**COMPLETIONS SURVEY**

**1996-97**

NOTE - The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094(a)(17).

The collection and reporting of racial/ethnic data on this survey are MANDATORY for all institutions which receive, are applicants for, or expect to be applicants for Federal financial assistance as defined in the Department of Education (ED) regulations implementing Title VI of the Civil Rights Act of 1964 (34 CFR 100.13), or defined in any ED regulations implementing Title IX of the Education Amendments of 1972. The collection of racial/ethnic data in vocational programs is mandated by Section 421(a)(1) of the Carl D. Perkins Vocational Education Act.

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by P.L. 103-382, National Education Statistics Act of 1994, Sec. 404(a).

Please correct any errors in the name, address, and ZIP Code.

**PURPOSE OF THE SURVEY**

The primary purpose of this survey is to collect basic data on the number of recognized completions in postsecondary education programs by the type of program, level of award, and degree conferred; to monitor changes in postsecondary education completions; and to promote research involving patterns of degrees conferred. The survey is being conducted in compliance with the Center's mission "to collect, analyze, and disseminate statistics and other information related to education in the United States . . . ." (P.L. 103-382, National Education Statistics Act, Sec. 404(a)).

**USES OF DATA**

Completion data constitute the only national source of information on the availability and location of highly trained manpower. Information on completers of postsecondary education programs is used extensively by Federal and State government agencies for manpower planning; by business and industry and other groups for recruiting purposes; and by researchers and others to study manpower supply and demand.

**CERTIFICATION** - I certify that the information given in this report is correct and true to the best of my knowledge and was prepared in accordance with accompanying instructions. Willfully false statements on this report are punishable by law, U.S. Code, Title 18, Section 1001.

COMPLIANCE REQUIREMENTS  
FOR THE OFFICE FOR CIVIL RIGHTS

The Office for Civil Rights (OCR) and the National Center for Education Statistics (NCES), with the approval of the Office of Management and Budget, cooperate in the collection of racial/ethnic information from all postsecondary institutions for the Completions survey. Section 100.6(b) of the regulations implementing Title VI of the Civil Rights Act of 1964, set forth below, and similar provisions of the Title VI regulations of other Federal agencies, authorize collection of this information.

100.6(b) Compliance Reports – Each recipient shall keep records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times and in such form and containing such information as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case of any program under which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.

Part B — CLARIFYING QUESTIONS  
 AWARDS/DEGREES CONFERRED BETWEEN JULY 1, 1996 AND JUNE 30, 1997

C

1. Double Majors

In Part A of this survey, degrees to students with double majors are to be reported once, in the field in which the degree was awarded. (NOTE — This is different from students receiving two degrees — these are both reported in Part A.) The second component of the double major is not reported, which may result in misleading undercounts of some fields of study. In order to gauge the magnitude of this situation, NCES is asking institutions to provide counts of the number of associate's, bachelor's, master's, and doctor's degrees reported in Part A that were awarded with double majors.

DEGREE LEVEL	Men	Women
a. Associate's		
b. Bachelor's		
c. Master's		
d. Doctor's		

2. Awards conferred at branch campuses in foreign countries

In the space provided below, please indicate the total number of awards by level conferred by branch campuses in foreign countries between July 1, 1996 and June 30, 1997. NOTE — The counts are NOT included in Part A totals.

AWARD LEVEL	MEN	WOMEN
a. Less than 1 year		
b. At least 1 but less than 2 years		
c. Associate's degrees		
d. At least 2 but less than 4 years		
e. Bachelor's degrees

## GENERAL INSTRUCTIONS — C

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

### INSTITUTIONAL IDENTIFICATION

In the space provided on the front page of this report make any necessary corrections to the preprinted address information. Also, enter the name, title, area code and telephone number of the person responsible for completing the report.

### PERIOD OF REPORT

All degrees and other formal awards conferred by your institution between July 1, 1996 and June 30, 1997 should be reported on this form.

### COVERAGE

Report all degrees and awards conferred during the reporting period. Awards/degrees earned but not yet conferred should be reported in next year's survey. If an individual received two degrees at different levels (e.g., a bachelor's degree at the end of the summer session and a master's degree at the end of the academic year), report each degree in its appropriate classification.

*Exclude from this report —*

- Degrees and awards conferred by branches of your institution located in foreign countries (*see Part B, Question 2*)
- Honorary degrees and awards

### PROGRAM CLASSIFICATION

This form uses the 1990 version of the Classification of Instructional Programs (CIP) to identify the specific programs in which completions should be reported. A complete list of the CIP codes and program titles is included in the IPEDS package.

#### Part A — Postsecondary Completions

Part A applies to all award levels ranging from postsecondary certificates of less than one year to doctorate level degrees. Include completions in academic as well as vocational or occupational programs.

