin collecting for SY18-19
- Single-Sex Interscholastic Athletics – not collected by GaDOE
- SAT,ACT,AP Reasoning – Not available by individual student
