Institutional Characteristics for private 2-year institutions

Overview

IC Overview

Welcome to the Institutional Characteristics (IC) survey component. This survey component collects directory information, including data that are key to reporting throughout the IPEDS data collection and must be completed and locked before any other survey can be started. Any errors in the IC survey component can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

This survey component also collects basic institutional information including student services and athletic association.

The IC should be completed based on the **current year**. Some IC questions may require nothing more than a confirmation if nothing has changed. Please make changes as necessary, and complete items that do need a response (e.g., enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC data in Section 1 (Header Information) in determining the screens you will receive in other survey components, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC data in Section 1(Header Information) affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
- The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
- Calendar system selection impacts student charges data reported in Cost (CST), Fall Enrollment (EF), GR, and Student Financial Aid (SFA) data.
- Enrollment levels impact student charges in CST and enrollment categories in the EF survey component.
- The operations question for new institutions determines reporting of 12-month Enrollment (E12).

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

The following changes have been made for 2025-26 collection:

- The Open Admissions question was moved to the Admissions survey component.
- The Academic Libraries expenses question was removed as the Academic Libraries survey component was discontinued.

If you have questions about completing the survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Section 1 – Header Information

Section 1- Header Information: Part A - Educational Offerings

1. Which of the following types of for-credit instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey component.

- ☐ Occupational, may lead to a certificate, degree, or other recognized postsecondary credential
- ☐ Academic, may lead to a certificate, degree, or diploma
- ☐ Recreational or avocational (leisure) programs
- ☐ Adult basic or developmental instruction or high school equivalency
- ☐ Secondary (high school)
- ☐ Developmental

Section 1- Header Information: Part B - Mission Statement

Section 1- Header Information: Part B - Organization - Control and Levels

2. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions' appearance to students. If you reported incorrectly in a previous year, please contact the IPEDS Help Desk at 877.225.2568 to correct the error.

- ○ Public - Select primary and/or secondary controls below

- ○ Private not-for-profit religious affiliation - Select affiliation below

3. What award levels are offered by your institution? [Check all that apply]

Award Levels reported should be completed based on the **current year**. When reporting award levels for subbaccalaureate certificates (levels 1a, 1b, 2, and 4), **determine program length by the number of credit or clock hours**.

The "Other" award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the "Other" category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a, 1b, 2, or 4, depending on the length of the Teacher Preparation program.

Award Level		
BELOW THE BACCALAUREATE:		
1a	☐	Postsecondary award, certificate, or diploma of - less than 300 clock hours, or - less than 9 semester or trimester credit hours, or - less than 13 quarter credit hours

18	☐	Doctor's degree - professional practice
19	☐	Doctor's degree - other
12	☐	Other (please specify in context box below)

☐ Yes, I confirm that I reviewed the award levels offered by my institution above.

You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Section 1- Header Information: Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional CST student charges data in the fall, Student Financial Aid data in the fall/winter, and Graduation Rates data in the winter.

If the calendar system differs from prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

4. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT, and student charges data for a full ACADEMIC YEAR.

- ○ Semester
- ○ Quarter
- ○ Trimester
- ○ 4-1-4 or similar plan

Program Reporting Method (Other calendar system)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- ○ Differs by program
- ○ Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)
Selecting the hybrid calendar type determines that your institution will provide Graduation Rates data based on a FULL-YEAR COHORT, student charges data for a full ACADEMIC YEAR, and Student Financial Aid data for students enrolling between August 1 and October 31.

- ○ Hybrid (Other academic calendar)

Section 1- Header Information: Part B - Organization - Student Enrollment

5. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

*Responses to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Spring collection. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the Cost I component) and Student Financial Aid data for these students.*

	Full-time		Part-time	
Students in academic or occupational programs	○ No	○ Yes	○ No	○ Yes
First-time students	○ No	○ Yes	○ No	○ Yes

7. For academic year 2022-23, did your institution have any full-time, first-time degree/certificate-seeking students enrolled in programs at the baccalaureate level or below?

*If you answer **Yes** to this question, you will be required to provide Graduation Rates data for the 2022-23 cohort in the winter collection. If you answer **No** to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2022-23 Fall Enrollment survey, the data will be preloaded below.*

Summary

Institutional Characteristics Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the IPEDS Use the Data and appear as aggregated statistics in various Department of Education reports. College Navigator is updated approximately three months after the data collection period closes and DFRs will be available through the IPEDS Use the Data.

Purpose of Survey

Welcome to the Institutional Characteristics (IC) survey component. This survey component collects directory information, including data that are key to reporting throughout the IPEDS data collection and must be completed and locked before any other survey can be started. Any errors in the IC survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly and contact the IPEDS Help Desk (877.225.2568) if you have any questions. This survey component also collects basic institutional information including student services and athletic association.

Changes in reporting

The following changes have been made for the 2025-26 collection:

- The Open Admissions question was moved to the Admissions survey component.
- The Academic Libraries expenses question was removed as the Academic Libraries survey component was discontinued.

Top▲

General instructions

Reporting period covered

Institutional Characteristics (IC) covers data for the current year with two exceptions.

- Cohort data in Section 1, B7 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) survey component.

