IC Header Overview
Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

The IC Header should be completed based on the current year. Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have ANY questions about what you need to report.

The IC Header data affect other survey components in the following ways:
- The Educational Offerings question verifies your institution's inclusion in IPEDS.
- The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
- Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
- Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
- The Open Admission question determines whether the Admissions component will be required in the Winter collection.
- The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring collection. This question is asked of degree-granting institutions only.
- The operations question for new institutions determines reporting of 12-month enrollment (E12).

Data Reporting Reminder:
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Changes to reporting for 2021-22:
- There are no changes to IC Header for 2021-22.

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

若您机构不提供职业或学术项目，您不必完成本问卷或其他IPEDS调查。

- **Occupational**, may lead to a certificate, degree, or other recognized postsecondary credential
- **Academic**, may lead to a certificate, degree, or diploma
- **Recreational or avocational (leisure) programs**
- **Adult basic** or remedial instruction or high school equivalency
- **Secondary (high school)**
Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

   Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions’ appearance to students. If you reported incorrectly in a previous year, please contact the IPEDS Help Desk at 877.225.2568 to correct the error.

   - Public - Select primary and/or secondary controls below
     - Primary control
     - Secondary control (if applicable)
   - Private for-profit
   - Private not-for-profit independent (no religious affiliation)
   - Private not-for-profit religious affiliation - Select affiliation below

2. What award levels are offered by your institution? [Check all that apply]

   Award Levels reported should be completed based on the current year. When reporting award levels for subbaccalaureate certificates (levels 1a, 1b, 2, and 4), determine program length by the number of credit or clock hours.

   The “Other” award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the “Other” category.

   Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a, 1b, 2, or 4, depending on the length of the Teacher Preparation program.

Yes, I confirm that I reviewed the award levels offered by my institution above.

You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).
3. What is the predominant calendar system at the institution? [Choose one]

**Academic Year Reporting Method** (Standard academic terms)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT, and student charges data for a full ACADEMIC YEAR:

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

**Program Reporting Method** (Other calendar system)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM:

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

**Hybrid/Mixed Reporting Method** (Standard academic terms, other academic calendar)
Selecting the hybrid calendar type determines that your institution will provide Graduation Rates data based on a FULL-YEAR COHORT, student charges data for a full ACADEMIC YEAR, and Student Financial Aid data for students enrolling between August 1 and October 31:

- Hybrid (Other academic calendar)
Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?
Include all levels offered by your institution, even if there are no students currently enrolled at that level.
Responses to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Spring collection. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

6. For academic year 2018-19, did your institution enroll any full-time, first-time students?
If you answer Yes to this question, you will be required to provide Graduation Rates data for the 2018-19 cohort in the winter collection. If you answer No to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2018-19 Fall Enrollment survey, the data will be preloaded below.

- No
  - ☐ This institution did not enroll full-time, first-time degree/certificate-seeking students.
  - ☐ This institution was not in operation in 2018-19.
- Yes

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization
Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? Do NOT indicate a religious affiliation here; that information is collected separately.

If you need assistance, contact the IPEDS Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

○ No, this institution IS NOT a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

○ Yes, this institution IS a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System
Part C - Other Survey Screening Questions - Open Admission

1. Does your institution have an open admission policy for all or most entering first-time students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

If your institution does not have an open admission policy, you will be required to report Admissions component on your admissions procedures and admissions yield.

- No
- Yes

You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).
Part C - Other Survey Screening Questions - Library Access and Expenses

2. Does your institution have access to a library collection?
   - No
   - Yes (receives Academic Libraries component)

   Were your annual total library expenses for Fiscal Year 2021 greater than zero?
   - No
   - Yes (receives Academic Libraries component)
Part C - Other Survey Screening Questions - Levels of Enrollment Offered

3. Was your institution in operation during the academic year 2020-2021?

*If you answer Yes to this question, you will be able to specify the levels of enrollment offered at your institution during 2020-2021 and to report 12-month enrollment during the fall collection.*

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

Changes in reporting

There are no changes to this survey component.

