Student Financial Aid for institutions with graduate students only

Overview

IPEDS Student Financial Aid Component Overview - Academic Reporters
Welcome to the Student Financial Aid (SFA) component. As a graduate school, the purpose of the SFA component is to collect information about your students who have received military/veteran educational benefits.

Data Reporting Reminders:
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.

Total number and amount will be asked for both undergraduate and graduate students. Please work with your institutional representative who certifies such benefits. They may not be associated with the student financial aid office.
- Data Reporting Tips
  - If there are no students in a benefit category, please enter zero (0). Do NOT leave the cell blank.
- Interactive Edits and Error Messages
  - SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

Section 2: Screening Question

1. Did your institution disburse military tuition assistance and/or veteran's benefits?

   - No
   - Yes

The notes below provide context for the data you've reported above and may be posted on the College Navigator website. Choose one option that best explains your data or choose "Non-applicable" if you do not wish to provide context notes. If none of the options provided explain your institution's data, then choose "Other" and write your own context notes. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Non-applicable
Section 2: Military Servicemembers and Veteran's Benefits

Important Note:
- Report for Department of Defense Tuition Assistance Program: October 1, 2020 - September 30, 2021

Program reporters should be reporting the information on this screen for ALL programs (not just the largest program).

Reporting Reminders:
- Report the total number of student recipients and the total dollar amounts for each program.
- Student recipients can also include eligible dependents.
- Consult with your campus certifying official, who may not be in the student financial aid office.
- For Post-9/11 GI Bill Benefits, do not include the matching institutional aid provided through the Yellow Ribbon Program if your institution participated.
- Information reported to IPEDS is only what is known to the institution.
- Enter zero (0) if your institution did not have beneficiaries for a program. Please do not leave a cell blank.

Purpose of Component

The purpose of the Student Financial Aid (SFA) component is to collect information about the financial aid provided to various groups of undergraduates in order to meet requirements of the Higher Education Act of 1965, as amended. Starting in the 2014-15 data collection year, SFA has expanded to collect information on the federal dollars supporting military servicemember and veteran undergraduate and graduate students.

As presented in the Technical Review Panel Report #36 (March 2012), the increase in beneficiaries and federal dollars has led to an increased demand for information to help prospective students decide where to use their educational benefits, researchers to study the impact of the programs on college outcomes, and policymakers to assess the effectiveness of benefits programs and return on investment.

Who Must Report

All registered IPEDS institutions that educate military servicemembers, veterans, or eligible dependents receiving any Tuition Assistance Program or Post-9/11 GI Bill benefits. Report only those that RECEIVED the benefit(s).

Changes in reporting

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

General Instructions

What You Will Need

If you are unfamiliar with these educational benefits, a general synopsis of each program is found below.

1. Post-9/11 GI Bill
   - Effective August 1, 2009, benefit provides payment of tuition and fees, monthly housing allowance, and books and supplies stipend.
   - Tuition and fees are paid directly to the institution on behalf the students; thus, institutions should know which students have Post-9/11 GI Bill benefits and the amount of benefits received at the institution.
   - Educational benefits can be transferred to a dependent.
   - Program expanded in 2011 to cover non-degree-granting programs, apprenticeships/on-the-job training programs, flight training programs, and training correspondence.
   - The Yellow Ribbon program through the Post-9/11 GI Bill is an institutional aid matching program only for tuition and fees for students attending participating institutions.
   - For more information, visit the Department of Veteran Affairs, Post-9/11 GI Bill Benefits website http://www.benefits.va.gov/gibill/post911_gibill.asp
2. Department of Defense Tuition Assistance Program (DOD TAP)
   - For active duty servicemembers, reservists called to active duty, and their spouses.
   - Educational payments cover only tuition and fees and are made directly to the institution.
GI Bill benefits can be used to supplement costs not covered by this program. For more information, visit the Department of Defense Tuition Assistance Program website http://www.dodmou.com/ and see 38 USC § 36 (2020). Consult and verify the data with your institutional representative who certifies these benefits. This individual or office may not be in the student financial aid office.

About the Data
The Post-9/11 GI Bill and Tuition Assistance programs may only highlight two of many educational benefits provided to military servicemembers and veterans. However, from a national perspective, Post-9/11 GI Bill and Tuition Assistance programs are more likely to be found across over 7,500 IPEDS institutions.

For Yellow Ribbon participating institutions, the institutional aid provided through the Post-9/11 GI Bill Yellow Ribbon matching program should NOT be included in the Post-9/11 GI Bill’s Total dollar amount of benefits/assistance awarded through the institution.

Context Boxes
Optional context boxes throughout the component allow institutions to provide more information regarding reported data. Note that the information in these context boxes may be posted on the U.S. Department of Education’s College Navigator website. NCES will review entries in these context boxes for applicability and appropriateness before posting them on College Navigator. However, institutions should ensure that entries in these context boxes are free from grammatical and spelling errors and are written so they can be understood by students and parents.

Interactive Edits
This component contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 or ipedshelp@rti.org for resolution.

Coverage
Reporting Period
The data reported for the Post-9/11 GI Bill benefit questions should be for the prior academic year, from July 1 to June 30. For example, for the 2021-22 data collection year, the data reported will be July 1, 2020-June 30, 2021.

The data reported for the Department of Defense Tuition Assistance Program questions should be for the prior academic year, from October 1 to September 30. For example, for the 2021-22 data collection year, the data reported will be October 1, 2020-September 30, 2021.

Detailed Instructions
This section provides line-by-line instructions for the Military Servicemember and Veteran Benefits questions.
Screening Question. For graduate schools only, a screening question will ask if your school certified any military tuition assistance or veteran benefits in the prior academic year. If the answer is 'Yes,' you will be directed to the next question. If 'No,' you have completed this portion of SFA. A context box is also provided for further explanation of your response. Please see in the earlier part of these instructions on the use of Context Boxes.

Benefits Question. For the Post-9/11 GI Bill benefit, please provide in the first column the number of students receiving the benefit during the July 1-June 30 reporting period (see coverage above). In the second column, provide the total dollar amount for each benefit during the same reporting period.

For the Department of Defense Tuition Assistance Program benefit, please provide in the first column the number of students receiving the benefit during the October 1-September 30 reporting period (see coverage above). In the second column, provide the total dollar amount for each benefit during the same reporting period.

If your institution did not have any student beneficiaries for one of the benefit programs, enter a zero (0) in the cell. In other words, do NOT leave the cell blank for a program that did not have any beneficiaries.

For Yellow Ribbon participating institutions, the institutional aid provided through the Post-9/11 GI Bill Yellow Ribbon matching program should NOT be included in the Post-9/11 GI Bill's Total dollar amount of benefits/assistance awarded through the institution.