**Preprinted programs —** The survey form includes a preprinted list of those programs with their corresponding 6-digit CIP codes and their appropriate award levels that have previously been reported by your institution. The award levels and their codes are noted at the top of Part A. Please verify these levels before completing this form. Note that a program and its 6-digit CIP code may be listed more than once if the program is offered at different award levels. For all programs with completions awarded at the level indicated, enter the number of awards conferred during the reporting period in the appropriate columns (*see Reporting Students by Racial/Ethnic Category and Sex*).

**Programs with no completions —** If, during the reporting period, your institution no longer offered one or more of the preprinted programs at the award level indicated, delete them by drawing a line through the program title(s). Do not delete a program/award level if you expect it to have completions in future years.

Enter zero (0) in the total columns if there were no completions in a program but your institution still offers the program at that level.

**Adding programs —** If awards were conferred in any additional 6-digit programs or levels that were not preprinted, proceed as follows:

- (a) Refer to the 1990 revised version of the Classification of Instructional Programs (CIP) booklet to determine the appropriate program title that most closely matches your program and enter the 6-digit CIP code and its program title in the appropriate column. *Do not report CIP's 21 and 32 through 37.* These refer to Technology Education/Industrial Arts and Personal Improvement and Leisure programs.
- (b) If no title on the CIP listing can be used to describe the program, either:
  - Enter the data under the "general" category (xx.0101); or
  - Enter the exact title of the program and assign the "other" code (xx.9999) in column 1. **DO NOT** develop any other new CIP code numbers.

NOTE — Use the "general" category to connote a program covering two or more 6-digit programs and the "other" category when no appropriate 6-digit program can be found.
- (c) Choose one of the 11 levels of awards listed at the beginning of Part A, and enter the correct code for each newly listed program in the Award level column.
- (d) Enter the number of awards conferred during the reporting period in the appropriate columns.

Photocopy as many blank pages as needed for additional reporting.

#### Award categories

Report all master's degrees using Award Level "7," except for the Master of Divinity degree which is classified as first-professional (Award Level "10").  
NOTE — Even though the master's degree is required in some fields (e.g., Library Science, Hospital Administration, or Social Work) for employment at the professional level, as in the case of Social Work, where four years of undergraduate work are required for entrance into the program and an additional two years for completion; these are to be reported as Award Level "7."

Post-master's certificates (Award Level "8") should include, but not be limited to, recognition granted to students who have completed all but their dissertation (ABD's) and thus are not seeking the doctor's degree; Candidate in Philosophy; and Specialist in Education (Ed. S.).

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

## GENERAL INSTRUCTIONS - C — Continued

### CLASSIFICATION OF DEGREES ACCORDING TO MAJOR FIELD OF STUDY

- Specific Classification — Classify degrees and awards as specifically as the list of CIP programs permits. Thus, report a bachelor's degree in Business Administration with a business economics major in Business/Managerial Economics (52.0601), not in Business, General (52.0101).
- Degree of Doctor of Philosophy — Classify the Doctor of Philosophy degree according to the student's major field of study. Thus, a Ph.D. in chemistry should be reported as a degree in chemistry, not as one in philosophy.
- Majors of Students Prepared to Teach — The general rule is to classify degrees according to the major area of specialization. This means that degrees to students who may be qualified to teach an academic subject, such as English, biology, or foreign languages, but did not pursue a program solely for the purpose of teaching, should be reported in English Language and Literature/Letters (23.xxxx), Biological Sciences/Life Sciences (26.xxxx), and Foreign Languages and Literatures (16.xxxx) respectively, not in Education (13.xxxx).

On the other hand, the degrees of students who have completed a program that is specifically preparing them to teach special subjects, such as agriculture, art, music, etc., should be reported in Agricultural Teacher Education (Vocational) (13.1301), Art Teacher Education (13.1302), Music Teacher Education (13.1312), etc.

- Split Majors — When a student graduates with a split major, report the award in the area of greater specialization, if possible. Otherwise, the award should be reported in the program closest to the combination. If neither of these approaches can be used, the award should be reported as follows:
  - If the split major involves two program specialties within the same program category, use the "general" or "multiple emphasis" program specialty. For example, a split major involving two languages should be reported in Foreign Languages and Literatures, General (16.0101); a major in history and political science should be reported under Social Sciences, General (45.0101).
  - If the split major involves program specialties from different program categories, the award should be reported under the one of greater specialization.

NOTE — All awards must be reported as whole numbers. Do not report fractions of an award.

