

## Graduation Rates

**Screening questions**

Did your institution offer athletically-related aid to students in academic year 2000-2001?

*Screens will be generated in Section VI to report graduation rates data for each sport you indicate below. If aid was offered in a sport, but no aid was actually given out to any student, check the sport below and then give an explanation of this in the edit report*

- No.
- Yes. Indicate sports:
- Football
  - Basketball
  - Baseball
  - Cross-country and/or track
  - All other sports combined

Does your institution offer bachelor's degree programs of 5 years or longer?

*If you answer Yes to this question, a screen will be generated for you to report the number of students still enrolled in long programs as of August 31, 2006*

- No.
- Yes.

Based on your institution's response to the predominant calendar system question (B3) on the Institutional Characteristics survey from the IPEDS Fall 2006 Data Collection, your institution must report graduation rates data using a

*A fall cohort is used by institutions with standard academic terms (semester, trimester, quarter, 4-1-4, other academic). A full-year cohort is used by institutions offering primarily occupational/vocational programs and operating on a continuous basis.*

Caveat (will be posted on the IPEDS College Opportunities Online Locator website)

**Section I - Graduation Rate - Establishing cohorts**

- Incoming students that are seeking a bachelors degree should be reported in column 02. If there are any entering students who are seeking an associates degree or undergraduate certificates, they will be generated in column 03.
- If you have no changes to the preloaded data on this screen, you must click the "Verify and Save" button to generate screens to report completers and transfers.

**Section II - Graduation Rate - Transfers/exclusions**

- In the columns below, report the status of the BACHELOR'S DEGREE-SEEKING STUDENTS reported in the subcohort in Col 10, who did not complete a program as of August 31, 2006.
- Report transfers-out who did not complete a program in Col 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you must report transfer-out data in column 30. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report exclusions from the cohort in Col 45. The ONLY allowable categories for this column are:  
 students who died or became permanently disabled  
 students who left school to serve in the armed forces (or have been called up to active duty)  
 students who left school to serve with a foreign aid service of the Federal Government  
 students who left school to serve on an official church mission
- Col 49 [non-completers (still enrolled + not enrolled) and completers > 150% of normal time] will be calculated for you
- If you do not have any values to enter in either column 30 or 45, you must enter at least one zero in a field on this screen

### Period of Report

The majority of this report requests data on a cohort of full-time, first-time degree/certificate-seeking undergraduates enrolled in your institution either (1) as of October 15, 2000 or (2) during the period between September 1, 2000 and August 31, 2001. Institutions are to report the status of these students as of August 31, 2006. Note that Section V requests data for the period between September 1, 2005 and August 31, 2006.

### Screening Questions:

Please read these questions carefully. Your responses will determine whether or not you need to complete the survey and which sections you should complete. The data collection system will use your answers to these questions to determine which screens for data entry will follow.

- If your institution offered athletically-related aid to students in academic year 2000-2001, you should complete Section VI. Indicate the sports for which athletically-related student aid was offered.
- Indicate if your institution offers bachelor's degree programs of 5 years or longer.
- The method used to establish the cohort reported on this survey has been predetermined by your institution's response to the predominant calendar system question (D1) on the Institutional Characteristics survey component of the IPEDS Fall 2006 Data Collection, according to the following:
  - Institutions that offer a predominant number of programs based on **standard academic terms** (semesters, trimesters, quarters, or 4-1-4 plan) will report using a **fall cohort** of students. Institutions may use a cutoff date of October 15, 2000, or the end of the institution's drop-add period, or another official fall reporting date to determine the cohort. This should be the same reporting date established for your IPEDS Fall Enrollment Report.
  - Institutions that do not offer a predominant number of programs based on standard academic terms (as defined above) will report using a **full-year cohort**. These institutions must count as entering students only those students who entered the institution between September 1, 2000 and August 31, 2001, and who were enrolled for at least 15 days in a program of up to, and including, one year in length, or 30 days in a program of less than one year in length.

### Who to Include in the Cohort

Include all full-time, first-time degree/certificate-seeking undergraduate students entering the institution during the fall term or during the 12-month period as described above. Include students enrolled in the institution who attended college for the first time in the prior summer term.

Students must be enrolled in courses creditable toward a degree, diploma, certificate, or other formal award. Include students enrolled in courses that are part of a vocational or occupational program, INCLUDING those enrolled in off-campus centers and those enrolled in distance learning/home study programs.

