SCHOOL QUESTIONNAIRE
GRADE 12

During the 2010–2011 school year, a sample of students across the country, including some students from your school, will be given a series of questions as part of the National Assessment of Educational Progress (NAEP). The current assessment focuses on achievement in writing. As part of the assessment, NAEP will investigate the relationship between students’ achievement and various school, teacher, and home factors that may influence this achievement. We are asking your school to complete this questionnaire about school factors. This questionnaire should be completed by the principal or other head administrator.

We realize that you are very busy; however, we urge you to complete the questionnaire as carefully as possible. The information you provide is being collected for research purposes only and will be kept strictly confidential.

NAEP is authorized under Public Law 107–110. While your participation is voluntary, your responses to these questions are needed to make this survey accurate and complete.

Instructions

Please record your answers online, following the instructions on the front cover. If you do not have Internet access, please answer questions directly on this questionnaire by filling in the appropriate ovals.
