2022-23 Survey Materials > Package

Student Financial Aid for private institutions reporting on a full-year cohort (program reporters)

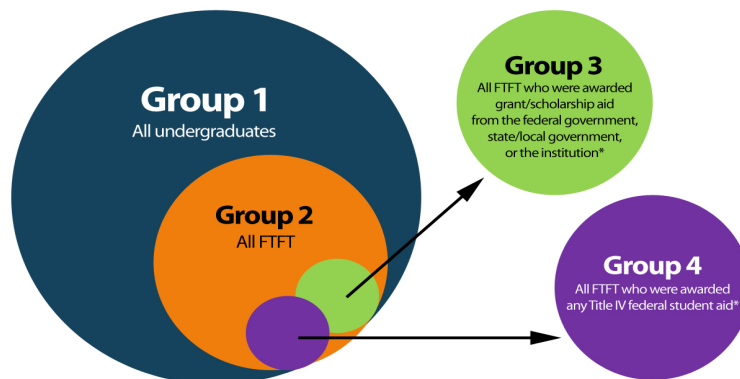

Overview

IPEDS Student Financial Aid Component Overview - Private Program Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- Undergraduate Student Groups
You will be asked to report information for different groups of students.
 - Group 1: All undergraduate students
 - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
 - Group 3: Of Group 2, students enrolled in the institution's largest program and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution.
 - Group 4: Of Group 2, students enrolled in the institution's largest program and were awarded any Title IV federal student aid.

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the entered information can be understood easily by students, parents, and the general public.

Changes to reporting:

The following changes were implemented for the 2022-23 data collection period:

- Degree/certificate-seeking and non-degree/certificate-seeking data items were added in Parts A and B to disaggregate financial aid award amounts reported in Part B by these student categories.
- New FAQs were added to clarify concepts.
- Minor wording changes were made for clarification.

Resources:

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Section 1: Part A

Part A - Establish Your Groups

Reporting Reminders:

- Part A establishes the number of students in various groups. Note that the numbers on this screen will be carried forward to other parts of the Student Financial Aid component.
- In the fields below, report the number of students in each of the following groups.

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Section 1: Part D

Part D - Enter Information about Group 3

Reporting Reminders:

- Group 3 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the academic year 2021-22 who were awarded grant or scholarship aid from the following sources: the federal government, state/local government, or the institution. The information you report in this part will be used in Part F to calculate average institutional net price.
- For this part, report:

Note:

- In this part, you must report information for your institution's largest program. Your largest program is the program with the greatest number of undergraduate students enrolled. You must provide three years' worth of data for your largest program. If your institution's largest program has changed or is not the same for all years listed, contact the IPEDS Help Desk.

Student Financial Aid, Private Program Reporters

Table of Contents

The Student Financial Aid (SFA) component is divided into two sections. Section 1 discusses the portion of the SFA component that asks questions about your undergraduate students only. Section 2 explains the portion of the SFA component that ask questions about your military and veteran students and includes both undergraduate and graduate students. As you complete both sections of SFA, please refer to the "Where to Get Help" and "Where the Data Will Appear" sections.

Section 1. SFA - Undergraduate Students

Purpose of Component

- The purpose of the IPEDS Student Financial Aid (SFA) component is to collect information about financial aid provided to various groups of undergraduate students in order to meet requirements of the *Higher Education Act of 1965* (HEA), as amended. Item areas include:
- Financial aid about all undergraduate students
- Financial aid about all full-time, first-time degree/certificate-seeking students
- Financial aid and living arrangement information about all full-time, first-time degree/certificate-seeking students who were awarded grant aid. For public institutions, this includes only students who paid the lower of in-state or in-district tuition rate. For program reporters, this includes only students enrolled in the institution's largest program.
- Financial aid and living arrangement information about all full-time, first-time degree/certificate-seeking students who were awarded any Title IV federal student aid by income. For public institutions, this includes only students who paid the lower of in-state or in-district tuition rate. For program reporters, this includes only students enrolled in the institution's largest program.
- Net Price Calculation for full-time, first-time degree/certificate-seeking students who were awarded grant aid. For public institutions, this includes only students who paid the lower of in-state or in-district tuition rate. For program reporters, this includes only students enrolled in the institution's largest program.
- Net Price Calculation for full-time, first-time degree/certificate-seeking students who were awarded any Title IV federal student aid by income. For public institutions, this includes only students who paid the lower of in-state or in-district tuition rate. For program reporters, this includes only students enrolled in the institution's largest program.

[Top ▲](#)

Who Must Report

Institutions that had undergraduate students enrolled during the prior academic year must report.

[Top ▲](#)

Changes in reporting

The following changes were implemented for the 2022-23 data collection period:

- Degree/certificate-seeking and non-degree/certificate-seeking data items were added in Parts A and B to disaggregate financial aid award amounts reported in Part B by these student categories.
- New FAQs were added to clarify concepts.
- Aid that should be included has been updated.
- Minor wording changes were made for clarification.

General Instructions

What You Will Need

The institution's financial aid system should be the starting point for reporting to this IPEDS component.

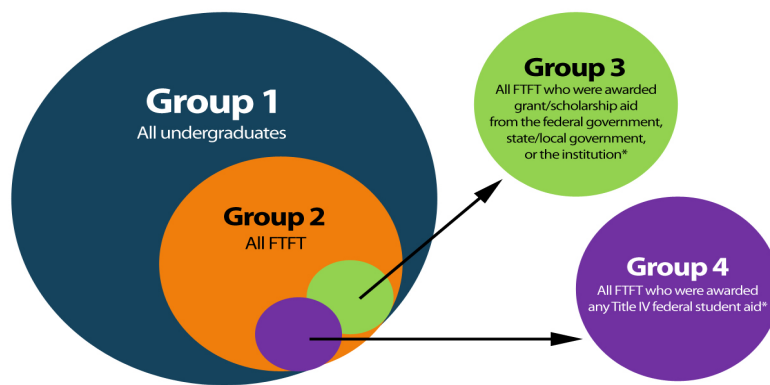

Data providers for this component should be familiar with college and university practices associated with student financial aid. In general, there are two types of financial aid data that will be requested in this component. These types are:

- Numbers of students that meet certain conditions
- Total aid dollars awarded to these students

To complete this component, data providers will need the following:

1. Financial aid information about the following student groups:

- **Group 1.** All undergraduate students
- **Group 2.** Of the students in Group 1, those who are full-time, first-time degree/certificate-seeking students
- **Group 3.** Of the students in Group 2, those who paid the lower of in-state or in-district tuition rate and were awarded grant or scholarship aid from the following sources: the federal government, state/local government, or the institution
- **Group 4.** Of the students in Group 2, those who paid the lower of in-state or in-district tuition rate and were awarded Title IV federal student aid

*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

2. Living arrangement information for full-time, first-time degree/certificate-seeking undergraduate students who paid the lower of in-state or in-district tuition rate and were awarded grant or scholarship aid during the reporting period
3. Living arrangement information for full-time, first-time degree/certificate-seeking undergraduate students who paid the lower of in-state or in-district tuition rate and were awarded Title IV federal student aid during the reporting period
4. Income levels for full-time, first-time degree/certificate-seeking undergraduate students who paid the lower of in-state or in-district tuition rate and were awarded Title IV federal student aid during the reporting period

About the Data

Five different types of data appear in this component. There are data:

- That institutions provide from their own financial aid records
- That are prior-year data, shown in red, which can be used as a comparison with the current year's data (i.e., the data that is being reported)
- That are carried forward from the IPEDS Fall Enrollment (EF) component and the IPEDS Institutional Characteristics (IC) component that your institution completed in the most recent collections of those components
- That are carried forward from one part of the Student Financial Aid component to another part to ensure that the data are internally consistent
- That are calculated from the other data elements

In the latter two cases, the data provider should check that the data that are carried forward and calculated are consistent with the data in the institution's underlying financial aid records. If the data carried forward or calculated are not consistent with the institution's records, then an error in data entry may have occurred.

Context Boxes

Optional context boxes throughout the component allow institutions to provide more information regarding reported data. Note that the information in these context boxes may be posted on the U.S. Department of Education's College Navigator website. NCES will review entries in these context boxes for applicability and appropriateness before posting them on College Navigator. However, institutions should ensure that entries in these context boxes are free from grammatical and spelling errors and are written so that they can be understood by students and parents.

Interactive Edits

This component contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 or ipedshelp@rti.org for resolution.

Coverage

Reporting Period

The data reported for this component should be for the prior academic year. For the purposes of reporting to SFA, the aid year period runs from July 1 through June 30.

Program reporters will report students' aid data for an institutionally defined academic year. This is the academic year length, in weeks, used by your institution to calculate your Pell budget. It must begin within the aid year period specified above and will vary from student to student depending on when he or she enrolled.

Student Cohort

The student cohort covered by this component includes undergraduate students enrolled any time during the prior academic year (the aid year period from July 1 through June 30).

What to Include

The following types of financial aid should be reported in this component:

- **Title IV aid:** Title IV aid includes Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work Study (FWS), and the Subsidized and Unsubsidized Direct Loan programs. Report 100% of student FSEOG and FWS award amounts. That is, include the federal and matching share, regardless of the source of the match. Also, FSEOG and FWS award amounts should not exceed program amounts budgeted for the award year. That is, if the institution's packaging policy includes an over-awarding strategy to account for attrition to make sure all funds are expended, exclude these amounts from award amounts reported to IPEDS.
- **Federal grants (grants/educational assistance funds):** Grants provided by federal agencies such as the U.S. Department of Education, including Title IV federal student aid program grants such as Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), and Teacher Education Assistance for College and Higher Education (TEACH) Grants. Also include need-based and merit-based educational assistance funds and training vouchers provided from (a) other federal agencies and/or (b) federally-sponsored educational benefits programs.