Be sure to include full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.

A student who is designated as a member of the 2000 cohort remains in the 2000 cohort, even if the student

- Becomes a part-time student.
- Transfers to another institution.
- Drops out of the institution.
- Stops out of the institution.
- Has not fulfilled the institution's requirements to receive a degree or certificate.

**Who to Exclude from the Cohort**

DO NOT include students in the cohort who are:

- Enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program (i.e., nondegree seeking).
- Taking CEUs unless they are also enrolled full time in courses creditable toward a degree or other award.
- Exclusively auditing classes.
- Studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is only nominal.
- In any branch campus located in a foreign country.
- Part time.
- Transfers into the institution.

**Categorization of Students**

The Glossary provides detailed definitions of specific terms and should be used to define students in the cohort. The Glossary should also be used to identify completers and transfer-out students.

**Length of Program**

The Glossary also provides detailed definitions of programs of less than 2 years, programs of at least 2 years but less than 4 years, and programs of at least 4 years. Use the definitions to determine where to report completers.

**General Instructions for Students Receiving Athletically-Related Student Aid**

Sections V and VI are to be completed by any institution that participates in any Federal student financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended, and awards athletically-related student aid.

The sports specified are as defined in 34 CFR Section 668.48 of the Student Assistance General Provisions.

Report separately for the following sports: (1) Football; (2) Basketball; (3) Baseball; (4) Cross-country and track combined; and (5) All other sports combined.

If a student receives athletically-related student aid for MORE THAN ONE SPORT, count that student only once. Count the student using the following sports hierarchy: football; basketball; baseball; cross-country and track combined; and all other sports combined. For example, if a student receives athletically-related aid for both football and baseball, provide information for this student only under the sport of football. Athletic trainers and team managers should not be included as part of the athletic cohorts. Also, women receiving athletically-related aid to play softball should be reported under All Other Sports, and not under Baseball.

**Reporting Students by Racial/Ethnic Category and Gender**

**Method of collection** - The manner of collecting racial/ethnic information is left to the discretion of the institution, provided that the system which is established results in reasonably accurate data, which may be replicated by others when the same documented system is utilized. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should be employed.

**Assignment to categories** - For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no student may be counted in more than one racial/ethnic group. Racial/ethnic designations are requested only for U.S. citizens, resident aliens, and other eligible noncitizens. (See definitions below.)

**Racial/ethnic descriptions** - Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. The categories are:

- **American Indian or Alaskan Native** – A person having origins in any of the original peoples of America and who maintains cultural identification through tribal affiliation or community recognition.
- **Asian or Pacific Islander** – A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
- **Black, non-Hispanic** – A person having origins in any of the black racial groups of Africa (except of Hispanic origin).
- **Hispanic** – A person of Mexican, Puerto Rican, Cuban, Central, or South American, or other Spanish culture or origin, regardless of race.
- **White, non-Hispanic** – A person having origins in any of the original peoples of Europe, North America, or the Middle East (except those of Hispanic origin).

Other descriptive categories:

- **Nonresident alien** – A person who is not a citizen or national of the United States and who is in the country on a visa or temporary basis and does not have the right to remain indefinitely. NOTE: Nonresident aliens are to be reported separately, in the rows provided, rather than in any of the racial/ethnic categories described above. Resident aliens and other eligible (for financial aid purposes) noncitizens who are not citizens or nationals of the United States and who have been lawfully admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either a permanent resident alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival/Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 208 Asylee, Section 208 Asylee, Conditional Entrant, Parolee or Cuban-Haitian) are to be reported in appropriate racial/ethnic categories along with United States citizens.
- **Race/ethnicity unknown** – This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

### Worksheets

Worksheets calculating the Student Right-To-Know completion/graduation and transfer-out rates of full-time degree/certificate-seeking undergraduates for the 2000 student cohort and the 2000 athletic subcohorts are provided as a convenience to the institution. A worksheet calculating 4-year, 5-year, and graduation rates for the 2000 bachelor's or equivalent degree-seeking subcohort are provided for those institutions that are able to report bachelor's and equivalent completers by length of time to degree.

Worksheets calculating overall four-year average completion/graduation and transfer-out rates of full-time degree/certificate-seeking undergraduates for the student cohort and the athletic subcohorts are also provided. Data previously reported by the institution have been preloaded to use in these calculations.