Top▲

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the College Navigator Website, which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and

appropriateness before posting them on the College Navigator Website, however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

Coverage

Carefully read each question in the Institutional Characteristics (IC) survey to ensure that you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to Include (for all questions except for Section 3, Part D – Noncredit education)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other recognized postsecondary credential, including those enrolled in off-campus centers
- High school students taking college courses for credit
- Full-time students taking developmental courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination
- Students from overseas enrolled in U.S. courses for credit (e.g., online students, for all other than noncredit education question)
- Students who are incarcerated (e.g., postsecondary prison education program)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to Include (for all questions except for Section 2, Part B – Noncredit education)

- Students enrolled exclusively in courses **not creditable** toward a recognized postsecondary credential (for all other than noncredit education question)
- Students enrolled only in ESL programs (programs comprised exclusively of ESL courses)
- Students enrolled exclusively in Continuing Education Units (CEUs; for all other than noncredit education question)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Students studying abroad (e.g., at a foreign university) if their enrollment at the "home" institution is only an administrative record and the fee is nominal
- Students enrolled in any branch campus located in a foreign country

Reporting Directions

Section 1 - Header Information

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs or 'None of the above', you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Part B – Organization

Mission Statement

Provide your institution's mission statement or a web address (please select http:// or https://) where the statement can be found. Typed statements are limited to 2,000 characters. The mission statement will be available to the public on College Navigator.

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresent your institution to the public on College Navigator and other search tools that use IPEDS data, and place your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CLOCK or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
- Award levels 1a and b, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.
- Award levels 3, 5, 7, 17, 18, and 19 indicate degree levels for which the institution is authorized to make recognized postsecondary credentials. Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 ("Other") and specify or describe the award in the context box. Because there are few programs that fall under "Other" please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a or b, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure that the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
  - Use a **Fall cohort** for Graduation Rates.
  - Report tuition and fees and cost information based on a **full academic year**.
  - Report Fall Enrollment using **students enrolled as of October 15, or the official Fall reporting date used by the institution**.
  - For Student Financial Aid (aid awarded), report students enrolled in the **prior 12-month period of October 15 or as of the institution's official fall reporting date**.

- **Program-by-program or continuous enrollment basis**
  - Use a **full-year cohort** for Graduation Rates.
  - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **1 month**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
  - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
  - For Student Financial Aid (aid awarded), report students enrolled in the **prior 12-month period of July 1 - June 30**, and the aid for an **award year**.

- **Hybrid academic calendar** (If you are considering selecting the "Other academic calendar" option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
  - Use a **full-year cohort** for Graduation Rates.
  - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
  - Report tuition and fees and cost information based on a **full academic year**.
  - For Student Financial Aid (aid awarded), report students enrolled in the **prior 12-month period of August 1 and October 31**, and the aid for an **award year**.

Student Enrollment

Enrollment of full- and part-time students

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Cost(CST) survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check "Yes" for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on CST screens during the Fall/Winter collections.

GR cohort question

- Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter collection.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the IPEDS Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems single institution owner
- single institution corporate name
- single institution governing board consortia
- associations
- religious affiliation (requested in control question)

Part B - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Distance education uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

3) In what award level category should Teachers Preparation certificates be reported?
4) My institution has a system office. Does the system office need to complete an Institutional Characteristics survey?
5) Should my institution, which is participating as a U.S. Department of Education experimental site, include experimental site participants in IPEDS reporting?
6) Should incarcerated students be included in reporting?

General

1) If my institution offers an award level but currently does not have any students enrolled at that level how should I report?

You should indicate all levels of awards that your institution is authorized to grant.

Top ▲

2) Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?

No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other survey components.

Top ▲

3) In what award level category should Teachers Preparation certificates be reported?

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.

Top ▲

4) My institution has a system office. Does the system office need to complete an Institutional Characteristics survey?

Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

Top ▲

5) Should my institution, which is participating as a U.S. Department of Education experimental site, include experimental site participants in IPEDS reporting?

No, exclude experimental site participants from reporting.

Top ▲

6) Should incarcerated students be included in reporting?

Include all students enrolled for credit even if enrolled at off-campus locations (e.g., federal or state penal institution). This includes, but is not limited to, students enrolled for credit in a recognized prison education program (PEP).

Top ▲

7) What is the purpose of the Institutional Characteristics survey?

This survey component collects directory information, including data that are key to reporting throughout the IPEDS data collection and must be completed and locked before any other survey can be started. Any errors in the IC survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly and contact the IPEDS Help Desk (877.225.2568) if you have any questions. This survey component also collects basic institutional information including student services and athletic association.

Top ▲

8) What institutions are included in IPEDS?

IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.

Top▲

9) Where can I find my accrediting agency information?

The Office of Postsecondary Education (OPE) website: OPE Accreditation database at https://ope.ed.gov/accreditation/.

Top▲

10) Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Islands, etc.) considered in the U.S. for distance education location reporting?

Yes, students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.

Top▲

11) We offer courses that combine distance education and traditional teaching methods (“hybrid” courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?

Hybrid courses are not considered by IPEDS as distance education. Students enrolled in “hybrid” courses should be reported as “not enrolled in any distance education courses."