Do not include veterans education benefits, as defined in section 480(c) of the HEA, as they are no longer treated as Estimated Financial Assistance (EFA) for the Office of Federal Student Aid's purposes. For more information, visit <https://ifap.ed.gov/electronic-announcements/08-13-2009-general-subject-guidance-federal-veterans-education-benefits>.

- **Federal Work Study:** Money earned by students based on financial need to meet postsecondary education costs who are employed part-time, typically in education related employment or community service activities on- campus or off-campus at the institution, or a private for-profit or nonprofit business, agency, or organization. Earnings include the federal and nonfederal share of wages, benefits, withholdings, and other employment deductions. It includes credit and non-credit employment. Examples of types of employment include, but is not limited to, assistantships, apprenticeships, internships, externships, and cooperative education experiences. While it does not include institutional and state work study programs, the non-federal share includes all state and local funds used to match these programs. See applicable federal, state, local, and institutional program rules for additional information.
- **Federal loans to students:** Money borrowed from the federal government that must be repaid for which the student is the designated borrower. This type of aid includes all Title IV federal student loan aid such as, Subsidized Direct Loans and Unsubsidized Direct Loans. It also includes Health Professions Student Loans, Loans for Disadvantaged Students, Nursing Student Loans, and Primary Care Loans. Do not include PLUS loans and other federal loans not made directly to the student.
- **State/local government grants (grants/scholarships/waivers):** Grants that were awarded by your state such as Leveraging Educational Assistance Partnerships (LEAP) (formerly SSIGs), the Special Leveraging Educational Assistance Program (SLEAP), the Grants for Access and Persistence (GAP) Program, and Robert C. Byrd Honors Scholarships. Include merit-based grants or scholarships that were provided by your state or local government. Also include tuition and fee waivers for which your institution was reimbursed by a state or local government agency.
- **Institutional grants or scholarships (scholarships/waivers):** Grants, scholarships, and fellowships granted and funded by the institution and/or individual departments within the institution and are limited to students attending your institution. Also include scholarships targeted to certain individuals (e.g., based on state of residence, major, or participation in athletic activities) for which the institution designates the recipient. Include institutional tuition and fee waivers for which your institution was not reimbursed by a state or local government agency. This is not intended to include Federal Work Study.
- **Institutional loans to students:** Short-term and long-term education loans to students made by the institution or its Schools, Colleges, or student organizations, including emergency education loans backed by a surety (i.e., financial guarantee). Exclude loans not made directly to the student, loans contingent on the student's financial aid (also known as payment deferrals) not backed by another source of security, and Income share agreements.
- **Private grants or scholarships:** Grants or scholarships to students that are awarded and paid by an outside organization but are directed through the institution's financial aid office and/or business office (e.g., Rotary Club Scholarship).
- **Private loans to students:** Monies that must be repaid to the lending institution for which the student is the designated borrower. Include all institutionally and privately sponsored loans. Do not include loans that are not made directly to the student. Do not include loans contingent on the student's financial aid (also known as payment deferrals) not backed by another source of security.

NOTE: In this component, "aid awarded" refers to grant or scholarship aid that was awarded to students or to loans awarded to students. For reporting grant or scholarship aid, institutions should report on aid that was awarded to students. This amount may be different from the amount that was actually disbursed to students. For example, a student may be awarded grant or scholarship aid at the beginning of the academic year but then leave the institution before the entire amount is disbursed. In this case, institutions should report the original amount of grant or scholarship aid that was awarded. For reporting loans to students, institutions should continue to report on loans that were awarded to and accepted by the student.

Note also that different types of financial aid should be reported for different groups of students. Please review the instructions and the screens carefully to ensure that you are reporting the correct types of financial aid in the appropriate parts.

Institutions need to report aid in this component such that the net price calculations shown on [College Navigator](#) and used for the [College Affordability and Transparency lists](#) are a reflection of what students actually pay.

For total aid amounts, report to the nearest whole dollar and omit cents. For student counts, an unduplicated count should be given within a given aid category (e.g., Federal Pell Grants). However, a student can appear in more than one aid category.

What NOT to Include

Do not report student counts or aid amounts for the following:

- Students who were **only** graduate students at the institution during the reporting period
- Students who were enrolled **exclusively** in courses not creditable toward a certificate/degree
- Students who were enrolled **exclusively** in Continuing Education Units (CEUs)
- Students who were **exclusively** auditing classes
- Students in U.S. Department of Education Federal Pell Grant Experimental sites projects

Do not report:

- Federal Work Study amounts into any total aid amounts
- ROTC aid, which are excluded from estimated financial assistance, also known as EFA, in any total aid amounts
- Loans that are made to someone other than the student
- Military/veterans aid in Section 1 because such aid is ONLY reported in Section 2
- Experimental Federal Pell Grant amounts

Detailed Instructions

This section provides line-by-line instructions for each part of the Student Financial Aid component.

Part A - Establish Your Groups

Part A establishes the number of students in various groups. Note that the data you report on this screen will be carried forward to other parts of the Student Financial Aid component.

Higher Education Emergency Relief Act (HEERF) grants funded under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), and American Rescue Plan (ARP) Act are to be counted as federal aid, but not Title IV aid. As such, students who only receive HEERF grants should not be included in Group 3 or 4.

Instructions:

In the fields provided, report the number of students in each of the following groups:

Item Description

**01. Group 1
All undergraduate students**

Report the number of all undergraduate students who were enrolled any time during the prior academic year. Include all new and continuing undergraduate students (full-time students, part-time students, degree/certificate-seeking students, non-degree/certificate-seeking students, and all others). This number will be preloaded from your institution's IPEDS 12-month Enrollment component, but it may be modified if necessary. If you have questions about the value that has been preloaded in this field, please contact your institution's IPEDS Keyholder.

01a. Of those in Group 1 (all undergraduate students), those who are degree/certificate-seeking

Report the number of degree/certificate-seeking undergraduate students who were enrolled any time during the prior academic year. Include all new and continuing undergraduate students (full-time students, part-time students, degree/certificate-seeking students, non-degree/certificate-seeking students, and all others). This number will be preloaded from your institution's IPEDS 12-month Enrollment component, but it may be modified if necessary. If you have questions about the value that has been preloaded in this field, please contact your institution's IPEDS Keyholder.

01b. Of those in Group 1 (all undergraduate students), those who are non-degree/certificate-seeking

Report the number of non-degree/certificate-seeking undergraduate students who were enrolled any time during the prior academic year. Include all new and continuing undergraduate students (full-time students, part-time students, degree/certificate-seeking students, non-degree/certificate-seeking students, and all others). This number will be preloaded from your institution's IPEDS 12-month Enrollment component, but it may be modified if necessary. If you have questions about the value that has been preloaded in this field, please contact your institution's IPEDS Keyholder.

**02. Group 2
Of those in Group 1, those who are full-time, first-time degree/certificate-seeking**

Report the number of students who are full-time, first-time degree/certificate-seeking undergraduates.

02a. Of those in Group 2, those who were awarded any Federal Work Study; loans to students; or grant or scholarship aid from the federal government, state/local government, the institution, or other sources known to the institution

Report the number of students who were awarded any of the following:

- Federal Work Study;
- Government and/or private loans to students;
- Grant or scholarship aid from the federal government, state/local government, or the institution; or
- Grant or scholarship aid from other sources known to the institution, such as aid from private sources (e.g., Rotary Club Scholarship).

Note that the students reported in Line 02a are not defined as a particular group because no additional financial aid information will be collected about these students.

02b. Of those in Group 2, those who were awarded any loans to students or grant or scholarship aid from the federal government, state/local government, or the institution

Report the number of students who were awarded any of the following:

- Government and/or private loans to students; or
- Grant or scholarship aid from the federal government, state/local government, or the institution.

Note that the students reported in Line 02b are not defined as a particular group because no additional financial aid information will be collected about these students.

**03. Group 3
Of those in Group 2, those enrolled in your institution's largest program who were awarded grant or scholarship aid from the following sources: the federal government, state/local government, or the institution**

For public institutions, include only those students who paid the lower of in-state or in-district tuition rate. Report students who were awarded grant or scholarship aid from the following sources: the federal government, state/local government, or the institution. Do not include students who were awarded aid only from other sources.

04. Group 4
Of those in Group 2, those enrolled in your institution's largest program who were awarded any Title IV federal student aid

For public institutions, include only those students who paid the lower of in-state or in-district tuition rate. Report students who were awarded any Title IV federal student aid (i.e., report students who were awarded federal grant aid or who were awarded federal work study or federal student loans).

Title IV federal student aid includes:

- Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant
- Federal Work Study (FWS)
- Subsidized, and Unsubsidized Direct Loan programs.

Note: Report 100% of student FSEOG and FWS award amounts. That is, include the federal and matching share, regardless of the source of the match. Also, FSEOG and FWS award amounts should not exceed program amounts budgeted for the award year. That is, if the institution's packaging policy includes an over-awarding strategy to account for attrition to make sure all funds are expended, exclude these amounts from award amounts reported to IPEDS.

Part B - Financial Aid About Group 1

This part is intended to collect information about the number of Group 1 students and the total amounts of aid they were awarded by different aid types. Group 1 students are all undergraduate students enrolled any time during the prior academic year.

Emergency grants funded under the CARES, CRRSA, and ARP Acts should be included for Group 1 in Part B under "Grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution".