An additional blank worksheet for calculating Student Right-to-Know four-year average graduation and transfer-out rates by race/ethnicity or other student characteristics for the student cohort and athletic subcohort is available from the IPEDS website at <http://nces.ed.gov/ipeds/web2000/springdataitems.asp>.

### Privacy Issues with Disclosure

Before using the worksheets for disclosure, please consider the following:

The Family Educational Rights and Privacy Act of 1974 as amended (1998) (FERPA) requires that institutions disclose information where students could be identified.

The disclosure guidelines cited in 34 CFR Section 668.48 (a)(3) of the Student Assistance General Provisions

that if a category within an athletic subcohort contains five or fewer students, the institution need not disclose information on that category of students.

### Section I – Graduation Rate - Establishing Cohorts

**Report each student only once.**

If your institution determines degree intent upon entry, students in your revised initial cohort are to be separated into two groups or subcohorts: (1) students entering bachelor's or equivalent degree program (2) students seeking other than a bachelor's degree (associate's degree, certificates, etc.).

Institutions that do not determine degree intent upon entry should report all students as if they are back degree-seeking.

Please complete all of Section I; screens for Sections II and III will be generated based on the data you enter in Section I.

**Initial cohort** - If you are reporting on a fall cohort, the information you reported on line 01 of your 2010 IPEDS Fall Enrollment report will be preloaded in this column. If you did not respond to that survey, or if you are reporting on a full-year cohort, the column will be blank.

**Revised cohort (01)** - Please review the data in the initial cohort column, and make any necessary corrections for omissions or double counting in the revised cohort column. Enter the data according to student race/ethnicity and gender. If your data do not appear in the initial cohort column, please provide the enrollment data as requested in the revised cohort column.

### Section I – Graduation Rate - Establishing Cohorts

In all cases, students whose intent is not known are to be reported in the bachelor's cohort (02).

**Bachelor's or equivalent degree-seeking subcohort (02)** - Of the revised cohort, indicate how many students declared intent to seek the bachelor's or equivalent degree upon entry. As indicated above, this also includes any students whose intent was not known. These data are brought forward to Section II.

**Other degree-seeking subcohort (03)** - The difference between the revised cohort and the bachelor's or equivalent degree-seeking subcohort is calculated for you. This indicates how many students declared intent to seek other than a bachelor's level degree (i.e., associate's degree or other formal award) upon entry. These data are brought forward to Section III.

### Section II – Full-Time, First-Time Students Seeking a Bachelor's or Equivalent Degree

**Report each student only once.**

Report the status of the 2000 subcohort of bachelor's or equivalent degree-seeking students **as of August 2006** in terms of the number of completers within 150% of normal time to award, by length of program completed. Report all students by race/ethnicity and gender.

**Report only for full-time, first-time students seeking a bachelor's or equivalent degree. DO NOT** include students who transferred into your institution.

**Count completers only once and indicate the highest degree level attained.**

**SPECIAL NOTE:** In order to resolve a potential conflict between transfers out and the mission of preparatory programs to prepare students for transfer to other institutions, institutions may count as completers the students who have successfully completed a transfer-preparatory program.

Transfer-preparatory program is defined in 34 CFR Student Assistance General Provisions, Section 668.8

(ii) as "the successful completion of at least a 2-year program that is acceptable for full credit toward a bachelor's degree and qualifies a student for admission into the third year of a bachelor's degree program. The Secretary considers this the equivalent of an associate's degree. Similarly, institutions may count as completers those students who have successfully completed the first three years of a 3-2 program and are eligible to transfer to another institution to complete the program. The student receives full credit toward a 5-year bachelor's degree and qualifies the student for admission into the fourth year of a 5-year bachelor's degree program.

**\*\*SPECIAL INSTRUCTIONS FOR INSTITUTIONS WITH 5-YEAR PROGRAMS\*\***

Institutions with 5-year undergraduate programs are to report on the same cohort of students that is reported by the traditional 4-year institutions. Section II, column 46 requests the number of students enrolled in 5-year programs. Be sure to complete the information requested in this item. NCES will also request that institutions with 5-year programs report data and calculate a graduation rate after 7-1/2 years. A supplementary form will be used in Spring 2009 to collect this information on your 2000 cohort.

