**INSTITUTIONAL
CHARACTERISTICS SURVEY**

1999–2000

Please read the accompanying instructions before completing this survey form. Respond to each item on this report in the space provided. Certain responses are preprinted. These responses were provided by your institution on the previous IPEDS Institutional Characteristics Survey form. If a response is preprinted, verify that it is correct. If a preprinted response is incorrect, cross out the existing incorrect response with a single line and clearly indicate the correct response.

RETURN TO

Make your changes in red so they are easily identified. Be sure to update the enrollment and tuition questions. Certain terms are defined in the Glossary which begins on page 5 of the instructions.

Please submit by October 1, 1999

**Changes from the 1998–1999 form for
1999–2000 INSTITUTIONAL CHARACTERISTICS SURVEY**

▶ **Part B — Organization and Accreditation**

The list of accrediting agencies has been updated to reflect the most recent information available.

▶ **Part D — Student Charges**

Questions 7, 8, and 9 now request separate reporting of tuition and required fees. In addition, a "per credit hour charge" is requested.

▶ **Part E — Enrollment and Instructional Activity**

The question on full-time, first-time degree-seeking undergraduates was deleted.

▶ **Part F — Additional Information**

A question was added to determine the institution's ability to respond to IPEDS via Internet.

PURPOSE OF THE SURVEY AND WHO SHOULD RESPOND

The primary purpose of the Institutional Characteristics (IC) component of IPEDS is to collect the basic data that identify and describe the universe of postsecondary education institutions in the United States and its outlying areas. Each institution or branch campus should file a separate report so that they can be listed in the Directory of Postsecondary Institutions.

USES OF THE DATA

Survey results will be used in a variety of ways. For example, they will be used as the source file for sample design for other postsecondary data collection activities. Other uses include generating basic counts of institutions in each state by type, control, and other key institutional characteristics; compiling directories of postsecondary education institutions that will be made available to the general public; and incorporating results into Career Information Delivery Systems throughout the nation. The data are extremely valuable for survey research design, statistical analysis, and general information purposes.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1850-0582. The time required to complete this information collection is estimated to vary from 1 to 2 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:** U.S. Department of Education, Information Management Team, Washington, DC 20202-4652. **If you have any comments or concerns regarding the status of your individual submission of this form, write directly to:**

**National Center for Education Statistics/IPEDS
U.S. Department of Education
555 New Jersey Avenue, NW
Washington, DC 20208-5652**

The definitions and instructions for compiling IPEDS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading.

NOTE

Part E requests data for academic year 1998–1999. Please read the definition of credit course in the Glossary before completing this section of the survey form.

Total activity

1. How many students were enrolled (total headcount) at your institution on October 15, 1998 (or your institution's official fall reporting date)? *This number should include students taking courses for credit as well as those enrolled in occupational and vocational programs. (NCES may have completed this question for you.)* →

Total headcount of students enrolled on October 15, 1998

2. How many students were enrolled (UNDUPLICATED count) during the 12-month period of July 1, 1998 through June 30, 1999? This number should include all students enrolled for credit as well as those enrolled in occupational and vocational programs. *Include all students reported in question 1 above plus all other students enrolled during the 12-month period. If another 12-month period is used, indicate the start date of the period.* →

Month	Day	Year

Be sure that your unduplicated counts in number 2 represent an entire 12-month period and that they total more than number 1 above.

3. Instructional activity is requested below **ONLY** for courses taken for credit as well as courses that are part of an occupational or vocational program. *Instructional activity is the enrollment in a course multiplied by the credit hour (or contact hour) value of the course.* Please read the survey instructions for Part E, question 3, before computing credit hour activity and/or contact hour activity. Do not convert credit hour activity into contact hour activity, or vice versa.

Courses measured in terms of credit hours should be included on lines a, c, and d, as appropriate. Undergraduate courses measured in terms of contact or clock hours should be included on line b. If your institution does not offer credit hour (or contact hour) courses at any of these course levels, leave the line(s) blank.

In the first column below, report instructional activity for the 12-month period described in question 2 on page 18. In the second column, report instructional activity for the fall term of 1998. If your institution has no fall term — *Mark (X) the box in that column and leave the column blank.*

GENERAL INSTRUCTIONS — IC

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

NOTE — The completion of this survey, in a timely and accurate manner, is MANDATORY for all institutions which participate or are applicants for participation in any Federal financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended. The completion of this survey is mandated by 20 U.S.C. 1094 (a)(17).

For those institutions not required to complete this survey on the basis of the above requirements, the completion of this survey is voluntary and authorized by 20 U.S.C. 1221e-1.

INSTITUTIONAL IDENTIFICATION

Mailing address — In this block, please provide the address to which IPEDS forms should be mailed. This address can be the physical location of the school or it may be the address of a central, system, or corporate office, or other branch campus located elsewhere.

Institution name and address — This is the full name of the institution covered by this report and the physical location of the institution, including 9-digit ZIP Code (if known), as it should appear in an institutional listing.

County or city location of institution — Provide the name of the county or independent city in which your entity is located.

Employer ID number — Enter the Employer Identification Number (EIN) which is the 9-digit number that the Internal Revenue Service (IRS) assigned to the institution for tax purposes.