For this part, report:

For These Students	The Following Type(s) of Aid	Awarded in This Period
• All undergraduate students	<ul style="list-style-type: none"> • Grant or scholarship aid from the federal government • Grant or scholarship aid from state/local government • Grant or scholarship aid from the institution • Grant or scholarship aid from other sources known to the institution • Loans to students from the federal government 	• Any time during the prior academic year (the aid year period from July 1 through June 30)

Data carried forward from Part A include the following:

Information from Part A:	Prior Academic Year
Group 1 All undergraduate students (This number is carried forward from Part A, Line 01)	Carried forward from Part A
Of those in Group 1 (all undergraduate students), those who are degree/certificate-seeking	Carried forward from Part A
Of those in Group 1 (all undergraduate students), those who are non-degree/certificate-seeking	Carried forward from Part A

Instructions:

In the fields provided, report the number of Group 1 students and the total amount of aid awarded to these students for each type of aid.

Item **Description**

01. Grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution

Column 1. Report the number of all undergraduate (Group 1) students who were awarded grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution.

Column 2. The percentage of all undergraduate (Group 1) students who were awarded grant or scholarship aid is calculated for you.

Column 3. Report the total dollar amount of grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution awarded to all undergraduate (Group 1) students.

Column 4. The average amount of grant or scholarship aid awarded to all undergraduate (Group 1) students is calculated for you.

Column 5. Report the number of degree/certificate-seeking students who were awarded grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution.

Column 6. The percentage of degree/certificate-seeking students who were awarded grant or scholarship aid is calculated for you.

Column 7. Report the total dollar amount of grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution awarded to degree/certificate-seeking students.

Column 8. The average amount of grant or scholarship aid awarded to degree/certificate-seeking students is calculated for you.

Column 9. The number of non-degree/certificate-seeking students who were awarded grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution is calculated for you.

Column 10. The percentage of non-degree/certificate-seeking students who were awarded grant or scholarship aid is calculated for you.

Column 11. The total dollar amount of grant or scholarship aid from the federal government, state/local government, the institution, and other sources known to the institution awarded to non-degree/certificate-seeking students is calculated for you.

Column 12. The average amount of grant or scholarship aid awarded to non-degree/certificate-seeking students is calculated for you.

02. Federal Pell Grants (only applicable to all undergraduates and degree/certificate-seeking undergraduates)

Column 1. Report the number of Group 1 students who were awarded Federal Pell Grants. Do not include any other type of federal grant aid (e.g., Academic Competitiveness Grants).

Column 2. The percentage of Group 1 students who were awarded Federal Pell Grants is calculated for you.

Column 3. Report the total dollar amount of Federal Pell Grants awarded to all undergraduate Group 1 students. Do not include any other type of federal grant aid (e.g., Academic Competitiveness Grants).

Column 4. The average amount of Federal Pell Grants awarded to all undergraduate Group 1 students is calculated for you.

Column 5. The number of degree/certificate-seeking students who were awarded Federal Pell Grants is calculated for you.

Column 6. The percentage of degree/certificate-seeking students who were awarded Federal Pell Grants is calculated for you.

Column 7. The total dollar amount of Federal Pell Grants awarded to degree/certificate-seeking students is calculated for you.

Column 8. The average amount of Federal Pell Grants awarded to degree/certificate-seeking students is calculated for you.

03. Federal student loans (only applicable to all undergraduates and degree/certificate-seeking undergraduates)

Column 1. Report the number of Group 1 students who were awarded federal loans to students. Do not include any other type of federal loans (e.g., PLUS loans, which are made to the parent of a student).

Column 2. The percentage of Group 1 students who were awarded federal student loans is calculated for you.

Column 3. Report the total dollar amount of federal student loans awarded to Group 1 students. Do not include any other type of federal loans (e.g., PLUS loans, which are made to the parent of a student).

Column 4. The average amount of federal student loans awarded to students in Group 1 is calculated for you.

Column 5. The number of degree/certificate-seeking students who were awarded federal loans to students is calculated for you.

Column 6. The percentage of degree/certificate-seeking students who were awarded federal student loans is calculated for you.

Column 7. The total dollar amount of federal student loans awarded to degree/certificate-seeking students is calculated for you.

Part C, Page 1 - Enter Financial Aid About Group 2

This part is intended to collect information about the number of Group 2 students who may be paying different tuition rates. Group 2 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in the prior Fall.

Data carried forward from Part A include the following:

Information from Part A:	Prior Fall
Group 2 Full-time, first-time degree/certificate-seeking undergraduates (This number is carried forward from Part A, Line 02)	Carried forward from Part A

Instructions:

In the fields provided, report the number of Group 2 students paying in-district, in-state, and out-of-state tuition rates.

Part C, Page 2 - Enter Financial Aid About Group 2

This part is intended to collect information about the number of Group 2 students and the total amounts of aid they were awarded by different aid types. For academic reporters, Group 2 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in the prior Fall. For program reporters, Group 2 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled any time during the prior academic year.

Emergency grants funded under the CARES, CRRSA, and ARP Acts should be included for Group 2 in Part C under "Other federal grants".

For this part, report:

For These Students	The Following Type(s) of Aid	Awarded in This Period
<ul style="list-style-type: none"> Full-time, first-time, degree/certificate-seeking undergraduate students enrolled in the prior Fall (academic reporters) or any time during the prior academic year (program reporters) 	<ul style="list-style-type: none"> Grant or scholarship aid from the federal government Grant or scholarship aid from state/local government Grant or scholarship aid from the institution Loans to students from the federal government and from other sources, including private loans Do not include grant or scholarship aid from private or other sources Do not include PLUS loans or loans made to anyone other than the student 	<ul style="list-style-type: none"> Any time during the prior academic year For program reporters, this is the aid year period from July 1 through June 30.

Data carried forward from Part A include the following:

Information from Part A:	Prior Academic Year
Group 2a Of those in Group 2, those who were awarded any Federal Work Study, loans to students, or grant or scholarship aid from the federal government, state/local government, the institution, or other sources known to the institution (This number is carried forward from Part A, Line 02a)	Carried forward from Part A
Group 2b Of those in Group 2, those who were awarded any loans to students or grant or scholarship aid from the federal government, state/local government, or the institution (This number is carried forward from Part A, Line 02b)	Carried forward from Part A
Group 03 Of those in Group 2, those (enrolled in the largest program for program reporters) who paid the lower of in-state or in-district tuition rate and were awarded grant or scholarship aid from the federal government, state/local government, or the institution (This number is carried forward from Part A, Line 03)	Carried forward from Part A

Note: Two aid categories in this section are further disaggregated into subcategories. Because students may be awarded more than one type of aid, the sum of the values you enter in the subcategories will not necessarily equal the value you enter in the aid category. However, the total number of students reported for the aid category cannot exceed the sum of subcategories. (For example, the number of students who were awarded federal grants cannot exceed the sum of the number of students who were awarded Federal Pell Grants and the number who were awarded other federal grants). In addition, the total number of students reported for an aid category must be at least as large as the largest of those reported in a subcategory.

Instructions:

In the fields provided, report the number of Group 2 students and the total amount of aid they were awarded for each type of aid.

Item Description

01. Grant or scholarship aid from the federal government, state/local government, and the institution

Column 1. Report the number of Group 2 students who were awarded one or more grants or scholarships from the federal government, state/local government, or the institution. If a student appears in more than one type of aid category in Lines 02 through 04, that student should only be counted once for Line 01. Do not include students who were awarded **only** grants or scholarships from private sources (e.g., Rotary Club Scholarship).

Column 2. The percentage of Group 2 students who were awarded one or more grants or scholarships from the federal government, state/local government, or the institution will be calculated for you.

Column 3. The total dollar amount for Line 01 will be calculated for you. This value is calculated using the following formula: [(Line 02, Column 3) + (Line 03, Column 3) + (Line 04, Column 3)].

Column 4. The average amount of grants or scholarships from the federal government, state/local government, or the institution awarded to Group 2 students will be calculated for you.

02. Federal grants

This aid category is disaggregated into the following two subcategories: Federal Pell Grants and other federal grants.

Column 1. Report the number of Group 2 students who were awarded one or more grants from the federal government. This includes Federal Pell Grants and other federal grants. If a student appears in more than one type of aid category in Lines 02a or 02b, that student should only be counted once for Line 02. **Note that this number should be at least as large as the largest number reported in Line 02a, Column 1 or Line 02b, Column 1. In addition, this number cannot exceed the sum of [(Line 02a, Column 1) + (Line 02b, Column 1)].**

Column 2. The percentage of Group 2 students who were awarded one or more grants from the federal government will be calculated for you.

Column 3. The total dollar amount for Line 02 will be calculated for you. This value is calculated using the following formula: [(Line 02a, Column 3) + (Line 02b, Column 3)].

Column 4. The average amount of grants from the federal government awarded to Group 2 students will be calculated for you.

02a. Federal Pell grants

Column 1. Report the number of Group 2 students who were awarded a Federal Pell Grant.

Column 2. The percentage of Group 2 students who were awarded a Federal Pell Grant will be calculated for you.

Column 3. Report the total dollar amount of all Federal Pell Grants awarded to Group 2 students.

Column 4. The average amount of Federal Pell Grants awarded to Group 2 students will be calculated for you.

02b. Other federal grants

Column 1. Report the number of Group 2 students who were awarded other federal grants. Other federal grants include Title IV grant aid **other than a Pell grant**.

Column 2. The percentage of students Group 2 students who were awarded other federal grants will be calculated for you.

Column 3. Report the total dollar amount of all other federal grants awarded to Group 2 students.

Column 4. The average amount of other federal grants awarded to Group 2 students will be calculated for you.

03. State/local government grants or scholarships (grants/scholarships/waivers)

Column 1. Report the number of Group 2 students who were awarded grant or scholarship aid from a state/local government. This includes grants, scholarships, or waivers funded by a state or local government. Do not include any other types of grants.