**Bachelor's or equivalent degree-seeking subcohort (10)** - These are the data as reported in Section I.

**Completers within 150% of Normal Time (11, 12, 18)**

In order to calculate a graduation rate to comply with Student Right-to-Know regulations, institutions count as completers only those students who received their degree/certificate (or completed a transfer-preparatory program) within 150% of normal program time. See Glossary for definition of normal time to completion. Count as completers students who get their degree from another institution.

**Completed <2-yr within 150% (11)** - Enter the number of students who completed programs of less than 2 years within 150% of normal time. For example, a student who completed a 6-month (or equivalent) program in 9 months or less would be reported in column 11; those taking longer would not be reported.

**Completed 2<4 yr within 150% (12)** - Indicate the number of students who completed programs of 2 years but less than 4 years within 150% of normal time to completion of their program. For example, a student who completed a 3-year program in 4-1/2 years or less should be reported in column 12.

**Completed Bachelor's degree within 150% (18)** - Enter the number of students who completed a bachelor's degree or equivalent program within 150% of normal time. Note: Include completers of 3-year bachelor's degree programs only if they completed within 4-1/2 years.

**Total completers within 150% (29)** - This column is the sum of the previous three columns, and is calculated by the data collection system.

**Section II – Full-Time, First-Time Students Seeking a Bachelor's or Equivalent Degree**

**Report each student only once.**

Report the status of the 2000 subcohort of bachelor's or equivalent degree-seeking students **as of August 2006** in terms of the number of completers by length of time to degree. Report all students by race/ethnicity and gender.

Report completers of bachelor's degrees or equivalent according to how long it took them to complete the program. Include all baccalaureate level degrees, including 5-year bachelor's (including cooperative) programs and those bachelor's degrees in which the normal 4 years of work are completed in 3 years. Of the total of completers of bachelor's or equivalent degrees within 150% of normal time you reported (18), provide the following breakout:

**Completed the program in 4 yrs or less (19)** - Report all students who completed a bachelor's degree or equivalent in 4 years or less in this column. Include all students who completed a bachelor's degree or equivalent by August 31, 2004.

**Completed the program in 5 yrs (20)** - Report all students who completed a bachelor's degree or equivalent in 5 years in this column. Include all students who completed a bachelor's degree or equivalent in the period from September 1, 2004 through August 31, 2005. Do NOT include students who completed their program

years or less in this column.

**Completed the program in 6 yrs (21)** - This column is the difference between the completers of bach degree or equivalent within 150% of normal time (18) and the sum of those who completed the program years or less (19) and those who completed the program in 5 years (20). Included are all students who completed a bachelor's degree or equivalent in the period from September 1, 2004 through August 31, 2006. This column will be calculated by the data collection system.

## Section II – Full-Time, First-Time Students Seeking a Bachelor's or Equivalent Degree

**Report each student only once.**

Report the status of the 2000 subcohort of bachelor's or equivalent degree-seeking students **as of August 2006** in terms of the number of transfer-out students (non-completers) and exclusions to the cohort. Report students by race/ethnicity and gender.

**Report only for full-time, first-time students seeking a bachelor's or equivalent degree. DO NOT** include students who transferred into your institution.

**Bachelor's or equivalent degree-seeking subcohort (10)** - These are the data as reported in Section I.

**Total completers within 150% (29)** - These are the data as reported on the first page of Section II.

**Total transfer-out students (30)** - If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution without having completed their program, report the total number of students who transferred out of your institution (without a degree/award) within 150% of normal time to completion. Include students who transferred out of your institution and subsequently re-enrolled. If not part of your mission, you may still report transfer-out data if you wish.

**Total exclusions (45)** - Indicate the total number of students who left your institution (and have neither graduated nor transferred to another institution) because of one of the following documented reasons:

- a. The student is deceased or is totally and permanently disabled and thus unable to return to school.
- b. The student left school to serve in the armed forces or was called to active duty. (DO NOT include students already in the military who transfer to another duty station.)
- c. The student left school to serve with a foreign aid service of the Federal Government, such as the Peace Corps.
- d. The student left school to serve on an official church mission.

**NOTE:** Students who leave the institution for one of the reasons noted in b, c, or d above, but return to the institution by the status date of August 31, 2006, may be subtracted from the cohort during the calculation of graduation rates.

**Non-completers (still enrolled + not enrolled) and completers > 150% (49)** - This column is generated by the calculation of Col 10 - (Col 29 + Col 30 + Col 45).