OPEID — Enter or verify your Office of Postsecondary Education Identification number (OPEID) which is the 8-digit number that is used by the Department of Education for federal student financial aid eligibility purposes. This number can be found on your Program Participation Agreement (PPA). If your institution is not eligible to participate in Title IV programs please enter a "9" in this field. If a number has been pre-printed in this field, please verify that the OPEID is correct. If your institution does not have an OPEID (and it is not eligible for Title IV funding), a "9" may be pre-printed in the field.

D-U-N-S number — Enter or verify your Data Universal Numbering System code. This 9-digit number will be used as part of the Title IV Single Identifier Initiative and is assigned by the Dun & Bradstreet Information Corporation to any entity providing products, goods, or services.

Name and title of chief administrator of institution — Provide the name and title of the chief administrator of the entity covered by this report. (Example: President, Chancellor, Provost, etc.)

Respondent — Enter the name and E-mail address of the person responsible for completing this report.

Telephone numbers — These are the telephone numbers for the respondent, general information inquiries, the Financial Aid Office, and the Admissions Office.

Web site address — Enter the institution's general (or main) web site address if your institution maintains a home page on the Internet. Be sure to indicate where the address is case sensitive.

PART A — TYPES OF EDUCATIONAL OFFERINGS

This question is asked to verify the inclusion of the institution on the NCES/IPEDS list of institutions and agencies offering all types of postsecondary education. Postsecondary education is the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocational and adult basic education programs.

PART B — ORGANIZATION AND ACCREDITATION

The purpose of question 1 in this section is to identify the institution or entity that will be responsible for completing this and other IPEDS survey forms. For individual institutions this will simply be the institution itself. However, for groups of institutions organized into systems or corporations, an administrative unit (such as the central, system, or corporate office), or the main campus, or one of the branch campuses may complete separate survey forms for itself and for all of the campuses of the institution. If you believe that your response to this section does not adequately describe the reporting process in your organization, call your State Coordinator or the Census Bureau representative.

1. If this entity (institution or administrative unit) will complete any IPEDS survey forms for other institutions or branches, provide the information requested in this item. If this entity is an institution of postsecondary education, or branch of such an institution, also complete the rest of the survey. If this entity is an administrative unit only, stop after completing pages 1-5. All entities should return the completed survey to the address shown on page 1.
2. **Institutional control or affiliation** — Indicate the appropriate form of control or affiliation under which the institution operates. Affiliation with a religious group need not imply financial backing. Mark the appropriate religious affiliation. If the religious affiliation is Protestant or Other, specify the denomination. If more than one response is appropriate, mark all that apply, but do not indicate both public and private, or both nonprofit and profit-making.
3. **Award levels** — Check all applicable levels for all credit programs offered at this institution. Award levels are identified on the basis of either recognition for their completion, or duration, or a combination thereof.

Boxes (1), (2), and (4) — Note that these categories are differentiated on the basis of length of programs and refer to completions below the level of the baccalaureate degree. Do not designate the categories on the basis of the terminology used by the institution to describe these completions. All references to length of study should be interpreted to mean the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time periods. One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours of instruction.

Boxes (3), (5), (7), (9), and (10) Indicate those degree levels for which the institution is authorized to make formal awards.

REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES.

GENERAL INSTRUCTIONS – IC – Continued

Administrative unit — An administrative unit is the office in a multi-campus environment responsible for the completion of the IPEDS survey forms for the campuses (main and branch) of the school. An administrative unit conducts no classes. The administrative office for a one-campus school is not considered an administrative unit for IPEDS reporting purposes. If this entity, as named on page 1, box 1, is an administrative unit only, stop here and return the completed survey to the address shown on page 1.

- 4. No formal award programs** — Indicate whether this institution offers programs with stated occupational objectives and well-defined completion requirements that do not lead to a formal award.
- 5. Institutional accreditation** — Indicate the types of agencies which accredit this institution.
- 6. Regional accreditation** — Please indicate which regional association accredits your institution.
- 7. National institutional or specialized accreditation** — If this institution or any of its programs, departments, or schools is currently accredited by any of the national institutional or specialized accrediting agencies recognized by the Secretary, U.S. Department of Education which are listed on pages 7–9, mark the appropriate box(es) for all that apply.

PART C — CALENDAR, ADMISSION REQUIREMENTS, AND SERVICES

- 1. Calendar system** — Indicate the predominant calendar on which the institution operates. If programs are offered on **more than one** calendar, select the system under which **most** programs are offered. If there is no predominant calendar system at this institution, mark (X) box 5, 6, or 7, as appropriate. **Note: The way you answer this question should determine how you choose a cohort for reporting information on your IPEDS Graduation Rate Survey (GRS).** The GRS instructions state that if your institution offers a predominant number of programs based on standard academic terms (semesters, trimesters, or quarters), you are to report on the GRS using a **fall cohort**. If most of your programs are not based on standard academic terms (that is, you operate on a program by program or continuous enrollment basis), then you will report GRS information using a **full-year cohort**.
- 2. Location of course instruction** — Indicate all locations where credit or noncredit courses are offered. The intent of this item is to identify geographically dispersed sites used for instructional offerings. Do not use the category of "Abroad" to refer to study-abroad programs that involve travel or visitation in other countries.
- 3. Types of facilities used for course instruction** — Indicate all of the types of facilities at which credit or noncredit course instruction is offered. Do not include facilities such as rented space on or adjacent to primary campuses.
- 4. Course instruction at military installations** — Indicate whether your institution offers credit courses at military installations in states and territories and/or abroad.
- 5. Admission requirements** — This item refers to undergraduate credit programs only. Mark the types of information that are used as part of the selection process for freshmen entering your institution. Mark "no entering freshmen" if yours is an upper level, graduate, or first-professional only institution.
- 6. Further admissions requirements** — This item refers to institutions that limit entrance to students who have completed certain academic requirements. Indicate the level of completion required.