Column 2. The percentage of Group 2 students who were awarded grants or scholarships from a state/local government will be calculated for you.

Column 3. Report the total dollar amount of all grants or scholarships from a state/local government awarded to Group 2 students.

Column 4. The average amount of grants or scholarships from a state/local government awarded to Group 2 students will be calculated for you.

04. Institutional grants or scholarships (scholarships/fellowships)

Column 1. Report the number of Group 2 students who were awarded grant or scholarship aid from the institution. This includes grants, scholarships, or fellowships funded by the institution. Do not include any other types of grants.

Column 2. The percentage of Group 2 students who were awarded grants or scholarships from the institution will be calculated for you.

Column 3. Report the total dollar amount of all grants or scholarships from the institution awarded to Group 2 students.

Column 4. The average amount of grants or scholarships from the institution awarded to Group 2 students will be calculated for you.

05. Loans to students

This aid category is disaggregated into the following two subcategories: federal loans and other loans.

Column 1. Report the number of Group 2 students who were awarded one or more loans to students. This includes loans from the federal government and from other sources (including private lenders). If a student appears in more than one type of loan category in Lines 05a or 05b, that student should only be counted once for Line 05. **Note that this number should be at least as large as the largest number reported in Line 05a, Column 1 or Line 05b, Column 1. In addition, this number cannot exceed the sum of [(Line 05a, Column 1) + (Line 05b, Column 1)].**

Column 2. The percentage of Group 2 students who were awarded one or more loans to students will be calculated for you.

Column 3. The total dollar amount for Line 05 will be calculated for you. This value is calculated using the following formula: [(Line 05a, Column 3) + (Line 05b, Column 3)].

Column 4. The average amount of loans to students awarded to Group 2 students will be calculated for you.

05a. Federal loans

Column 1. Report the number of Group 2 students who were awarded one or more loans to students from the federal government. Do not include loans to others (e.g., PLUS loans to parents) and do not include any other type of grant or loan aid.

Column 2. The percentage of Group 2 students who were awarded one or more loans to students from the federal government will be calculated for you.

Column 3. Report the total dollar amount of all loans to students from the federal government awarded to Group 2 students.

Column 4. The average amount of loans to students from the federal government awarded to Group 2 students will be calculated for you.

05b. Other loans

Column 1. Report the number of Group 2 students who were awarded one or more loans to students from sources **other than the federal government**. This includes private loans to students. Do not include loans to others (e.g., loans to parents).

Column 2. The percentage of Group 2 students who were awarded one or more loans to students from sources other than the federal government will be calculated for you.

Column 3. Report the total dollar amount of all loans to students from sources other than the federal government awarded to Group 2 students.

Column 4. The average amount of loans to students from sources other than the federal government awarded to Group 2 students will be calculated for you.

Cost of Attendance Revision

If you made errors in the prior year reporting of cost of attendance in the IC component, you can make changes in the SFA component. However, there are no prior year revisions for the SFA component. Please refer to the instructions on reporting cost of attendance in the IC component.

Estimates of expenses for books and supplies, room and board, and other expenses are those from the Cost of Attendance report used by the financial aid office in determining financial need. Please talk to your financial aid office to get these numbers to ensure that you are reporting correctly.

Part D - Enter Financial Aid About Group 3

This part is intended to collect information used to estimate the average net price for Group 3 students in Part F.

Group 3 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the prior academic year who were awarded grant or scholarship aid from the following sources: federal government, state/local government, or the institution. Students who were awarded only grant or scholarship aid from private or other sources, or students who were awarded only non-grant aid should not be included in this group.

Emergency grants funded under the CARES, CRRSA, and ARP Acts should NOT be included for Group 3 in Part D under "Report the total amount of grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students," as inclusion of these grants would skew net price calculations.

For this part, report:

For These Students	The Following Type(s) of Aid	Awarded in this Period

Note: In this part, you will be asked to report living arrangement information for Group 3 students. The living arrangement categories used in this component are the same categories used to describe living arrangements for Federal Student Aid purposes. Students indicate their intended living arrangement on the Free Application for Federal Student Aid (FAFSA).

Institutions should use the most recently available information regarding student living arrangements. For example, a student may have indicated on her or his FAFSA or an institutional financial aid application that she or he planned to live at home with family. But when the student enrolled, she or he decided to live on campus. Although the student may not have modified the FAFSA to reflect the updated living arrangement, the institution may have more recent information in its financial aid system indicating that the student lived on campus according to the most recent aid package for that student during the financial aid year. In this case, the institution should classify this student as an on-campus student.

A student should be counted in only one category—the one that the institution used most recently to develop or modify that student's financial aid package. If a student in this group did not complete the FAFSA, that student may appear as having an unknown living arrangement in Line 01d. However, if the institution knows the living arrangement for the student, then the student should be reported in the appropriate category.

Instructions:

In the fields provided, report the number of Group 3 students with each type of living arrangement and the total amount of grant or scholarship aid from the federal government, state/local government, or the institution awarded to these students.

Item Description

01. Report the number of Group 3 students with the following living arrangements.

- 01a. On-campus.** Report the number of Group 3 students who lived on-campus.
- 01b. Off-campus (with family).** Report the number of Group 3 students who lived off-campus with their parents or guardians.
- 01c. Off-campus (not with family).** Report the number of Group 3 students who lived off-campus not with their parents or guardians.
- 01d. Unknown (calculated).** This value is calculated using the following formula: $[A03 - (D01a + D01b + D01c)]$, where A03 is the number of Group 3 students that you entered in Part A, Line 03. Note that this number should be a small percentage of the total number of students in a given year because institutions should have this information available for all students that completed the FAFSA as well as other information they have in their financial aid data systems.

02. Report the total amount of grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students

Report the total dollar amount of grants and scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students. Exclude grant or scholarship aid from private sources (e.g., Rotary Club Scholarship) and exclude all loan aid.

03. Average grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students

The average grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students will be calculated for you. This value is calculated using the following formula: $[D02/A03]$. This amount will be used in Part F to calculate net price.

Part E - Enter Financial Aid About Group 4

This part is intended to collect information used to estimate the average net price for Group 4 students in Part G.

Group 4 students are full-time, first-time degree/certificate-seeking undergraduates enrolled in your institution's largest program any time during the prior academic year who were awarded any Title IV federal student aid (i.e., students who were awarded federal grant aid or who were awarded federal work study or federal student loans). For public institutions, Group 4 includes only those students who paid the lower of in-state or in-district tuition rate.

Title IV federal student aid includes the following:

- Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant
- Federal Work Study (FWS)
- Subsidized and Unsubsidized Direct Loan programs

Note: Report 100% of student FSEOG and FWS award amounts. That is, include the federal and matching share, regardless of the source of the match. Also, FSEOG and FWS award amounts should not exceed program amounts budgeted for the award year. That is, if the institution's packaging policy includes an over-awarding strategy to account for attrition to make sure all funds are expended, exclude these amounts from award amounts reported to IPEDS.

Emergency grants funded under the CARES, CRRSA, and ARP Acts should NOT be included for Group 4 in Part E under "grant or scholarship aid from the following sources: the federal government, state/local government, or the institution," as inclusion of these grants would skew net price calculations.

For this part, report:

For These Students	The Following Type(s) of Aid	Awarded in this Period
<ul style="list-style-type: none"> • Full-time, first-time, degree/certificate-seeking undergraduate students enrolled in your institution's largest program who were awarded any Title IV federal student aid • For public institutions, include only those students who paid the lower of in-state or in-district tuition rate. 	<ul style="list-style-type: none"> • Grant or scholarship aid from: <ul style="list-style-type: none"> ◦ federal government ◦ state/local government ◦ the institution • Do not include: <ul style="list-style-type: none"> ◦ grant or scholarship aid from private or other sources ◦ federal student loans ◦ parent PLUS loans ◦ private loans ◦ HEERF grants ◦ Federal Work Study amounts 	<ul style="list-style-type: none"> • Any time during the prior academic year (the aid year period from July 1 through June 30)

Notes: In this part, you will be asked to report living arrangement information for Group 4 students. The living arrangement categories used in this component are the same categories used to describe living arrangements for Federal Student Aid purposes. In this case, the institution should classify this student as an on-campus student.

A student should be counted in only one category—the one that the institution used most recently to develop or modify that student's financial aid package. If a student in this group did not complete the FAFSA, that student may appear as having an unknown living arrangement in Line 01d. However, if the institution knows the living arrangement for the student, then the student should be reported in the appropriate category.

In this part, you will also be asked to report the number of students in Group 4 and the total amount of grant or scholarship aid they were awarded by income level. To determine the income level of the student, use the income that was used by the institution's financial aid office to determine the student's Expected Family Contribution (EFC). For dependent students this will include the parents' adjusted gross income and the student's adjusted gross income. For independent students this will include the student's adjusted gross income.

Instructions:

In the fields provided, report the number of Group 4 students with each type of living arrangement.

Part F - Net Price Calculation for Group 3

This part is intended to summarize the information used to estimate the average net price for Group 3 students.

Group 3 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the prior academic year who were awarded grant or scholarship aid from the following sources: the federal government, state/local government, or the institution. For public institutions, Group 3 includes only those students who paid the lower of in-state or in-district tuition rate.

As required by the HEA, as amended (2008), the average net price for Group 3 students will be posted on [College Navigator](#). In addition, the average net price calculated for this group will be used in the U.S. Department of Education's [College Affordability and Transparency lists](#).

