

Enrollment Survey Screens for 4-year Institutions NOTES

The Enrollment survey includes the following Parts:

- Part A - Fall Enrollment Summary by Racial/Ethnic Category
- Part B - Fall Enrollment Summary of Students by Age
- Part C - Residence of First-time Freshmen
- Part D - 12-Month Enrollment and Instructional Activity (formerly collected as part of the Institutional Characteristics survey)

In the pages that follow, the unshaded areas indicate where data need to be provided. Column totals and row totals will be generated by the data collection system.

Part A screens:

- Part A is comprised of 5 screens:
 - Screen 1 - Full-time undergraduate students (first-time, first-year degree-seeking and total)
 - Screen 2 - Part-time undergraduate students (first-time, first-year degree-seeking and total)
 - Screen 3 - Graduate students (full-time and part-time)
 - Screen 4 - First-professional students (full-time and part-time)
 - Screen 5 - Generated totals (total full-time students, total part-time students, grand total all students)
- The data collection system will generate specific Part A screens for each institution based on the award levels reported on the Institutional Characteristics survey, question B2, in the Fall 2000 data collection. For example, institutions that do not offer any first-professional programs will not see the first-professional screen; institutions that offer only undergraduate programs will not see the graduate screen or the first-professional screen.
- In addition to Total Enrollment (99.0000), enrollment by program for the following 9 selected fields is required this year:
 - 26.0000 - Biological Sciences/Life Sciences
 - 52.0000 - Business Management and Administrative Services
 - 13.0000 - Education
 - 14.0000 - Engineering
 - 27.0000 - Mathematics
 - 40.0000 - Physical Sciences
 - 51.0401 - Dentistry
 - 22.0101 - Law
 - 51.1201 - Medicine

The data collection system will generate screens for each of the 9 programs known to exist at your institution so that you can report students by their major field of study. You will be able to add and delete programs if you need to.

Part B screens:

- Reporting of Part B data is NOT required this year, but Part B screens will be available for your convenience in reporting these data to your state or other entity.
- Total full-time undergraduate students, men and women, will be brought forward from Part A. Age unknown will be generated for each column, as the difference between the total and the sum of the age categories.

Part C screens:

- Reporting of Part C data IS required this year.
- Total first-time, first-year degree-seeking students will be brought forward from Part A. Unknown will be generated for this column, as the difference between the total and the sum of the residence categories.
- The total for those who graduated from high school in the past 12 months will be generated from the detail reported.

Part D screens:

- In Part D, only one answer to question #1 will be permitted by the data collection system. This is indicated by the circles (called radio buttons) that accompany the possible answers. Where radio buttons are used, only one response is permitted (for example, Yes OR No); where checkboxes are used, multiple responses are permitted.

Part D - 12-MONTH ENROLLMENT AND INSTRUCTIONAL ACTIVITY

1. This section requests information on an UNDUPLICATED student count during a full 12-month period. Please indicate which 12-month period you will use:

- July 1, 1999 through June 30, 2000
- September 1, 1999 through August 31, 2000

2. How many students were enrolled (UNDUPLICATED count) during the 12-month period checked above? The unduplicated count should include all students enrolled for credit as well as those enrolled in occupational and vocational programs.

	Total Unduplicated Count
Undergraduate level students	<input type="text"/>
Graduate level students	<input type="text"/>
First-professional students	<input type="text"/>

3. Instructional activity should be reported ONLY for courses taken for credit as well as courses that are part of an occupational or vocational program. DO NOT convert credit hour activity into contact hour activity. Report contact hours only if you have programs that are measured in contact hours; report credit hour activity only for those programs measured in credit hours.

	Total 12-Month Activity
Contact hour activity for undergraduate occupational programs	<input type="text"/>
Credit hour activity:	
Undergraduate programs	<input type="text"/>
Graduate programs	<input type="text"/>