- 7. Modes of instruction** — For credit and noncredit activities separately, indicate from the choices listed all of the types of instructional delivery that are employed by the institution at any of its locations. This list is not intended to be exhaustive, and omits the more traditional instructional modes.

Work in a job-related setting with pay could include programs in which substantial periods of academic study alternate with work for pay in industries and occupations which are the objectives of the program. It could also include employment held simultaneously with instruction if the employment was considered an integral part of the program. Include research and teaching assistantships here.

Work in a job-related setting without pay could include student/practice teaching or unpaid internships.

- 8. Selected student services** — Indicate which of the selected services are provided for students at the institution. Mark "remedial services" if the institution has either required or voluntary activities designed to raise basic achievement levels or to improve basic skills. Include day care if the service is available, whether or not enrollees are charged a fee.
- 9. Library** — Indicate whether this institution has its own library, shares a library, or has no facility.

PART D — STUDENT CHARGES

It is recognized that tuition and required fees and room and board charges may not be the same for all students at an institution. Therefore, please be guided by the following —

- Report tuition and required fees charged to in-district, in-state and out-of-state students as requested.
- When reporting required fees, be sure to include all fixed sum charges which are REQUIRED of such a large proportion of all students that the student who does not pay the charges is an exception.
- Do not include any charges which are clearly optional.
- If the institution has a single lump-sum charge for tuition, required fees, and room and board, apportion the lump-sum charges among the appropriate categories so that tuition, fees, room, and board can be analyzed separately.

Data items to be completed.

- 1. Application fee** — If your institution charges an application fee for admission, indicate the amount.
- 2. Enrollment of full-time students** — Indicate if your institution enrolls any students on a full-time basis.
- 3. Basis for charging full-time students** — Indicate the method(s) by which full-time students most frequently are charged.

When reporting student charges information in the following questions, please choose the appropriate METHOD(S) OF REPORTING, according to how you answered question 3. Report charges BY PROGRAM, if your institution is organized such that students enter into a particular program and tuition and fees are assessed based on the program chosen. This method of reporting is particularly relevant to occupational and vocational programs. For example, a 1500 hour cosmetology program may cost \$2,500 for the **entire** program. Report by ACADEMIC YEAR, if charges are assessed by credit hour, quarter, semester, trimester, or term. **NOTE** — These charges **must** be converted to ACADEMIC YEAR charges.

If your institution uses **both methods**, that is, for some vocational/occupational programs, charges are assessed by program, while for academic programs, tuition and fees are charged by semester or term, then report **BOTH** ways.

GENERAL INSTRUCTIONS – IC — Continued

- 4. Number of programs** — Provide the total number of occupational/vocational programs offered by your institution.
- 5. Length of programs** — Indicate whether your institution offers occupational/vocational programs that are at least 300 contact hours or clock hours, or 6 semester or trimester hours, or 12 quarter hours.
- 6. Largest programs** — Provide the title, Classification of Instructional Program (CIP) code, in-state tuition and required fees for the total program, the cost of books and supplies for the total program, and the length of the program in contact hours.
- Enter the title of the program as designated by your institution.
 - Please note that English as a second language and GED courses are **not** to be included in IPEDS.
 - Refer to the enclosed NCES publication, the 1990 version of the Classification of Instructional Programs (CIP). Match your program title as closely as possible with a program listed in this publication. Enter the corresponding 6-digit code in the appropriate space.
 - Enter the total in-state tuition and required fees charged for the entire length of the program.
 - Enter the cost of books and supplies for the total program.
 - Report the full length of the program measured in contact or clock hours.
- 7. and 8. Typical tuition, required fees, and per credit hour charges for undergraduate and graduate students —**
- a. If your institution does not enroll full-time students at the level indicated, mark (X) box a, and skip to the next question.
 - b. Enter in columns (1) and (2), the dollar amount of tuition and required fees for a full academic year that are most frequently charged to each of the types of full-time students indicated. In column (3), provide the per credit hour charge for these same students.
 - c. Indicate the typical number of credit hours taken by a full-time student in a **full academic year**. Please provide a single figure, not a range of hours.
 - d. Indicate the spaces provided, the range of credit hours (minimum and maximum number) taken by full-time students in a full academic year for the tuition amount provided in column (1). For example, if students are charged the full-time tuition if they take 9 credit hours per semester (but are charged on a per credit hours basis if they take fewer than 9), then indicate 9 x 2 semesters, or 18 as the minimum. Similarly, if students may take as many as 18 or 20 credits per semester for the same full-time tuition charge, then calculate the maximum number of credit hours in the same manner.

NOTE – When completing column (1) tuition amount, if tuition is charged on a per credit hour basis, multiply the charge per credit hour by the number of hours that would normally be required **per academic year** to complete a degree or program at the level indicated.

Undergraduate students include: **(1)** those who have not obtained a bachelor's degree; **(2)** all students in bachelor's degree programs which require at least 4 years but fewer than 6 years of college work; and **(3)** all students in occupational or general study programs requiring 1, 2, or 3 years of college work and which are designed to prepare students for immediate employment, or to provide general education rather than as the first 1, 2, or 3 years of a bachelor's degree program.