The components used to estimate the average net price include the average total cost of attendance for the institution's largest program and the average grant or scholarship aid awarded to Group 3 students. The total cost of attendance is the sum of published tuition and required fees (Line 01), books and supplies (Line 02) and the weighted average by living arrangement for room and board and other expenses (Line 05). Information about cost of attendance is carried forward from data that your institution reported in the Institutional Characteristics component of IPEDS. If you did not enter this information and have questions about the values entered here, contact your institution's IPEDS Keyholder.

The source or calculation for each line is described here.

Item Description

01. Published tuition and required fees (lower of in-state or in-district at public institutions)

The published tuition and required fees (lower of in-state or in-district at public institutions) are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

02. Books and supplies

The cost for books and supplies are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

03. Room and board and other expenses by living arrangement

The cost for room and board and other expenses by living arrangement are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

04. Number of Group 3 students by living arrangement

These numbers are carried forward from Part D, Lines 01a through 01d.

05. Weighted average by living arrangement (excluding unknown values) for room and board and other expenses

This value is generated by determining the average room and board and other expenses (Lines 03a through 03c) weighted by student living arrangement (excluding students in the unknown category). This value is calculated using the following formula:

$$\text{Line 05} = \left[\frac{\text{Line 03a} \times (\text{Line 04a} / (\text{Line 04a} + \text{Line 04b} + \text{Line 04c})) \right] + \left[\frac{\text{Line 03b} \times (\text{Line 04b} / (\text{Line 04a} + \text{Line 04b} + \text{Line 04c})) \right] + \left[\frac{\text{Line 03c} \times (\text{Line 04c} / (\text{Line 04a} + \text{Line 04b} + \text{Line 04c})) \right]$$

06. Total cost of attendance

This value is calculated using the following formula: Line 01 + Line 02 + Line 05.

07. Average grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 3 students

This value is carried forward from Part D, Line 04.

08. Average institutional net price for Group 3 students

The average institutional net price for full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the prior academic year who were awarded grant or scholarship aid from the federal government, state/local government, or the institution is calculated for you. This value is calculated using the following formula: Line 06 – Line 07. The average net price for Group 3 students will be posted on [College Navigator](#) and used in the U.S. Department of Education's [College Affordability and Transparency lists](#).

Part G - Net Price Calculation for Group 4

This part is intended to summarize the information used to estimate the average net price for Group 4 students.

Group 4 students are all full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the prior academic year who were awarded Title IV federal student aid. For public institutions, Group 4 includes only those students who paid the lower of in-state or in-district tuition rate.

As required by the HEA, as amended (2008), the average net price for Group 4 students will be posted on [College Navigator](#).

The components used to estimate the average net price include the average total cost of attendance for the institution's largest program and the average grant or scholarship aid awarded to Group 4 students. The total cost of attendance is the sum of published tuition and required fees (Line 01), books and supplies (Line 02) and the weighted average by living arrangement for room and board and other expenses (Line 05). Information about cost of attendance is carried forward from data that your institution reported in the Institutional Characteristics component of IPEDS. If you did not enter this information and have questions about the values entered here, contact your institution's IPEDS Keyholder.

The source or calculation for each line is described here.

Item Description**01. Published tuition and required fees (lower of in-state or in-district at public institutions)**

The published tuition and required fees (lower of in-state or in-district at public institutions) are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

02. Books and supplies

The cost for books and supplies are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

03. Room and board and other expenses by living arrangement

The cost for room and board and other expenses by living arrangement are carried forward from data that your institution reported on the IPEDS Institutional Characteristics component, Part D - Student Charges, Cost of Attendance.

04. Number of Group 4 students by living arrangement

These numbers are carried forward from Part E, Lines 01a through 01d.

05. Weighted average by living arrangement (excluding unknown values) for room and board and other expenses

This value is generated by determining the average room and board and other expenses (Lines 03a through 03c) weighted by student living arrangement (excluding students in the unknown category). This value is calculated using the following formula: Line 05 = $[\text{Line } 03a * (\text{Line } 04a / (\text{Line } 04a + \text{Line } 04b + \text{Line } 04c))] + [\text{Line } 03b * (\text{Line } 04b / (\text{Line } 04a + \text{Line } 04b + \text{Line } 04c))] + [\text{Line } 03c * (\text{Line } 04c / (\text{Line } 04a + \text{Line } 04b + \text{Line } 04c))]$

06. Total cost of attendance

This value is calculated using the following formula: Line 01 + Line 02 + Line 05.

07. Average grant or scholarship aid from the federal government, state/local government, or the institution awarded to Group 4 students

These values are carried forward from Part E, Line 04, Column 4 for each income level.

08. Average institutional net price for Group 4 students

The average institutional net price for full-time, first-time degree/certificate-seeking undergraduate students enrolled in your institution's largest program any time during the prior academic year who were awarded Title IV federal student aid is calculated for you. These values are calculated for each income level using the following formula: Line 06 – Line 07. The average net price for Group 4 students by income level will be posted on [College Navigator](#).

Section 2. Military Servicemembers and Veteran Students with Benefits

Purpose of Component

The purpose of the Student Financial Aid (SFA) component is to collect information about the financial aid provided to various groups of undergraduates in order to meet requirements of the *Higher Education Act of 1965*, as amended. Starting in the 2014-15 data collection year, SFA expanded to collect information on the federal dollars supporting military servicemember and veteran undergraduate and graduate students.

As presented in the *Technical Review Panel Report #36* (March 2012), the increase in beneficiaries and federal dollars has led to an increased demand for information to help prospective students decide where to use their educational benefits, researchers to study the impact of the programs on college outcomes, and policymakers to assess the effectiveness of benefits programs and return on investment.

Top ▲

Who Must Report

All registered IPEDS institutions that educate military servicemembers, veterans, or eligible dependents receiving any Tuition Assistance Program or Post-9/11 GI Bill benefits. Report only those that **RECEIVED** the benefit(s).

Changes in reporting

The following changes were implemented for the 2022-23 data collection period:

- Minor wording changes were made for clarification.

General Instructions

What You Will Need

If you are unfamiliar with these educational benefits, a general synopsis of each program is found below.

1. Post-9/11 GI Bill

- Effective August 1, 2009, benefit provides payment of tuition and fees, monthly housing allowance, and books and supplies stipend.
- Tuition and fees are paid directly to the institution on behalf the students; thus, institutions should know which students have Post-9/11 GI Bill benefits and the amount of benefits received at the institution.
- Educational benefits can be transferred to a dependent.
- Program expanded in 2011 to cover non-degree-granting programs, apprenticeships/on-the-job training programs, flight training programs, and training correspondence.
- The Yellow Ribbon program through the Post-9/11 GI Bill is an institutional aid matching program only for tuition and fees for students attending participating institutions.
- For more information, visit the Department of Veteran Affairs, Post-9/11 GI Bill Benefits website http://www.benefits.va.gov/gibill/post911_gibill.asp

2. Department of Defense Tuition Assistance Program (DOD TAP)

- For active duty servicemembers, reservists called to active duty, and their spouses.
- Educational payments cover only tuition and fees and are made directly to the institution.
- GI Bill benefits can be used to supplement costs not covered by this program.

- For more information, visit the Department of Defense Tuition Assistance Program website <http://www.dodmou.com/> and see 38 USC § 36 (2020). Consult and verify the data with your institutional representative who certifies these benefits. This individual or office may not be in the student financial aid office.

About the Data

The Post-9/11 GI Bill and Tuition Assistance programs may only highlight two of many educational benefits provided to military servicemembers and veterans. However, from a national perspective, Post-9/11 GI Bill and Tuition Assistance programs are more likely to be found across over 7,500 IPEDS institutions.

For Yellow Ribbon participating institutions, the institutional aid provided through the Post-9/11 GI Bill Yellow Ribbon matching program should NOT be included in the Post-9/11 GI Bill's Total dollar amount of benefits/assistance awarded through the institution.

Context Boxes

Optional context boxes throughout the component allow institutions to provide more information regarding reported data. Note that the information in these context boxes may be posted on the U.S. Department of Education's College Navigator website. NCES will review entries in these context boxes for applicability and appropriateness before posting them on College Navigator. However, institutions should ensure that entries in these context boxes are free from grammatical and spelling errors and are written so that they can be understood by students and parents.

Interactive Edits

This component contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 or ipedshelp@rti.org for resolution.

Coverage

Reporting Period

The data reported for the Post-9/11 GI Bill benefit questions should be for the prior academic year, from July 1 to June 30. For example, for the 2022-23 data collection year, the data reported will be July 1, 2021-June 30, 2022.

The data reported for the Department of Defense Tuition Assistance Program questions should be for the prior academic year, from October 1 to September 30. For example, for the 2022-23 data collection year, the data reported will be October 1, 2021-September 30, 2022.

Detailed Instruction

This section provides line-by-line instructions for the Military Servicemember and Veteran Benefits questions.

For the Post-9/11 GI Bill benefit, please provide in the first column the number of students receiving the benefit during the July 1-June 30 reporting period (see coverage above). In the second column, provide the total dollar amount for each benefit during the same reporting period.

For the Department of Defense Tuition Assistance Program benefit, please provide in the first column the number of students receiving the benefit during the October 1-September 30 reporting period (see coverage above). In the second column, provide the total dollar amount for each benefit during the same reporting period.

If your institution did not have any student beneficiaries for one of the benefit programs, enter a zero (0) in the cell. In other words, do NOT leave the cell blank for a program that did not have any beneficiaries.

For Yellow Ribbon participating institutions, the institutional aid provided through the Post-9/11 GI Bill Yellow Ribbon matching program should NOT be included in the Post-9/11 GI Bill's Total dollar amount of benefits/assistance awarded through the institution.