## Section III – Full-Time, First-Time Students Seeking Other than a Bachelor's Degree, Completers within 150% of Normal Time

**Report each student only once.**

Report the status of the 2000 subcohort of students seeking other than a bachelor's degree **as of August 2006** in terms of the number of completers within 150% of normal time to award, by length of program completed. Report all students by race/ethnicity and gender.

**Report only for full-time, first-time students seeking undergraduate degrees or certificates other than a bachelor's degree. DO NOT** include students who transferred into your institution.

**Count completers only once and indicate the highest degree level attained.**

**SPECIAL NOTE:** In order to resolve a potential conflict between transfers out and the mission of participant programs to prepare students for transfer to other institutions, institutions may count as completers the students who have successfully completed a transfer-preparatory program.

Transfer-preparatory program is defined in 34 CFR Student Assistance General Provisions, Section 668.8 (ii) as "the successful completion of at least a 2-year program that is acceptable for full credit toward a bachelor's degree and qualifies a student for admission into the third year of a bachelor's degree program. The Secretary considers this the equivalent of an associate's degree. Similarly, institutions may count as completers those students who have successfully completed the first three years of a 3-2 program and are eligible to transfer to another institution to complete the program. The student receives full credit toward a 5-year bachelor's degree and qualifies the student for admission into the fourth year of a 5-year bachelor's degree program.

**\*\* SPECIAL INSTRUCTIONS FOR INSTITUTIONS WITH 5-YEAR PROGRAMS \*\***

Institutions with 5-year undergraduate programs are to report on the same cohort of students that is being reported by the traditional 4-year institutions. Section III, column 46 requests the number of students enrolled in 5-year programs. Be sure to complete the information requested in this item. NCES will also request that institutions with 5-year programs report data and calculate a graduation rate after 7-1/2 years. A supplementary form will be used in Spring 2009 to collect this information on your 2000 cohort.

**Other degree-seeking subcohort (10)** – These are the data as reflected in Section I.

**Completers within 150% of Normal Time (11, 12, 18)**

In order to calculate a graduation rate to comply with Student Right-to-Know regulations, institutions count as completers only those students who received their degree/certificate (or completed a transfer-preparatory program) within 150% of normal program time. See Glossary for definition of normal time to completion. Do not count as completers students who get their degree from another institution.

**Completed <2-yr within 150% (11)** - Enter the number of students who completed programs of less than 2 years within 150% of normal time. For example, a student who completed a 6-month (or equivalent) program in 9 months or less would be reported in column 11; those taking longer would not be reported.

**Completed 2<4 yr within 150% (12)** - Indicate the number of students who completed programs of 2 years but less than 4 years within 150% of normal time to completion of their program. For example, a student who completed a 3-year program in 4-1/2 years or less should be reported in column 12.

**Completed Bachelor's degree within 150% (18)** - Enter the number of students who completed a bachelor's degree program within 150% of normal time. Note: Include completers of 3-year bachelor's degree programs only if they completed within 4-1/2 years.

**Total completers within 150% (29)** - This column is the sum of the previous three columns, and is calculated by the data collection system.

**Section III – Full-Time, First-Time Students Seeking Other than a Bachelor's Degree, Transfers/Exclusions**

**Report each student only once.**

Report the status of the 2000 subcohort of students seeking other than a bachelor's degree **as of August 2006** in terms of the number of transfer-out students (non-completers), exclusions to the cohort, and students still enrolled in programs of 5 years or longer. Report all students by race/ethnicity and gender.

**Report only for full-time, first-time students seeking undergraduate degrees or certificates other than a bachelor's degree. DO NOT** include students who transferred into your institution.

**Other degree-seeking subcohort (10)** – These are the data as reflected in Section I.

**Total completers within 150% (29)** - These are the data as reported on the first page of Section III.

**Total transfer-out students (30)** - If the mission of your institution includes providing substantial pre for students to enroll in another eligible institution without having completed their program, report the number of students who transferred out of your institution (without a degree/award) within 150% of no time to completion. Include students who transferred out of your institution and subsequently re-enrolled. If not part of your mission, you may still report transfer-out data if you wish.

**Total exclusions (45)**- Indicate the total number of students who left your institution (and have neither graduated nor transferred to another institution) because of one of the following documented reasons:

- a. The student is deceased or is totally and permanently disabled and thus unable to return to school.
- b. The student left school to serve in the armed forces or was called up to active duty. (DO NOT include students already in the military who transfer to another duty station.)
- c. The student left school to serve with a foreign aid service of the Federal Government, such as the Corps.
- d. The student left school to serve on an official church mission.