Graduate students are those who have attained at least one standard bachelor's degree or first-professional degree and are or could be candidates for Master's or Doctor's degrees. DO NOT include candidates for the degrees of D.P.M., D.D.S., D.M.D., M.D., O.D., D.V.M., L.L.B., J.D., B.D., or other first-professional degrees; these are to be reported in question 9.

- 9. Tuition and required fees for first-professional programs** — Enter in the spaces provided the dollar amount of in-state and out-of-state tuition and required fees for an academic year charged to full-time students in each of the first-professional programs offered at this institution, or mark box **9a** if you have no full-time first-professional students.

In **9c**, enter the typical number of credit hours taken by a full-time first-professional student in a full academic year. Provide a single figure, not a range of hours.

- 10. and 11. Typical room and board charges** — Check the appropriate boxes in questions **10a** and **10b** to indicate if this institution provides room and board to students. Report the total dormitory capacity (number of students) for an academic year in **10a**, if applicable. Report the number of meals per week covered by the maximum meal plan in **10b**, if applicable. If there is not a fixed number of meals per week covered by the board charge, check the box provided for this purpose in **10b** instead.

Report the typical room charge (for an academic year) to a full-time student sharing a room with one other student in **11a**, if applicable. Report the board charge based on the maximum meal plan available (for an academic year) to a full-time student in **11b**, if applicable. DO NOT report the total of **11a** and **11b** in **11c**.

If this institution assesses a combined charge for room and board, report these charges separately in **11a** and **11b** if possible. If the room and board charge CANNOT BE SEPARATED, report the combined charge in **11c**.

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY

NOTE — Part E requests data for academic year 1998–1999. Please read the definition of credit course in the Glossary before completing this section of the survey form.

Total activity

- 1. Fall enrollment** — Report the total number of students enrolled for credit at your institution as of October 15, 1998, or on your institution's official fall reporting date. If your institution received the 1998 Fall Enrollment survey, report here the sum of columns 15 and 16 on line 29 of the survey. If your institution received the 1998 Consolidated survey instead, report the sum of columns 15 and 16 on line 29 of Part A of that survey. This number will include students taking courses for credit as well as those enrolled in occupational and vocational programs. This number will be preprinted on your form if your institution provided the data last year.
- 2. Unduplicated headcount during 12-month period Coverage** — Institutions should report an unduplicated count of the total number of students by level (undergraduate, graduate, or first-professional) enrolled during the 12-month reporting period in any courses leading to a degree or other formal award AND any students enrolled in courses that are part of a terminal vocational or occupational program. DO NOT report students whose only credit was at a branch campus in a foreign country.

DO NOT include interns or residents as those students have already received their first-professional degrees and are NOT included in surveys of fall enrollment.

GENERAL INSTRUCTIONS - IC — Continued

PART E — ENROLLMENT AND INSTRUCTIONAL ACTIVITY — Continued

How to report unduplicated headcount —

- Report students according to the level of their standing with the institution. Students who already hold a baccalaureate degree but are enrolled as an undergraduate for additional undergraduate courses should be counted as undergraduates. Students admitted with graduate standing should be counted as graduate students even if they are taking some undergraduate courses.
- In order to determine an unduplicated number of students enrolled, count each student only once during the 12-month period. Example 1: If a student enrolls in the fall term, drops out in winter, but enrolls again in spring, count that student once. Example 2: If a student is an undergraduate in the fall and a graduate in the spring, count the student at his/her highest level attained.

3. Instructional activity

Coverage —

Credit hour activity — Include instructional activity in all courses offered for credit that are measured in terms of credit hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include courses comprising part of a terminal vocational or occupational program that are measured in terms of credit hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer credit hour courses, leave a, c and d blank.

Contact hour activity — Include instructional activity in all courses offered for credit that are measured in terms of contact or clock hours, regardless of whether the student completes the course. (See the Glossary for the definition of "credit course.") Also include courses that are part of a terminal occupational or vocational program that are measured in contact or clock hours, regardless of whether these courses lead to a formal award by the institution. Include credit courses taken by high school students. Do not include credit courses that are audited by students, or credit courses of students studying abroad. If your institution does not offer contact hour courses, leave the line blank.

Total activity for 12-month period — Report the total credit hour and contact hour activity for all students for the entire year. Include all short courses as well as regular academic terms. *Read the instructions below entitled "How to compute instructional activity" before providing the 12-month instructional activity data.*

Activity in fall term — Report the total credit hour activity and contact hour activity for the previous fall term. These data should also be included as part of the 12-month instructional activity data. *Read the instructions below entitled "How to compute instructional activity" before providing the fall term instructional activity data.* If your institution has no fall term, leave this column blank and mark (X) in the space provided.

Level of course — The level of each course (undergraduate, first-professional, or graduate) should be the level of the course as designated by the institution.

If there are courses that cannot be assigned to a single level (e.g., if some courses serve both undergraduates and graduates), partition the enrollment in the course based on the level of the student. For example, credit enrollment in a course may be partitioned between the undergraduate and graduate levels and the instructional activity for the course partitioned between 3a and 3c.

Special cases — If there are special cases where courses are not measured in terms of credit hours or contact hours (such as first- professional programs), use the worksheet area following Part E, question 3 to estimate instructional activity.