Glossary

Term	Definition
Allowable costs	<p>Except in the case of incarcerated students, allowable costs for the cost of attendance typically include:</p> <ul style="list-style-type: none"> • Tuition and fees; • Room and board; • Books and supplies; • Transportation, and miscellaneous expenses, which may include: <ul style="list-style-type: none"> ◦ Rental or purchase of a personal computer; ◦ Vehicle maintenance for transportation to and from the institution; and ◦ Prior learning assessment costs. <p>An allowance for:</p> <ul style="list-style-type: none"> ◦ Dependent care; ◦ Study abroad expenses; ◦ Disability expenses; ◦ Employment expenses for co-op study; and ◦ Loan fees. <p>Note: Certain restrictions and limitations may apply to the cost components and allowances, especially for less-than-full-time, correspondence, and incarcerated students.</p>
Average cost of attendance	<p>The average of the actual or average allowable costs as defined by the Higher Education Act of 1965, as amended, used to determine a student's eligibility for Title IV and other financial aid programs. The average may be based on all students or different categories of students such as undergraduates or graduates. Other student categories may include enrollment status, academic program, or residency. For IPEDS reporting purposes, cost of attendance is only reported for full-time, first-time students.</p>
Average Net price	<p>The <i>Higher Education Act, as amended (2008)</i>, defines institutional net price as "the average yearly price actually charged to first-time, full-time undergraduate students receiving student aid at an institution of higher education after deducting such aid." In IPEDS, average institutional net price is generated by subtracting the average amount of federal, state/local government, or institutional grant and scholarship aid from the total <u>cost of attendance</u>. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for applicable institutions), books and supplies, and the weighted average for room and board and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS.</p>
Cohort year	<p>The year that a cohort of students begins attending college.</p>
Cost of attendance (for IPEDS reporting purposes)	<p>The amount of tuition and fees, room and board, books and supplies, and other expenses that a full-time, first-time degree/certificate-seeking student can expect to pay to go to college for an academic year. Costs reported to IPEDS by the institution are those amounts used by the financial aid office to determine a student's financial need for the academic year, which is typically nine months.</p>
Cross-over award period	<p>A term or period of enrollment in a course or program that begins in one award year and ends in the subsequent award year.</p>
Federal grants (grants/educational assistance funds)	<p>Grants provided by federal agencies such as the U.S. Department of Education, including Title IV Pell Grants and <u>Supplemental Educational Opportunity Grants (SEOG)</u>. Also includes need-based and merit-based educational assistance funds and training vouchers provided from other federal agencies and/or federally sponsored educational benefits programs. (Used for reporting on the <u>Student Financial Aid</u> component)</p>
Federal Work Study (FWS)	<p>A part-time work program awarding on- or off-campus jobs to students who demonstrate financial need. FWS positions are primarily funded by the federal government (federal share), but are also partially funded by other organizations, including the institution (non-federal share). FWS is awarded to eligible students by the college as part of the student's financial aid package. The maximum FWS award is based on the student's financial need, the number of hours the student is able to work, and the amount of FWS funding available at the institution. This is a type of Title IV Aid, but it is not considered grant or loan aid to students.</p>
Financial aid	<p>Federal Work Study, grants, loans to students (government and/or private), assistantships, <u>scholarships</u>, <u>fellowships</u>, tuition waivers, tuition discounts, employer aid (tuition reimbursement) and other monies (other than from relatives/friends) provided to students to meet expenses. This excludes loans to parents.</p>
First-time student (undergraduate)	<p>A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the <u>undergraduate level</u>. This includes students enrolled in <u>academic</u> or <u>occupational programs</u>. It also includes students enrolled in the <u>fall term</u> who attended college for the first time in the prior summer session, and students who entered with advanced standing (college <u>credits</u> or recognized postsecondary credential earned before graduation from high school).</p>

Full-time student	Undergraduate: A student enrolled for 12 or more <u>semester credits</u> , or 12 or more <u>quarter credits</u> , or 24 or more <u>clock hours</u> a week each term. Graduate: A student enrolled for 9 or more semester credits, or 9 or more quarter credits, or a student involved in thesis or dissertation preparation that is considered full-time by the institution. <u>Doctor's degree - Professional practice</u> - full-time as defined by the institution.
Institutional grants	<u>Scholarships</u> and <u>fellowships</u> granted and funded by the institution and/or individual departments within the institution, (i.e., instruction, research, public service) that may contribute indirectly to the enhancement of these programs . Includes scholarships targeted to certain individuals (e.g., based on state of <u>residence</u> , major field of study, athletic team participation) for which the institution designates the recipient.
Integrated Postsecondary Education Data System (IPEDS)	The Integrated Postsecondary Education Data System (IPEDS), conducted by the <u>NCES</u> , began in 1986 and involves annual institution-level data collections. All <u>postsecondary institutions</u> that have a <u>Program Participation Agreement</u> with the Office of Postsecondary Education (OPE), U.S. Department of Education (throughout IPEDS referred to as "Title IV") are required to report data using a web-based <u>data collection system</u> . IPEDS currently consists of the following components: <u>Institutional Characteristics (IC)</u> ; <u>12-month Enrollment (E12)</u> ; <u>Completions (C)</u> ; <u>Admissions (ADM)</u> ; <u>Student Financial Aid (SFA)</u> ; <u>Human Resources (HR)</u> composed of Employees by Assigned Position, Fall Staff, and Salaries; <u>Fall Enrollment (EF)</u> ; <u>Graduation Rates (GR)</u> ; <u>Outcome Measures (OM)</u> ; <u>Finance (E)</u> ; and <u>Academic Libraries (AL)</u> .
Loans to students	Any monies that must be repaid to the lending institution for which the student is the designated borrower. Includes all Title IV subsidized and unsubsidized loans and all institutionally and privately sponsored loans. Does not include PLUS and other loans made directly to parents.
Military Tuition Assistance Program (TAP)	A program that funds up to 100% of an eligible servicemember's college tuition and course-specific fees. Available only to eligible servicemembers who are currently in active service as long as criteria limits are not exceeded and students are enrolled off-duty in an U.S. Department of Education accredited post-secondary institution. This military benefit is paid directly to the postsecondary institution by the individual's Armed service.
Off-campus (not with family)	A living arrangement in which a student does not live with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution.
Off-campus (with family)	A living arrangement in which a student lives with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution.
On-campus housing	Any residence hall or housing facility owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes.
Post 9/11 GI Bill	A federal education benefit program for veterans, who served on active duty after September 10, 2001. This Department of Veteran Affairs benefit provides up to 36 months of education benefits at an approved institution for the following college costs: tuition and fees, books and supplies, and housing. The tuition and fees payment, which is the cost for an in-state student attending a public institution, is made directly to the postsecondary institution whereas payments for books and supplies and housing are sent directly to the student.
Scholarships	Grants-in-aid, trainee stipends, <u>tuition</u> and <u>required fee</u> waivers, prizes or other monetary awards given to <u>undergraduate</u> students.
State and local grants	Grant monies provided by the state such as Leveraging Educational Assistance Partnerships (LEAP) (formerly SSIG's); merit <u>scholarships</u> provided by the state; and <u>tuition</u> and <u>fee</u> waivers for which the institution was reimbursed by a state agency. Local government grants include scholarships or gift-aid awarded directly to the student. (Used for reporting Finance data for <u>private for-profit institutions</u>)
Title IV aid	Title IV aid to students includes grant aid, work study aid, and loan aid. Current and historical programs include: <u>Federal Pell Grant</u> , <u>Federal Supplemental Educational Opportunity Grant (FSEOG)</u> , Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and Higher Education (TEACH) Grant, <u>Federal Work-Study</u> , <u>Federal Perkins Loan (formerly the National Direct Student loan or NDSL program)</u> , Subsidized and Unsubsidized Federal Family Education Loan (FFEL) also known as the Stafford Loan (formerly the Guaranteed Student Loan or GSL program), and Subsidized and Unsubsidized William D. Ford Direct Loan.
Title IV institution	An institution that has a written agreement with the Secretary of Education that allows the institution to participate in any of the Title IV federal student financial assistance programs (other than the State Student Incentive Grant (SSIG) and the National Early Intervention Scholarship and Partnership (NEISP) programs).
Total cost of attendance	The sum of the cost of attendance components used to compute the average net price for first-time, full-time degree or certificate seeking students for IPEDS reporting purposes. This amount is typically based on a nine-month period for institutions using a traditional academic calendar. Program reporters provide one month of costs that are annualized in the system for IPEDS reporting purposes.

Total student charges	The total amount on the student's bill from the institution—account balance. For students and parents, this includes all charges and financial assistance applied to the student's account at the institution. It may or may not include all financial aid credit balance check amounts or refunds the institution pays back to the financial aid program, student, parent, or other payee when applicable. All award amounts the student was eligible to receive , including credit balance checks and refund amounts, should be reported to IPEDS.
Transfer of Entitlement Option	A program through which any unused Post 9/11 GI Bill may be transferred to a spouse or dependent(s) as long as servicemembers or veterans meet the additional Department of Veterans Affairs criteria. Only Department of Defense (DoD) can approve transfer of benefits requests.
Yellow Ribbon Program	A voluntary program through which participating public and private institutions can provide veterans and eligible beneficiaries additional institutional aid to cover the costs of tuition and fees at their institutions. The Yellow Ribbon Program is a supplementary program to the Post 9/11 GI Bill coverage of in-state tuition and fees. The Department of Veterans Affairs matches the institutional aid provided beyond the in-state tuition and fees, but up to a certain limit each year.

General

- 1) Which institutions are required to complete the IPEDS Student Financial Aid (SFA) component?

