Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

INSTITUTIONAL IDENTIFICATION

In the space provided on the front page of this report, make any necessary corrections to the preprinted address information. Also, enter the name, title, area code, and telephone number of the person responsible for completing the report.

PERIOD OF REPORT

All persons on the payroll of the institution as of October 1, 1997 are to be included in this report.

PARTS A, B, C, AND D — FULL-TIME FACULTY, ALL OTHER FULL-TIME EMPLOYEES, ADDITIONAL INFORMATION (FULL-TIME STAFF ONLY), AND PART-TIME EMPLOYEES BY RACIAL/ETHNIC CATEGORY, SEX AND PRIMARY OCCUPATIONAL ACTIVITY

CATEGORIZATION OF EMPLOYEES BY EMPLOYMENT STATUS

In reporting employees, the following apply —

Report in columns 1—16 men and women by their full-time/part-time status of October 1 of this year. This status is to be determined by the institution. The attached definitions should assist in clarifying full-time/part-time status. Persons whose services are contracted by or donated to the institution should be reported only in Part E.

Each employee must be accounted for in only one of the occupational activity categories in Part A, lines 1—22 (full-time faculty), Part B, lines 23—71 (all other full-time employees), or Part D, lines 76—85 (part-time employees). If an employee is engaged in two or more separate activities, the employee should be reported according to his or her primary activity. The institution should determine what constitutes the primary activity.

Employees at off-campus centers associated with the campus covered by this report should also be reported.

Hospitals, medical centers, and other institutions which offer postsecondary education programs as only one of their primary missions should report ONLY staff who work full-time or part-time in the postsecondary education division or component of the institution. If an employee works full-time for the institution but only part-time in the postsecondary education division or component, for purposes of this survey that employee should be reported as part-time in his or her primary occupational activity in the post secondary education division or component.

The following instructions will assist in the assignment of employees to primary occupational activity categories.

- Executive, Administrative, and Managerial
Report all persons whose assignments require primary (and major) responsibility for management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department, or subdivision, etc. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgement and to direct the work of others. Report in this category all officers holding titles such as president, vice president, dean, director, or the equivalent, as well as officers subordinate to any of these administrators with such titles as associate dean, assistant dean, executive officer of academic departments (department heads, or the equivalent) if their principal activity is administrative.

NOTE — Supervisors of professional employees are included here, while supervisors of nonprofessional employees (technical, clerical, craft, and service/maintenance force) are to be reported within the specific categories of the personnel they supervise.

- *Full-time employees report in Part B on lines 23–32.*
- *Part-time employees report in Part D on line 76.*
- Faculty (Instruction/Research/Public Service)
Report all persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and who hold academic-rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of these academic ranks. If their principal activity is instructional, report in this category deans, directors, or the equivalent, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or the equivalent). Do not include student teachers or research assistants here, but report them on line 78 (part-time).
Librarians and counselors are normally reported in the other professionals category; however, some institutions treat them like faculty. If they are reported as faculty, the institution must also report them by tenure and academic rank (Part F).
Report adjunct faculty employed on a part-time basis or on a full-time basis (if they were employed the full year) in the primary occupation for which they were hired.
- *Full-time employees report in Part A.*
- *Part-time employees report in Part D on line 77.*

CLASSIFICATION OF EMPLOYEES BY RACIAL/ETHNIC CATEGORY AND SEX

Method of Collection — The manner of collection of the racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data, which may be replicated by others when the same documented system is utilized. An employer may acquire the racial/ethnic information necessary for this section either by visual survey of the work force or from post-employment records.

Race/Ethnicity. Categories used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. A person may be counted in only one group. Racial/ethnic designations are requested only for United States citizens, resident aliens, and other eligible non-citizens (*See definitions below.*)

Racial/ethnic descriptions — Racial/ethnic designations used in this survey do not denote scientific definitions of anthropological origins. The categories are:

- Black, non-Hispanic — A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).
- American Indian or Alaskan Native — A person having origins in any of the original peoples of North America or who maintains cultural identification through tribal affiliation or community recognition.
- Asian or Pacific Islander — A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
- Hispanic — A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

- White, non-Hispanic — A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

Other descriptive categories

- Nonresident alien — A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

NOTE — Nonresident aliens are to be reported separately, in the columns provided, rather than included in any of the five racial/ethnic categories above.

Resident aliens and other eligible (for financial aid purposes) non-citizens who are not citizens or nationals of the United States but who have been admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.

- Race/ethnicity unknown — This category is used ONLY if the employee did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the employee in one of the aforementioned racial/ethnic categories.

In columns 15 and 16, report the grand total of all staff employed in your institution regardless of race/ethnicity or citizenship.

PART E — CONTRACTED OR DONATED SERVICES

If the institution contracts with outside firms for services, either in whole or in part, or receives donated services, in whole or in part, (for example, volunteers, services provided by the System Office for which the institution is not charged) that would otherwise be provided by paid employees, report the number of full- and part-time individuals who are replacing employees of the institution, by occupational activity. Mark (X) in the box provided if the institution has no contracted or donated services. Under each occupational activity, enter "0" in both columns if there are no contracted or donated services in that occupational activity category.