How to compute instructional activity —

Credit hour activity — In computing credit hour activity, include ONLY those courses offered for credit that are measured in terms of credit hours, as well as courses that are part of an occupational or vocational program that are measured in terms of credit hours. **DO NOT CONVERT CONTACT HOUR ACTIVITY INTO CREDIT HOUR ACTIVITY.** To determine the credit hour activity for a course, multiply the CREDIT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term and the 5th day of each summer or short term.)

Example: The credit hour activity for a 3-credit course with an enrollment of 30 students is 90 credit hours. Using this method, compute the credit hour activity for each course and then sum the activity for all credit hour courses for the specified period (12-month period or fall term).

Contact hour activity — In computing contact hour activity, include ONLY those courses offered for credit that are measured in terms of contact or clock hours, as well as courses that are part of an occupational or vocational program that are measured in terms of contact or clock hours. **DO NOT CONVERT CREDIT HOUR ACTIVITY INTO CONTACT HOUR ACTIVITY.** To determine the contact hour activity for a course, multiply the CONTACT HOUR value of the course by the number of students enrolled in the course for credit. (**NOTE** — The contact hour value of a course is the number of hours per week that the course meets times the number of weeks the course is given. For example, a 3-week real estate licensure course that meets 15 hours per week has a value of 45 contact hours. The number of students enrolled in the course is the number enrolled at the close of the official add period for each term. If there is no official add period, report as of the 15th day of each regular term, and the 5th day of each summer or short term.)

Example: The contact hour activity for a 900-contact hour course with an enrollment of 20 is 18,000 contact hours. Using this method, compute the contact hour activity for each course and then sum the activity for all contact hour courses for the specified period (12-month period or Fall Term). If a course does not end within the 12-month period (e.g., if only 40 weeks of a 64-week course fall within the specified period 12-month period), see the special instructions below to determine the computation of instructional activity for these courses.

Special Instructions — If a course does not end within the specified 12-month period, the instructional activity for the course should be reported only for the number of weeks which do fall within the 12-month period. For example, if only 40 weeks of a 64 week course (which meets 15 hours per week and has an enrollment of 30 students) falls within the 12-month period, the contact hour activity for this course would be computed as follows: 40 weeks x 15 hours per week x 30 students = 18,000 contact hours.

GENERAL INSTRUCTIONS – IC — Continued

PART F — ADDITIONAL INFORMATION

- 1. Eligibility for Federal programs** — Indicate for which of these Federal programs the institution is eligible. This list is not intended to be exhaustive.
- 2. Job Training Partnership Act** — Indicate whether this institution offers instruction through the Job Training Partnership Act (JPTA).
- 3. Reserve Officers Training Corps** — Indicate whether this institution participates in programs under the sponsorship of the U.S. Armed Forces. Also indicate all those services that offer instructional programs recognized by this institution.
- 4. Internet Response Capability** — Institutions will be given the opportunity to respond to IPEDS using web-based survey forms beginning in the year 2000 with the Institutional Characteristics survey. Please indicate if your institution has the capability of responding by using an Internet web browser. If your institution's survey form(s) are completed by another institution, corporation, or system office, or by a state office, mark (X) that your institution does not complete the survey.
- 5. Athletic aid** — Please indicate if your institution offers athletic aid to students.
- 6. and 7. Athletic Affiliation** — Please indicate which athletic association your institution is affiliated with in question 5. For institutions belonging to NCAA or NAIA, individual conferences by sport should be reported in question 7.

GLOSSARY

INSTITUTIONAL CHARACTERISTICS – IC

ABROAD — Any geographic location not in the aggregate United States, which includes the 50 States, the District of Columbia, and the outlying areas.

ACADEMIC PROGRAM — Instructional program leading toward an associate's, bachelor's, master's, doctor's, or first-professional degree or resulting in credits that can be applied to one of these degrees.

ACADEMIC YEAR — The period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a 4-1-4 plan.

ACCREDITING AGENCIES — Agencies that establish operating standards for educational or professional institutions and programs, determine the extent to which the standards are met, and publicly announce their findings.

ADMINISTRATIVE UNIT — The administrative office in a multi-campus environment. This may also apply to the parent or lead campus in a system with one or more branch campuses.

ADMISSIONS TEST SCORES — Scores on standardized admissions tests or special admissions tests.

ADULT BASIC EDUCATION — Courses designed primarily for students 16 years of age and older to improve basic skills in reading, writing, and arithmetic. These courses are not intended to be part of a program leading to a high school degree, nor are they part of any academic, occupational, or vocational program.

APPLICATION FEE — The amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is *not* creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

ASSOCIATE'S DEGREE — An award that normally requires at least 2 but less than 4 years of full-time equivalent college work.

ATHLETICALLY-RELATED STUDENT AID — Any scholarship, grant, or other form of financial assistance, offered by an institution, the terms of which require the recipient to participate in a program of intercollegiate athletics at the institution.

AVOCATIONAL PROGRAMS — Instructional programs in personal interest and leisure categories whose expressed intent is NOT to produce postsecondary credits, nor to lead to a formal award or an academic degree, nor result in occupationally specific skills.

BACHELOR'S DEGREE — An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but NOT more than 5 years of full-time equivalent college-level work. This includes ALL bachelor's degrees conferred in a 5-year COOPERATIVE (WORK STUDY PLAN) PROGRAM. A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. Also, includes bachelor's degrees in which the normal 4 years of work are completed in 3 years.