All postsecondary institutions that either 1.) participate in federal student financial aid programs that enrolled undergraduate students or 2.) enroll students who received an educational benefit (e.g., Department of Defense Tuition Assistance or Department of Veteran Affairs Post-9/11GI Bill) any time during academic year 2021-22 must complete SFA.

[Top ▲](#)

2)

What is the reporting period covered by SFA for the 2022-23 collection year?

For the 2022-23 data collection, institutions should report award or disbursement data as specified for students enrolled during for academic year 2021-22.

For Title IV participating institutions that enroll undergraduate students:

- For **academic reporters**, the academic year is defined as the period of time generally extending from September to June; usually equated to 2 semesters or trimesters, 3 quarters, or the period covered by a 4-1-4 calendar system.

To determine the financial aid amounts to report for a given group of students, first identify the students in that group (e.g., for Group 2, full-time, first-time degree/certificate-seeking undergraduates enrolled in Fall 2021). Second, determine the financial aid that was awarded to these students any time during the 2021-22 academic year.

- For **program reporters**, the academic year is defined by the institution, so long as the institutionally defined academic year falls within the full aid year period of July 1-June 30.

To determine the financial aid amounts to report for a given group of students, first identify the students in that group (e.g., for Group 2, full-time, first-time degree/certificate-seeking undergraduates enrolled any time during the academic year). Second, determine the financial aid that was awarded to these students any time during the academic year.

For institutions that enroll undergraduate and graduate students who received military or veteran benefits:

- The data reported for the **Post-9/11 GI Bill** benefit questions should be for the prior academic year, from July 1 to June 30.
- The data reported for the **Department of Defense Tuition Assistance Program** questions should be for the prior academic year, from October 1 to September 30.

[Top ▲](#)

3)

What changes occurred for SFA for the 2022-23 collection year?

The following changes were implemented for the 2022-23 data collection period:

- Degree/certificate-seeking and non-degree/certificate-seeking data items were added in Parts A and B to disaggregate financial aid award amounts reported in Part B by these student categories.
- New FAQs were added to clarify concepts.
- Aid that should be include has been updated.
- Minor wording changes were made for clarification.

[Top ▲](#)

4)

Can I revise my institutions cost of attendance (COA) data in SFA?

Yes, the 3 most recent COA years can be changed in SFA's "Cost Revision" screen, which carried forward the COA data from Institutional Characteristics (IC) component. Changes should only be made if errors were made in the IC reporting. Changes cannot be made in the prior year revision system.

[Top ▲](#)

5)

Should my institution, which is participating as an experimental site, report high school students or incarcerated students who have received a Federal Pell Grant while taking college coursework?

If your institution is participating in the Dual Enrollment experimental site or the Second Chance Pell experimental site program, exclude these students from reporting.

Student Counts

1)

For which students should I report financial aid information?

SFA collects information on undergraduate students only.

Academic reporters should report on students who were enrolled as of October 15, or the institution's official Fall reporting date.

Program reporters should report on students who were enrolled any time during the academic year. For program reporters, the academic year is defined by the institution, so long as it falls between July 1 and June 30.

For the purposes of reporting to SFA, students are divided into the following groups:

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who were awarded any grant/scholarship aid from the federal government, state/local government, or the institution. For public institutions, include only those paying the lower of in-state or in-district tuition rates. For program reporters, include only those enrolled in the institution's largest program.
- **Group 4:** Of Group 2, students who were awarded any Title IV federal student aid. For public institutions, include only those paying the lower of in-state or in-district tuition rates. For program reporters, include only those enrolled in the institution's largest program.

Top ▲

2)

What students are included in Group 1?

Group 1 includes all undergraduate students. You should report the total number of all new and continuing full-time students, part-time students, degree/certificate-seeking students, and non-degree/certificate-seeking students. In Group 1a, include all degree/certificate-seeking undergraduates. In Group 1b, include all non-degree, non-certificate-seeking undergraduates.

Top ▲

3)

What students are included in Group 2?

Group 2 students include all full-time, first-time degree/certificate-seeking undergraduates.

For **academic reporters**, include students attending your institution for the first time at the undergraduate level. Also include students enrolled in the fall term who attended college for the first time in the prior summer session, and students who entered with advanced standing (college credits earned before graduation from high school). This number should match the data that you reported on the Fall Enrollment component of IPEDS.

For **program reporters**, include students attending your institution for the first time at the undergraduate level anytime during the academic year, as defined at your institution. Also include students who entered with advanced standing (college credits earned before graduation from high school). This number should closely match the data you reported on the 12-month Enrollment component of IPEDS.

Top ▲

4)

What students are included in Group 2a?

In Group 2a, you should report the number of full-time, first-time degree/certificate-seeking undergraduate students who were awarded any of the following:

- Federal Work Study (exclude Federal VA work study)
- Federal or private loans to students (include institutional loans backed by a surety, but exclude loans/deferments based on receipt of financial aid)
- Grant or scholarship aid from the federal government
- Grant or scholarship aid from state/local government
- Grant or scholarship aid from the institution
- Grant or scholarship aid from other sources known to the institution

Top ▲

5)

What students are included in Group 2b?

In Group 2b, you should report the number of full-time, first-time degree/certificate-seeking undergraduate students who were awarded any of the following:

- Federal or private loans to students (include institutional loans backed by a surety, but exclude loans/deferments based receipt of financial aid)
- Grant or scholarship aid from the federal government
- Grant or scholarship aid from state/local government
- Grant or scholarship aid from the institution

Group 2b is Group 2a minus those students who were awarded only Federal Work Study or grant or scholarship aid from other sources known to the institution.

Top ▲

6)

What students are included in Group 3?

Group 3 students include all full-time, first-time degree/certificate-seeking undergraduates who were awarded grant or scholarship aid from the following sources:

- Federal government
- State/local government
- Institution

For public institutions, include only those students who paid the lower of in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

Do not include students who were awarded only grant or scholarship aid from private or other sources, or students who were awarded only non-grant aid, such as loans.

[Top ▲](#)

7)

What students are included in Group 4?

Group 4 students include all full-time, first-time degree/certificate-seeking undergraduates who were awarded any Title IV aid.

Title IV federal student aid includes the following:

- Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant
- Federal Work Study (FWS)
- Subsidized and Unsubsidized Direct Loan programs

Note: Report 100% of student FSEOG and FWS award amounts. That is, include the federal and matching share, regardless of the source of the match. Also, FSEOG and FWS award amounts should not exceed program amounts budgeted for the award year. That is, if the institution's packaging policy includes an over-awarding strategy to account for attrition to make sure all funds are expended, exclude these amounts from award amounts reported to IPEDS.

For public institutions, include only those students who paid the lower of in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

Financial Aid

1)

Should veterans education benefits be reported?

For the portion of SFA (Parts A through E) that requires Title IV institutions to report on undergraduate students receiving financial aid:

- Veterans education benefits **should not** be reported as financial aid in SFA.
- The Higher Education Opportunity Act of 2008 (HEOA) removed veterans education benefits from "estimated financial assistance," effective July 1, 2010. A later technical corrections bill (H.R. 1777) updated the list of programs that meet the definition of "veterans' education benefits" in section 480(c) of the Higher Education Act (HEA) and moved the effective date of the exclusion to July 1, 2009 (beginning with the 2009-10 award year).
- However, the institutional aid from Yellow Ribbon program should be reported under institutional aid. See how to report the Yellow Ribbon aid in FAQ.
- For more information about the Department's Guidance on Federal Veterans' Education Benefits for Purposes of the Title IV Student Assistance Programs, please visit <https://ifap.ed.gov/electronic-announcements/08-13-2009-general-subject-guidance-federal-veterans-education-benefits>.

For the portion of SFA (Section 2) that requires institutions to report on students who received military or veteran benefits:

- Educational benefits from the Department of Defense's Military Tuition Assistance or Department of Veteran Affairs' Post-9/11 GI Bill **should** be reported in SFA.

2)

How should I report post-9/11 "Yellow Ribbon" benefits?

The Post-9/11 GI Bill program includes a 'Yellow Ribbon' program, which is comprised of matching funds provided by the government and the institution. The institutional part of this aid should be reported in the SFA component (Section 1) as aid to the undergraduate student. Yellow Ribbon benefits provided from the VA should NOT be included when reporting to the portion of SFA (Section 1) on Title IV institutions that enroll full-time, first-time degree/certificate seeking undergraduate students.

However, both Post-9/11 GI Bill and Yellow Ribbon beneficiaries and federal dollar amounts should be reported to the military/veteran question of SFA (Section 2). This portion of SFA requires all institutions that enroll students with Post-9/11 GI Bill and/or Tuition Assistance educational benefits to provide the number of beneficiaries and total dollar amounts.

The SFA survey indicates that the maximum amount of Department of Defense (DOD) Tuition Assistance (TA) program awarded per fiscal year per student is \$4500. What do I do if my DOD TA average is greater than \$4500 per student?

According to the 2014 final regulations set for the [DOD Voluntary Education Programs](#) - which include TA - each branch of military service can pay no more than \$250/semester-unit (or equivalent) for tuition. Each service member is eligible for up to \$4500 in aggregate for each fiscal year. If your institution's DOD TAP average is greater than \$4500 per student per award year, then you should:

- Ask your financial aid office or VA certifying official to sort out the military aid and remove any non-DOD TA aid (e.g., ROTC scholarships, tuition reimbursements for advanced civil schooling, education-related incentive or bonus);
- Remove any non-Title 10 aid since TAP is a Title 10 program; and
- Make sure that you are including one disbursement period for that award year. Even though DOD TA aid are reported for the Oct 1 – Sep 30 timeframe, which technically covers two fall periods; only include one fall disbursement period per award year.