For 2021-22 changes, please review the preview screens available on the Survey Materials page.

General instructions

Reporting period covered

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the College Navigator Website, which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the College Navigator Website, however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.
Coverage
Carefully read each question in the Institutional Characteristics Header (IC-H) survey to ensure that you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to Include
- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other recognized postsecondary credential, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination
- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to Include
- Students enrolled exclusively in courses **not creditable** toward a recognized postsecondary credential
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor’s - professional practice (previously first-professional), since they have already received their Doctor’s degree
- Students studying abroad (e.g., at a foreign university) if their enrollment at the "home" institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country
- Students in Experimental Pell programs.

Reporting Directions

**Part A - Educational Offerings**
Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes
avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

**Part B – Organization**

**Institutional Control or Affiliation**
Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresent your institution to the public on College Navigator and other search tools that use IPEDS data, and place your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

**Award Levels**
Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CLOCK or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
  - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
  - One academic year equals 900 clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1a and b, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.
- Award levels 3, 5, 7, 17, 18, and 19 indicate degree levels for which the institution is authorized to make recognized postsecondary credentials.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 ("Other") and specify or describe the award in the context box. Because there are few programs that fall under "Other" please contact the Help Desk if you are considering selecting Level 12.

**Calendar System**
Indicate the predominant calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

**Note:** Calendar system selection determines reporting in many other IPEDS components. Be sure that the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
  - Use a Fall cohort for Graduation Rates.
  - Report tuition and fees and cost information based on a full academic year.
  - Report Fall Enrollment using students enrolled as of October 15, or the official Fall reporting date used by the institution. This Fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
  - For Student Financial Aid, report aid for an academic year.

- **Program-by-program or continuous enrollment basis**
  - Report tuition and fees and books and supplies information by program for the entire length of the program. For living expenses, report costs for 4 weeks (1 month). Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
  - Report Fall Enrollment using students enrolled in the institution at any time between August 1 and October 31.
  - For Student Financial Aid, report aid for the largest program for an academic year.

- **Hybrid academic calendar** (If you are considering selecting the "Other academic calendar" option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
  - Use a full-year cohort for Graduation Rates.
  - Report Fall Enrollment using students enrolled in the institution at any time between August 1 and October 31.
  - Report tuition and fees and cost information based on a full academic year.
  - For Student Financial Aid, report students enrolled in the prior academic year between August 1 and October 31, and the aid for an academic year.

**Student Enrollment**
Enrollment of full- and part-time students
Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.
Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check "yes" for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

**Doctor’s - professional practice**

Indicate whether your institution offers any of the listed Doctor’s - professional practice programs. If your institution offers Doctor's -professional practice programs but does not offer any of the listed programs, indicate no.

**GR cohort question.**

- 4-year institutions. Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter collection.
- Less-than-4-year institutions. Indicate if your institution had any full-time, first-degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter collection.

**Multi-institution or Multi-campus Organization**

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the IPEDS Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

**Part C - Other Survey Screening Questions**

**Open admission policy**

Check Yes if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution’s admission policy or talk to someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

**Library Access and Expenses**

Indicate whether the institution has access to a library collection and/or the annual total library expenses at your institution were greater than zero for Fiscal Year 2021. Fiscal Year 2021 is defined as the most recent 12-month period that corresponds to your institution’s fiscal year that ends before October 1, 2021.

A library collection is defined as “comprising documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems.”

Expenses include funds expended by the library (regardless of when received) from its regular budget and from all other known sources; e.g., research grants, special projects, gifts and endowments, and fees for services. Those libraries in consortia or those that share all their resources with another institution, please report whether the total annual library expenses at YOUR institution were greater than zero in Fiscal Year 2021.

If the institution does not have access to a library collection and the institution’s library expenses are equal to 0, you will not be asked to complete the Academic Libraries (AL) component in the Spring.

**Levels of Enrollment**

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is "Yes", they should also indicate the levels that were offered.
Part D - Branch campus

For branch campuses, refer to the instructions on the appropriate screen.