- Double Majors — When a student graduates with a major in two program specialties, report the degree in the field in which the degree was awarded. NOTE — See Part B, *Clarifying Questions, for further reporting of double majors.*
- Two Degrees — If a student actually receives two degrees based on two independent courses of study, (e.g., one in Business and Management and one in Foreign Languages), report each degree under the appropriate program category.

- General Majors — The term "general major" is used to designate diversified curriculums within an area of study. Ordinarily, degrees based on a general major should be reported in one of the "general" program specialties of the CIP, e.g., Physical Sciences, General (40.0101); Social Sciences, General (45.0101); Mathematics (27.0101); etc.
- Multi/Interdisciplinary Studies — These refer to fields of study which represent two or more broad program categories, e.g., Mathematics and Computer Science (30.0801). These are found within the 2-digit CIP "30". If reporting awards under similar fields of study which are not in the current CIP listing, use "30.9999", making sure to specify the exact name of the multi/interdisciplinary study.
- Arts and Sciences or General Programs Not Organized in Occupational Curriculums — These are certificates or degrees based on less than four years of work in the arts and sciences or general programs not organized in occupational curriculums. Such awards should be reported under one of the Liberal Arts and Sciences, General Studies and Humanities (24.01xx) programs.
- First-professional degrees — First-professional degrees (Award Level "10") may be reported for the following program specialties:
  - Chiropractic (D.C., D.C.M.) (51.0101)
  - Dentistry (D.D.S., D.M.D.) (51.0401)
  - Medicine (M.D.) (51.1201)
  - Optometry (O.D.) (51.1701)
  - Osteopathic Medicine (D.O.) (51.1901)
  - Pharmacy (Pharm.D.) (51.2001)\*
  - Podiatry (D.P.M., D.P., Pod.D.) (51.2101)
  - Veterinary Medicine (D.V.M.) (51.2401)
  - Law (L.L.B., J.D.) (22.0101)
  - Theology (M.Div., M.H.L., B.D., or Ordination) (39.0602, 39.0603, or 39.0605)

\*NOTE — Report the Bachelor of Pharmacy degree as CIP 51.2001, Award Level 5.

### REPORTING STUDENTS BY RACIAL/ETHNIC CATEGORY AND SEX

This information is being collected in compliance with Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 (see Compliance Requirements, page 2) and Sec. 421(a)(1) of the Carl D. Perkins Vocational Education Act.

Method of collection — The manner of collecting racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data, which may be replicated by others when the same documented system is utilized. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should also be employed.

## GENERAL INSTRUCTIONS – C — Continued

### REPORTING STUDENTS BY RACIAL/ETHNIC CATEGORY AND SEX — Continued

Assignment to categories — For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic category.

Racial/ethnic designations are requested only for United States citizens, resident aliens, and other eligible non-citizens. (See *definitions below*.)

Racial/ethnic descriptions — Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. The categories are —

- Black, non-Hispanic — A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).
- American Indian or Alaskan Native — A person having origins in any of the original peoples of North America and who maintains cultural identification through tribal affiliation or community recognition.
- Asian or Pacific Islander — A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
- Hispanic — A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
- White, non-Hispanic — A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

Other descriptive categories

- Nonresident alien — A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

NOTE — Nonresident aliens are to be reported separately, in the columns provided, rather than included in any of the five racial/ethnic categories above. Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States and who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.

- Race/ethnicity unknown — This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the racial/ethnic categories during established enrollment procedures or in an any post-enrollment identification or verification process.

In columns (15) and (16), report the grand total of all award recipients for the program/award level specified, regardless of race/ethnicity or citizenship.

### Part B — Clarifying Questions

- Double majors — As specified in the instructions for Part A, degrees awarded to students who graduate with a double major are reported in the field in which the degree was awarded or one field is chosen for reporting purposes. Thus there is an underreporting of degrees in the other component program area of the double major. In order to begin measuring the magnitude of this situation, NCES is asking institutions to report by sex the total number of double majors awarded for associate's, bachelor's, master's, and doctor's degrees.
- Awards conferred at branch campuses in foreign countries — These degrees are not included in the Part A counts; however, NCES is requesting that these data be reported separately by level of award and sex of recipient.

GLOSSARY  
COMPLETIONS SURVEY — C

RACE/ETHNICITY — Categories used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. A person may be counted in only one group. The groups used to categorize U.S. citizens, resident aliens, and other eligible noncitizens are:

- Black, non-Hispanic
- American Indian or Alaskan Native
- Asian or Pacific Islander
- Hispanic
- White, non-Hispanic

RESIDENT ALIEN (and other eligible non citizens) — A person who is not a citizen or national of the United States and who has been admitted as a legal immigrant for the purpose of obtaining permanent resident alien status (and who holds either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian).

WHITE, NON-HISPANIC — A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).