**NOTE:** Students who leave the institution for one of the reasons noted in b, c, or d above, but return prior to the status date of August 31, 2006, may be subtracted from the cohort during the calculation of graduation rates.

**Non-completers (still enrolled + not enrolled) and completers > 150% (49)** - This column is generated by the calculation of Col 10 - (Col 29 + Col 30 + Col 45).

## Section V – Total Number of Students Receiving Athletically-Related Student Aid (2005-2006)

### General Instructions for Students Receiving Athletically-Related Student Aid

This section is to be completed by any institution that participates in any Federal student financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended, and awards athletically-related student aid.

The sports specified are as defined in 34 CFR Section 668.48 of the Student Assistance General Provisions.

Report separately for the following sports: (1) Football; (2) Basketball; (3) Baseball; (4) Cross-country / track combined; and (5) All other sports combined.

If a student receives athletically-related student aid for MORE THAN ONE SPORT, count that student only once. Count the student using the following sports hierarchy: football; basketball; baseball; cross-country and track combined; and all other sports combined. For example, if a student receives athletically-related aid for both football and baseball, provide information for this student only under the sport of football. Athletic trainers should not be counted as part of the athletic cohort. Also, women receiving athletically-related aid to play softball should be counted under All other sports combined, not Baseball.

**Report each student only once.**

**Students receiving athletically-related student aid by sport (52–56)** – Report by sport the number of full-time degree/certificate-seeking undergraduate students who received athletically-related student aid during the 2005-2006 academic year. Categorize students by race/ethnicity and gender. If a student received athletically-related aid for more than ONE SPORT, count that student only ONCE. These numbers should account for all full-time, degree/ certificate-seeking undergraduate students receiving athletically-related student aid.

**Total students receiving athletically-related student aid (51)** - This column is the sum of the 5 sport columns, and is generated for you by the data collection system.

## Section VI – Students Receiving Athletically-Related Student Aid for Specified Sports, Completed within 150% of Normal Time

Based on information provided in Screening Question #1, this section of the Graduation Rate survey is customized specifically for your institution. Screens are provided for only those sports for which your institution offered athletically-related student aid in academic year 2000-2001. Report data separately for each athletic subcohort. Report only for students in the 2000 cohort. Report each student only once.

Section VI athletic subcohorts are a subset of the cohort you reported in Section I, revised cohort (01). subcohorts consist of all full-time, first-time degree/certificate-seeking undergraduates receiving athletic related student aid. Categorized by race/ethnicity and sex, subcohorts are further divided by sport.

Students receiving athletically-related student aid are defined in the Student Right-to-Know regulations 668.48(a)(1)(iv)) as those entering students (full-time, first-time degree-seeking undergraduates) who received athletically-related student aid for any period of time during their entering year. EXCLUDE first-time students who do not meet or partially meet the qualifications for athletic aid (nonqualifiers and partial qualifiers).

EXCLUDE students receiving athletically-related student aid who transfer into a sports program from another institution. This survey DOES NOT collect information on transfer-in students.

### **General Instructions for Students Receiving Athletically-Related Student Aid**

This section is to be completed by any institution that participates in any Federal student financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended, and awards athletically-related student aid.

The sports specified are as defined in 34 CFR Section 668.48 of the Student Assistance General Provisions.

Report separately for the following sports: (1) Football; (2) Basketball; (3) Baseball; (4) Cross-country / track combined; and (5) All other sports combined.

If a student receives athletically-related student aid for MORE THAN ONE SPORT, count that student only once. Count the student using the following sports hierarchy: football; basketball; baseball; cross-country and track combined; and all other sports combined. For example, if a student receives athletically-related aid for both football and baseball, provide information for this student only under the sport of football. Athletic training team managers should not be counted as part of the athletic cohort. Also, women receiving athletically-related aid to play softball should be counted under All other sports combined, not Baseball.

### **Report each student only once.**

Report the status of the 2000 athletic subcohort of students **as of August 31, 2006** in terms of entering students receiving athletically-related student aid, and the number of completers within 150% of normal award, by length of program completed. Report all students by race/ethnicity, gender, and sport.

### **Report only for full-time, first-time degree/certificate-seeking students receiving athletically-related student aid.**

Do not include students receiving athletically-related student aid who transfer into your institution.

