Institutional Characteristics for non-degree-granting 2-year academic year tuition reporters

Overview
Institutional Characteristics Overview
Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data have been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Data Reporting Reminder:
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Changes to reporting for 2021-22:
- There are no changes to this survey component.

Common Errors
Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting.
- Part C, question 8 should only be marked 'YES' if your institution is EXCLUSIVELY distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally controlled housing?

   If your institution typically has this requirement but such requirement is temporarily suspended due to Coronavirus Pandemic, please answer Yes.

   If you answer Yes to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

   This is only a screening question, and your response does not show up on College Navigator.

   If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer No so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

   ○ No
   ○ Yes, and we do not make ANY (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

   If you answer Yes to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

   Please only select Yes if you really charge different tuition rates, or you will be reporting the same numbers 3 times.

   ○ No
   ○ Yes

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

   If your institution typically offers institutionally-controlled housing but has temporarily suspended such offerings due to Coronavirus Pandemic, please answer Yes.

   If you answer Yes to this question, you will be expected to report a board charge or combined room and board charge (D10).

   ○ No
   ○ Yes - Enter the number of meals per week in the maximum meal plan available
   ○ Yes - Number of meals per week can vary (e.g., students charge meals against a meal card)

Part D - Student Charges - Cost of Attendance

11. Cost of attendance for full-time, first-time students:
Please enter the amounts requested below for each Cost of Attendance (COA) category. These data will be made available to the public on College Navigator. If your institution participates in any Title IV programs (e.g., Pell, Direct Loans), you must provide all information. Estimates of expenses for books and supplies, room and board, and other expenses are those from the COA report used by the financial aid office in determining financial need. Please confirm with your institution’s financial aid office the correct values for these COA categories, as its staff are most familiar with federal guidance (e.g., Federal Student Aid Handbook) and professional standards in determining COA.

Notes:
- If your institution offers room (housing) but does not offer board, refer to your institution's COA budgets to report an estimate of how much students would spend on board.
- Similarly, if your institution offers board but does not offer room (housing), refer to your institution's COA budgets to report an estimate of how much students would spend on room.

If the 2021-22 tuition and/or fees as reported on this page for full-time, first-time students are covered by a tuition guarantee program, check the applicable box(es) under 'Tuition Guarantee'. Additionally, please indicate the maximum % increase that is guaranteed. These numbers are expected to be fairly small. Please contact the Help Desk if you are confused about these values and how to report them.

---

**Purpose of Survey**

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

**Changes in reporting**

There are no changes to this survey component.

For 2021-22 changes, please review the preview screens available on the Survey Materials page.

**General instructions**

**Context Boxes**

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the College Navigator Website, which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the College Navigator Website; institutions should check grammar and spelling of their entries.

**Coverage**

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

**A. Who to include**

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other recognized postsecondary credential.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a recognized postsecondary credential or the completion of a vocational program.
- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other recognized postsecondary credential.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.
- Students in Experimental Pell Programs.

Reporting Directions

**Part A - Mission Statement**

*Mission Statement*
Provide your institution's mission statement or a web address (please select http:// or https://) where the statement can be found. Typed statements are limited to 2,000 characters. The mission statement will be available to the public on College Navigator.

**Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members**

*Services and Programs for Military Servicemembers and Veterans*
Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 Bill Yellow Ribbon Program, please choose this **only** if the Yellow Ribbon Program is available at your institution.
**Part C - Student Services**

**Special learning opportunities**

**Special credit**
Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

**Special learning opportunities**
Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

**Years of study required for entry (Not applicable to less-than-4-year institutions)**
If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

**Student services**

**Other Student services**
Indicate which of the listed services are offered by your institution.

**Library**
Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

**Alternative tuition plans**
Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

**Distance education**
Distance education uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

**Distance education course**
A course in which the instructional content is delivered exclusively via distance education.

**Distance education program**
A program for which all the required coursework for program completion is able to be completed via distance education courses.

**Distance education levels**
Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

**Exclusively distance education programs**
Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

**Disabilities**
Please indicate the percentage of all undergraduate students enrolled during the time period indicated who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

**Part D - Student Charges**

**Screening questions**
If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

**On-campus or institutionally controlled off-campus housing requirement**
Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**
This question is a screening question, and does not appear on College Navigator. Please respond correctly.

**Tuition based on residence**
Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

**Institutionally controlled housing**
Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

**Meal plans**
Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

**Tuition and fees for undergraduate students (academic year reporters) (Part D – Undergraduate Student Charges)**

**Undergraduate students include:**
- Students who have not attained a bachelor’s degree;
- Students in bachelor’s degree programs that require at least 4 years but fewer than 6 years of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor’s degree program.

**Undergraduate application fee**
If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student’s application for admission to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

**Tuition and required fees for undergraduate students**
This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.
Since tuition and required fees and room and board charges may be different for varying groups of full-time undergraduate students at an institution, adhere to the following rules regarding reporting:
- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected ‘yes’ for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

**Per-credit-hour charges for part-time undergraduate students**
Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. Do not include fees. If you selected ‘yes’ for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

**Tuition and fees for graduate students (Part D – Graduate Student Charges)**
Graduate students include any student who holds a bachelor's degree or equivalent and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee
If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admission to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students
Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- Do not include doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students
Enter the dollar amount the institution most frequently charges to part-time graduate students per credit hour of instruction. Do not include fees. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees
Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)
Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board (Part D – Room and Board)
Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.
Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

Academic year reporters cost of attendance for full-time, first-time undergraduate students (Part D – Cost of Attendance)
If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.
This question requires working with your student financial aid office.
Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the FULL ACADEMIC YEAR in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses must match the amounts used by your financial aid office for determining eligibility for student financial assistance. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.
Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).
Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.
Room and Board:
- If your institution offers room (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers board but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.
Program reporters cost of attendance (Part D – Cost of Attendance)

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under ‘Reporting the next 5 largest programs’ to report these data. For public institutions, report the in-state or in-district costs if applicable.

Reporting the largest program by enrollment

Errors can be corrected in the Student Financial Aid component in the Winter.
This question requires working with your student financial aid office.

The “largest” programs are determined by enrollment size and NOT program length. Use total enrollment size from the last reporting year, as the total current year enrollment is unknown. Enrollment includes students enrolled for credit regardless of full-time/part-time status or if they are Title IV eligible.

This section asks questions about the largest program by enrollment your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in clock or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in clock or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses FOR THE TIME PERIOD INDICATED (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs by enrollment

This section asks questions about the next 5 largest programs by enrollment your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- Only if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in clock or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Part E - Athletic Association

Indicate if the institution is a member of a national athletic association.
For institutions belonging to NCAA or NAIA, select the conference (by sport) from the pull-down menu provided.

Part F - Campus information

For campuses, refer to the instructions on the appropriate screen.