BOARD CHARGES — The charge for an academic year for meals for a specified number of days (or meals) per week. For this survey, please provide the board charge for the maximum meal plan offered by the institution.

BOOKS AND SUPPLIES — The average cost of books and supplies for a typical student for an entire academic year (or program). Do not include unusual costs for special groups of students (e.g., engineering or art majors), unless they constitute the majority of students at your institution.

BRANCH INSTITUTION — A campus or site of an educational institution that is not temporary, is located in a community beyond a reasonable commuting distance from its parent institution, and offers organized PROGRAMS of study, not just courses.

CERTIFICATE — A formal award certifying the satisfactory completion of a postsecondary education program.

CHIEF ADMINISTRATOR — The principal administrative official, or chief executive officer, responsible for the direction of all affairs and operations of a postsecondary education institution or that component of an organization that conducts postsecondary education and may report to a governing board.

CIP (CLASSIFICATION OF INSTRUCTIONAL PROGRAMS) — An NCES publication that provides a numerical classification and standard terminology for secondary and postsecondary instructional programs.

CIP CODE — A six-digit code in the form XX.XXXX that identifies instructional program specialties within educational institutions.

CLOCK HOUR — *See definition for contact hour.*

COLLEGE WORK STUDY PROGRAM (CWS) — (Higher Education Act of 1965, as amended, Title IV, Part C; Public Laws 89-329, 92-318, 94-482, et al; 42 USC 2751-2756b.) Provides part-time employment to eligible postsecondary students to help meet educational expenses. This program provides grants to institutions for partial reimbursement of wages paid to students.

CONTACT HOUR — A unit of measure that represents an hour of scheduled instruction given to students. Also referred to as clock hour.

CONTINUING PROFESSIONAL EDUCATION — Programs and courses designed specifically for individuals who have completed a professional degree (such as law, medicine, dentistry or social work) to obtain additional training in their particular field of study.

CONTINUOUS BASIS (CALENDAR SYSTEM) — A calendar system classification that is used by institutions that enroll students at any time during the academic year. For example, a cosmetology school might allow students to enroll and begin studies at various times, with no requirement that classes begin on a certain date.

CORRESPONDENCE — Method of instruction with students receiving structured units of information and accompanying material completely through the mail.

COUNSELING SERVICE — Activities designed to assist students in making plans and decisions related to their education, career, or personal development.

CREDIT — Recognition of attendance or performance in an instructional activity (course or program) that can be applied by a recipient toward the requirements for a degree, diploma, certificate, or other formal award.

CREDIT COURSE — A course that, if successfully completed, can be applied toward the number of courses required for achieving a degree, diploma, certificate, or other formal award.

CREDIT HOUR — A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system. It is applied toward the total number of hours needed for completing the requirements of a degree, diploma, certificate or other formal award.

DAY CARE SERVICE — A student service designed to provide appropriate care and protection of infants, preschool, and school-age children so their parents can participate in postsecondary education programs.

GLOSSARY — Continued INSTITUTIONAL CHARACTERISTICS – IC

DEGREE — An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.

DIFFERS BY PROGRAM (CALENDAR SYSTEM) — A calendar system classification that is used by institutions that have occupational/vocations programs of varying lengths. These schools may enroll students at specific times depending on the program desired.

DIPLOMA — A formal document certifying the successful completion of a prescribed program of studies.

DOCTOR'S DEGREE — The highest award a student can earn for graduate study. The doctor's degree classification includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology. For the Doctor of Public health degree, the prior degree is generally earned in the closely related professional field of medicine or in sanitary engineering.

DORMITORY CAPACITY — The maximum number of students that the institution can provide dormitory housing facilities for, whether on or off campus.

DUNS NUMBER — The Data Universal Numbering System code. This is a 9-digit number assigned by the Dun & Bradstreet Information Corporation to any entity providing products, goods, or services.

EMPLOYER IDENTIFICATION NUMBER (EIN) — This is the 9-digit number that the Internal Revenue Service (IRS) assigns to each entity for tax purposes.

EMPLOYMENT SERVICES FOR CURRENT STUDENTS — Activities intended to assist students in obtaining part-time employment as a means for defraying part of the cost of their education.

FALL TERM — That part of the academic year that begins between late August and November 1.

FIRST-PROFESSIONAL CERTIFICATE (POST- DEGREE) — An award that requires completion of an organized program of study designed for persons who have completed the first-professional degree. Examples could be refresher courses or additional units of study in a specialty or subspecialty.

FIRST-PROFESSIONAL DEGREE — An award that requires completion of a program that meets all of the following criteria: **(1)** completion of the academic requirements to begin practice in the profession, **(2)** at least 2 years of college work prior to entering the program, and **(3)** a total of at least 6 academic years of college work to complete the degree program, including prior required college work plus the length of the professional program itself.

First-professional degrees may be awarded in the following ten fields —

- Chiropractic (D.C. or D.C.M.)
- Dentistry (D.D.S. or D.M.D.)
- Medicine (M.D.)
- Optometry (O.D.)
- Osteopathic Medicine (D.O.)
- Pharmacy (Pharm. D.)
- Podiatry (D.P.M., D.P., Pod.D.)
- Veterinary Medicine (D.V.M.)
- Law (L.L.B., J.D.)
- Theology (M. Div., M.H.L., B.D., or Ordination)

FOUR-ONE-FOUR PLAN — The 4-1-4 calendar consists of 4 courses taken for 4 months, 1 course taken for 1 month, and 4 courses taken for 4 months. There may be an additional summer session.