4)

What types of financial aid should be reported?

The following types of financial aid should be reported in this component:

- **Title IV aid:** Title IV aid includes Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work Study (FWS), and the Subsidized and Unsubsidized Direct Loan programs. Report 100% of student FSEOG and FWS award amounts. That is, include the federal and matching share, regardless of the source of the match. Also, FSEOG and FWS award amounts should not exceed program amounts budgeted for the award year. That is, if the institution's packaging policy includes an over-awarding strategy to account for attrition to make sure all funds are expended, exclude these amounts from award amounts reported to IPEDS.
- **Federal grants (grants/educational assistance funds):** Grants provided by federal agencies such as the U.S. Department of Education, including Title IV federal student aid grants such as Pell grants, Federal Supplemental Educational Opportunity Grants (FSEOGs) and Teacher Education Assistance for College and Higher Education (TEACH) Grants. Also include need-based and merit-based educational assistance funds and training vouchers provided from (a) other federal agencies and/or (b) federally-sponsored educational benefits programs.

Do not include veterans' education benefits, as defined in section 480(c) of the HEA, as they are no longer treated as Estimated Financial Assistance (EFA) for Federal Student Aid's purposes. For more information, visit <https://ifap.ed.gov/electronic-announcements/08-13-2009-general-subject-guidance-federal-veterans-education-benefits>.

- **Federal Work Study:** Money earned by students based on financial need to meet postsecondary education costs who are employed part-time, typically in education related employment or community service activities on- campus or off-campus at the institution, or a private for-profit or nonprofit business, agency, or organization. Earnings include the federal and nonfederal share of wages, benefits, withholdings, and other employment deductions. It includes credit and non-credit employment. Examples of types of employment include, but is not limited to, assistantships, apprenticeships, internships, externships, and cooperative education experiences. While it does not include institutional and state work study programs, the non-federal share includes all state and local funds used to match these programs. See applicable federal, state, local, and institutional program rules for additional information.
- **Federal loans to students:** Money borrowed from the federal government that must be repaid for which the student is the designated borrower. This type of aid includes all Title IV federal student programs such as Subsidized Direct Loans, and Unsubsidized Direct Loans. It also includes Health Professions Student Loans, Loans for Disadvantaged Students, Nursing Student Loans, and Primary Care Loans. Do not include PLUS loans and other federal loans not made directly to the student.
- **State/local government grants (grants/scholarships/waivers):** Grants that were provided by your state such as Leveraging Educational Assistance Partnerships (LEAP) (formerly SSIGs), the Special Leveraging Educational Assistance Program (SLEAP), the Grants for Access and Persistence (GAP) Program, and Robert C. Byrd Honors Scholarships. Also include merit scholarships that were provided by your state and tuition and fee waivers for which your institution was reimbursed by a state agency. Local grants include any local government grants, scholarships or gift-aid awarded directly to the student.
- **Institutional grants or scholarships (scholarships/waivers):** Grants, scholarships and fellowships granted and funded by the institution and/or individual departments within the institution (and are limited to students attending your institution). Also include scholarships targeted to certain individuals (e.g., based on state of residence or major) for which the institution designates the recipient; athletic scholarships; and the like. This is not intended to include Federal Work Study.
- **Institutional loans to students:** Short-term and long-term education loans to students made by the institution or its Schools, Colleges, or student organizations, including emergency education loans backed by a surety (i.e., financial guarantee). Exclude loans not made directly to the student, loans contingent on the student's financial aid (also known as payment deferments) not backed by another source of security, and Income share agreements.
- **Private grants or scholarships:** Grants or scholarships to students awarded and paid by an outside organization but directed through the institution's financial aid office and/or business office (e.g., Rotary Club Scholarship).
- **Private Loans to students:** Monies that must be repaid to the lending institution for which the student is the designated borrower. Include all institutionally and privately sponsored loans. Do not include loans that are not made directly to the student. Do not include loans contingent on the student's financial aid (also known as payment deferments) not backed by another source of security.

Note that different parts of the SFA component ask for different types of financial aid to be reported. Please review the instructions and the survey screens carefully to ensure that you are reporting the correct types of financial aid in the appropriate parts.

5)

What is the time period for which I should report financial aid amounts?

Institutions should report aid that was awarded any time during the academic year.

For academic reporters, the academic year is the period of time generally extending from September to June, usually equated to two semesters or trimesters, three quarters, or the period covered by a 4-1-4 calendar system.

For program reporters, the academic year is defined by the institution, so long as it falls between July 1 and June 30.

Note that for the purposes of calculating net price, the cost of attendance (COA) for an academic year reported in the Institutional Characteristics (IC) component should align with the aid amounts reported in the Student Financial Aid (SFA) component.

6)

Should tuition and fee waivers be reported?

Yes, tuition and fee waivers should be reported.

Tuition and fee waivers for which your institution was reimbursed by a state agency should be reported under state/local government grants.

Tuition and fee waivers granted by your institution (for which your institution is not reimbursed from another source) should be reported as institutional grants.

7)

Where in Part C should I report tribal aid?

In general, institutions should report financial aid from tribal offices awarded to full-time, first-time students in the state/local government field (Line 03) in Part C.

Top ▲

8)

Should PLUS loans be reported?

No. PLUS loans are made to the parents of students. Any type of loan that is not made to the student should not be reported.

Top ▲

9)

What does "aid awarded" mean?

Institutions should report on grant or scholarship aid that has been awarded to students. This may be different from aid that was actually disbursed to students. For example, a student may be awarded grant or scholarship aid at the beginning of the academic year but then leave the institution before the entire amount is disbursed. In this case, you would report the original amount of grant or scholarship aid that was awarded, even though the entire amount was not actually disbursed to the student.

For reporting loans to students, institutions should continue to report on loans that were awarded to and accepted by the student.

10)

If a student is awarded more than one type of aid, do I count him/her twice?

Yes, students should be included in each category of aid that they are awarded. If a student is awarded both federal and institutional aid, he/she should be counted under both types of aid.

However, in Part C, count students only once in the major aid category. For example, if a student is awarded both a Federal Pell Grant (Line 02a) and another type of federal grant (Line 02b), then count that student once for the major category of Federal grants (Line 02).

11)

Where can I get living arrangement information for students?

Students indicate their intended living arrangement on the Free Application for Federal Student Aid (FAFSA) or an institutional financial aid application. If a student did not complete the FAFSA or an institutional financial aid application with living arrangement information, that student may appear as having an unknown living arrangement.

Institutions should use the most recently available information regarding student living arrangement.

12)

How do I get information about students' income categories?

To assign the income category of the student, use the income that was used by your financial aid office to determine the student's Expected Family Contribution (EFC). For dependent students this will include the parents' adjusted gross income and the student's adjusted gross income. For independent students this will include the student's adjusted gross income.

If your institution takes part in campus-based aid programs like the Federal Supplemental Educational Opportunity Grants, Federal Work Study, and Perkins Loans, then it might be easiest to tell your financial aid office that students should be put in income categories as they are done on FISAP (Fiscal Operations Report and Application to Participate). Institutions with campus-based aid programs must report annually to the Department of Education using the FISAP. Part of the FISAP includes income-related information. Even if your institution does not file FISAP, the instructions from it may be helpful (fields 26-39):

- Use the FISAP Total Income (FTI), one of the intermediate computed values on the Student Aid Record (SAR) or ISIR (Institutional Student Information Record), to determine the proper cell for each student. For dependent students, FTI is the sum of Total Income (TI) and Student's Total Income (STI). For independent students, the FTI will equal the TI. Remember, extract this information only from the SARs/ISIRs of students who actually enrolled in your school.
- You might need to correct or adjust a student's income information and recalculate the EFC. If so, you must use that corrected or adjusted information when determining the proper income cell for a student. In such a case, to determine the income cell for a dependent student, you must use the student's and parents' base year incomes, as reported on the SAR/ISIR.

The institution awards grants funded by an affiliated foundation. How should these grants be reported?

If the foundation's mission is to benefit the institution, then: (1) those portions of the foundation-funded grants where the institution designates the recipient should be reported as institutional grants; and (2) those portions of the foundation-funded grants where the foundation designates the recipient should be reported as private grants. All grants funded by foundations with missions other than to benefit the institution should be reported as private grants.

14)

Should Federal Pell Grant and campus-based aid administrative cost allowance (ACA) amounts be included in financial aid award amounts reported to IPEDS?

Do not report Federal Pell Grant or Title IV Campus-Based Aid Administrative Cost Allowance amounts to IPEDS. These amounts are reported as revenues on the Finance Survey. However, report campus-based aid funds (e.g., Federal Supplemental Education Opportunity Grant or FSEOG, and Federal Work Study, or FWS) administrative cost allowance amounts **used to make grants awards to students or pay FWS employment earnings** to IPEDS.

15)

Should Iraq and Afghanistan Service Grant, or IASG funded under the Children of Fallen Heroes Scholarship Act be reported to IPEDS?

Yes, IASG **should** be reported to IPEDS as federal grants, not scholarships. Even though the grants are awarded, in part, based on Federal Pell Grant methodology, the U.S. Department of Education does not consider these amounts to be Federal Pell Grants. As such, IASG awards should be **excluded** from Federal Pell Grant student counts and award amounts reported to IPEDS.

How do I report student counts and loan amounts for borrowers enrolled in post-baccalaureate teacher certification or licensure programs or courses required by a state to obtain certification to teach on the elementary or secondary level in the state who are treated as undergraduate students for the purpose of borrowing Federal Direct Loans?

Report these students to IPEDS as undergraduate students for the purpose of borrowing a Federal Direct Loan, which minimizes reporting burden since it is consistent with COD and FISAP reporting requirements.