Report all data by sport.

**Athletic subcohort (60)** - Report the number of students from Section I, revised cohort (01) who received athletically-related student aid at any time during their entering year.

### **Completers within 150% of Normal Time (61, 62, 68)**

In order to calculate a graduation rate to comply with Student Right-to-Know regulations, institutions count as completers only those students who received their degree/certificate (or completed a transfer-preparatory program) within 150% of normal program time. See Glossary for definition of normal time to completion. Do not count as completers students who get their degree from another institution.

**Completed <2-yr within 150% (61)** - Enter the number of students who completed programs of less than 2 years within 150% of normal time. For example, a student who completed a 6-month (or equivalent) program in 9 months or less would be reported in column 61; those taking longer would not be reported.

**Completed 2<4 yr within 150% (62)** - Indicate the number of students who completed programs of 2 years but less than 4 years within 150% of normal time to completion of their program. For example, a student who completed a 3-year program in 4-1/2 years or less should be reported in column 62.

**Completed Bachelor's degree within 150% (68)** - Enter the number of students who completed a bachelor's degree program within 150% of normal time. Note: Include completers of 3-year bachelor's degree programs only if they completed within 4-1/2 years.

**Total completers within 150% (79)** - This column is the sum of the previous three columns, and is calculated by the data collection system.

## Section VI – Students Receiving Athletically-Related Student Aid for Specified Sports

**Report each student only once.**

Report the status of the 2000 athletic subcohort of students **as of August 31, 2006** in terms of the number of transfer-out students (non-completers) and exclusions to the cohort. Report all students by race/ethnicity, gender, and sport.

**Report only for full-time, first-time degree/certificate-seeking students receiving athletically-related student aid.**

**Athletic cohort (60)** – These are the data as reported on the first page of Section VI.

**Total completers within 150% (79)**- These are the data as reported on the first page of Section VI.

**Total transfer-out students (80)** - If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution, report the total number of students who transferred from your institution (without a degree/award) within 150% of normal time to completion. Include students who transferred out of your institution and subsequently re-enrolled. If it is not part of your mission, you may report transfer-out data if you wish.

**Total exclusions (95)** - Indicate the total number of students who left your institution (and have neither graduated nor transferred to another institution) because of one of the following documented reasons:

- a. The student is deceased or is totally and permanently disabled and thus unable to return to school.
- b. The student left school to serve in the armed forces or was called up to active duty. (DO NOT include students already in the military who transfer to another duty station.)
- c. The student left school to serve with a foreign aid service of the Federal Government, such as the Peace Corps.
- d. The student left school to serve on an official church mission.

**NOTE:** Students who leave the institution for one of the reasons noted in b, c, or d above, but return prior to the status date of August 31, 2005, may be subtracted from the subcohort during the calculation of graduation rates.

**Non-completers (still enrolled + not enrolled) and completers > 150% (99)** - This column is generated by the calculation of Col 60 - (Col 79 + Col 80 + Col 95).

## Calculation of Graduation and Transfer-out Rates

### Worksheets

Worksheets calculating the Student Right-To-Know completion/graduation and transfer-out rates of full-

first-time degree/certificate-seeking students for the 2000 student cohort and the 2000 athletic subcohort provided as a convenience to the institution. A worksheet calculating 4-year, 5-year, and 6-year graduation rates for the 2000 bachelor's or equivalent degree-seeking subcohort are provided for those institutions able to report bachelor's or equivalent completers by length of time to degree.

Worksheets calculating the overall four-year average completion/graduation and transfer-out rates of first-time degree/certificate-seeking students for the student cohort and the athletic subcohorts are also provided. Data previously reported by the institution have been preloaded to use in these calculations.

An additional blank worksheet for calculating Student Right-to-Know four-year average graduation and transfer-out rates by race/ethnicity or other student characteristics for the student cohort and athletic subcohort is available from the IPEDS website at <http://nces.ed.gov/ipeds/web2000/springdataitems.html>.

### **Privacy Issues With Disclosure**

Before using the worksheets for disclosure, please consider the following:

The Family Educational Rights and Privacy Act of 1974 as amended (1998) (FERPA) requires that institutions disclose information where students could be identified.

The disclosure guidelines cited in 34 CFR Section 668.48 (a)(3) of the Student Assistance General Provisions require that if a category within an athletic subcohort contains five or fewer students, the institution need not disclose information on that category of students.