FRESHMAN — A first year undergraduate student.

FULL-TIME STAFF — Persons on the payroll of the institution (or reporting unit) and classified by the institution as full-time. Includes faculty on sabbatical leave, and persons who are on leave but remain on the payroll.

FULL-TIME STUDENT —

- **Undergraduate** — A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term.
- **Graduate** — A student enrolled for 9 or more semester credits, or 9 or more quarter credits, or students involved in thesis or dissertation preparation that are considered full time by the institution.
- **First-Professional** — As defined by the institution.

GRADUATE STUDENT — A student who holds a bachelor's or first-professional degree, or equivalent, and is taking courses at the postbaccalaureate level. These students may or may not be enrolled in graduate programs.

HEALTH EDUCATION ASSISTANCE LOAN (HEAL) — Federally insured loans to students attending eligible health professions schools. Section 730 of the Public Health Service Act requires HEAL schools to maintain records on student loans granted under this program.

HEARING IMPAIRED — Any person whose hearing loss is sufficiently severe to adversely affect their educational performance.

HIGH SCHOOL DIPLOMA OR RECOGNIZED EQUIVALENT — A document certifying the successful completion of a prescribed secondary school program of studies, or the attainment of satisfactory scores on the Tests of General Educational Development (GED) or another state specified examination.

HOME STUDY — Method of instruction designed for students who live at a distance from the teaching institution. Instructional materials are provided to the student through various media with structured units of information, assigned exercises for practice, and examinations to measure achievement, which in turn are submitted to the teaching institution for evaluation, grade assignment, and the awarding of credit.

IN-DISTRICT STUDENT — A student who is a legal resident of the locality in which he/she attends school and thus is entitled to reduced tuition charges if offered by the institution.

IN-STATE STUDENT — A student who is a legal resident of the state in which he/she attends school.

INSTITUTIONAL SYSTEM — Two or more institutions of higher education under the control or supervision of a single administrative body.

INSTRUCTIONAL ACTIVITY — The provision of course-work to students which can be measured in various terms.

JOB TRAINING PARTNERSHIP ACT (JTPA) — Legislation effective beginning Federal Fiscal Year 1984, enabling Private Industry Councils (PICs) in service areas defined within each state to support job training programs. Provisions of the legislation deal with the authority of the councils, the range of allowable programs, and special populations to be served.

LIBRARY — An organized collection of printed, microform, and audiovisual materials which (a) is administered as one or more units, (b) is located in one or more designated places, and (c) makes printed, microform, and audiovisual materials as well as necessary equipment and services of a staff accessible to students and to faculty. Includes units meeting the above definition which are part of a learning resource center.

GLOSSARY — Continued INSTITUTIONAL CHARACTERISTICS – IC

LOCAL EDUCATION AGENCY (LEA) — A public board of education or other public authority legally constituted within a State for either administrative control of or direction of, or to perform service functions for public elementary or secondary schools in **(1)** a city, county, township, school district, or other political subdivision of a State, **(2)** such combination of school districts or counties a State recognizes as an administrative agency for its public elementary or secondary schools, **(3)** any other public institution or agency that has administrative control and direction of a public elementary or secondary school, and **(4)** any other public institution or agency that has administrative control and direction of a vocational education program.

MASTER'S DEGREE — An award that requires the successful completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree.

MILITARY INSTALLATIONS — One or more buildings or sites owned or operated by the U.S. Army, Navy, Air Force, Marine Corps, or Coast Guard, including Reserves and National Guard.

MOBILITY IMPAIRED — Any person who must use a standard manual or electric wheelchair or other assistive device to move from place to place, or any person who otherwise finds stairs and other similar physical features impediments to movement.

NATIONAL INSTITUTIONAL ACCREDITATION — Institutional accreditation normally applies to an entire institution, indicating that each of its parts is contributing to the achievement of an institution's objectives, although not necessarily all on the same level of quality. The various commissions of the regional accrediting associations, for example, perform institutional accreditation, as do some national institutional accrediting agencies.

NONCREDIT COURSE — A course or activity having no credit applicable toward a degree, diploma, certificate or other formal award.

OCCUPATIONAL PROGRAM — A program of study consisting of one or more courses, designed to provide the student with sufficient knowledge and skills to perform in a specific occupation.

OFF-CAMPUS FACILITY — A teaching facility located some distance away from the educational institution which operates it.

OPEID — This is an 8-digit number assigned by the Office of Postsecondary Education (OPE) in the U.S. Department of Education to any entity, branch campus, or site location for federal financial aid purposes.

OPEN ADMISSION — Admission policy whereby the school will accept any student who applies.

OUT-OF-STATE STUDENT — A student who is not a legal resident of the state in which he/she attends school.

PART-TIME STUDENT

- **Undergraduate** — A student enrolled for either 11 semester credits or less, or 11 quarter credits or less, or less than 24 contact hours per week each term.
- **Graduate** — A student enrolled for either 8 semester credits or less, or 8 quarter credits or less.

PELL GRANT PROGRAM — (Higher Education Act of 1965, Title IV, Part A, Subpart I, as amended.) Provides eligible undergraduate postsecondary students with demonstrated financial need with grant assistance to help meet education expenses.

PERKINS LOAN PROGRAM (FORMERLY NATIONAL DIRECT STUDENT LOANS) — (Higher Education Act of 1965, Title IV, Part E, as amended, Public Laws 89-329, 92-318, et al; 20 USC 1087aa-1087hh.) Provides low interest loans to eligible postsecondary students (undergraduate, graduate, or professional students) with demonstrated financial need to help meet educational expenses.

PLACEMENT SERVICES FOR PROGRAM COMPLETERS — Assistance for students in evaluating their career alternatives as well as in obtaining full-time employment upon leaving the institution.

POSTBACCALAUREATE CERTIFICATE — An award that requires completion of an organized program of study requiring 18 credit hours beyond the bachelor's; designed for persons who have completed a baccalaureate degree, but do not meet the requirements of academic degrees carrying the title of master.

POSTBACCALAUREATE STUDENT — A student with a bachelor's degree, who is enrolled in graduate or first-professional courses.

POST-MASTER'S CERTIFICATE — An award that requires completion of an organized program of study of 24 credit hours beyond the master's degree, but does not meet the requirements of academic degrees at the doctor's level.

POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (LESS THAN 1 ACADEMIC YEAR) — Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in less than 1 academic year (2 semesters or 3 quarters) or in less than 900 contact hours by a student enrolled full-time.

POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (AT LEAST 1 BUT LESS THAN 2 ACADEMIC YEARS) — Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in at least 1 but less than 2 full-time equivalent academic years, or designed for completion in at least 30 but less than 60 credit hours, or in at least 900 but less than 1,800 contact hours.

POSTSECONDARY AWARD, CERTIFICATE, OR DIPLOMA (AT LEAST 2 BUT LESS THAN 4 ACADEMIC YEARS) — Requires completion of an organized program of study at the postsecondary level (below the baccalaureate degree) in at least 2 but less than 4 full-time equivalent academic years, or designed for completion in at least 60 but less than 120 credit hours, or in at least 1,800 but less than 3,600 contact hours.

POSTSECONDARY EDUCATION — The provision of a formal instructional program whose curriculum is designed primarily for students who are beyond the compulsory age for high school. This includes programs whose purpose is academic, vocational, and continuing professional education, and excludes avocation and adult basic education programs.

PREDOMINANT CALENDAR SYSTEM — The method by which an institution structures most of its courses for the academic year.

PRIVATE FOR- PROFIT (PROFIT-MAKING) INSTITUTION — A private institution in which the individual(s) or agency in control receives compensation other than wages, rent or other expenses for the assumption of risk.

GLOSSARY — Continued

INSTITUTIONAL CHARACTERISTICS – IC

PRIVATE INSTITUTION — An educational institution controlled by a private individual(s) or by a nongovernmental agency, usually supported primarily by other than public funds, and operated by other than publicly elected or appointed officials.

PRIVATE NONPROFIT INSTITUTION — A private institution in which the individual(s) or agency in control receives no compensation, other than wages, rent, or other expenses for the assumption of risk. These include both independent nonprofit schools and those affiliated with a religious organization.

PROGRAM — A combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution.

PROGRAM WITH NO FORMAL AWARD — Any formally organized program with stated educational objectives and well defined completion requirements that does not lead to a formal reward.

PUBLIC INSTITUTION — An educational institution whose programs and activities are operated by publicly elected or appointed school officials and which is supported primarily by public funds.

QUARTER CALENDAR SYSTEM — A calendar system in which the academic year consists of 3 sessions called quarters of about 12 weeks each. The range may be from 10 to 15 weeks. There may be an additional quarter in the summer.

REMEDIAL SERVICES — Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting.

REQUIRED FEES — Fixed sum charged to students for items not covered by tuition and required of such a large proportion of all students that the student who does NOT pay is an exception.

RESIDENCE — A person's permanent address determined by such evidence as a driver's license or voter registration. For entering freshmen, residence may be the legal residence of a parent or guardian.

ROOM CHARGES — The charges for an academic year for rooming accommodations of a typical student sharing a room with one other student.

SHARED LIBRARY — A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor.

SPECIALIZED ACCREDITATION — Specialized accreditation normally applies to evaluation of programs, departments or schools which usually are parts of a total collegiate or other postsecondary institution. The unit accredited may be as large as a college or school within a university or as small as a curriculum within a discipline. Most of the specialized accrediting agencies review units within a postsecondary institution which is accredited by one of the regional accrediting commissions. However, certain of the specialized accrediting agencies do accredit professional schools and other specialized or vocational or other postsecondary institutions which are free-standing in their operations. Thus, a "specialized" or "programmatic" accrediting agency may also function in the capacity of an "institutional" accrediting agency. In addition, a number of specialized accrediting agencies accredit educational programs within non-educational settings, such as hospitals.

SPECIAL ADMISSIONS TESTS — Tests prepared by or for a particular institution, or State (for State institutions) and administered by the institution, for purposes of determining prospective students' skills and competencies.

STAFFORD LOANS (FORMERLY GUARANTEED STUDENT LOANS) — (Higher Education Act of 1965, Title IV-B, as amended, Public Law 89-329; 20 USC 1071.) Provides guaranteed loans for educational expenses from eligible lenders to vocational, undergraduate, graduate and first-professional students at eligible postsecondary institutions.
