

NAEP in Your Private School

Long-Term Trend, Ages 9, 13, and 17 Mathematics and Reading

2024-2025

What is NAEP?

The National Assessment of Educational Progress (NAEP) is an essential measurement of student achievement in the United States.

- First administered in 1969, NAEP is the largest continuing and nationally representative assessment of what our nation's public and private school students know and can do in various subjects.
- The schools and students participating in NAEP make an important contribution by representing other schools and students across the country.
- NAEP is a common measure of academic progress across the nation and over time. The results are released as The Nation's Report Card.

Why participate in NAEP?

Participation in NAEP gives private schools a voice in the national conversation about education. Your school has been selected to represent other private schools across the nation.

Schools, students, and teachers who participate in NAEP enable The Nation's Report Card to provide more inclusive representation of what our nation's students know and can do in key subject areas. NAEP has historically demonstrated over time and across subjects that students in private schools on average outperform students in public schools. It is vital that all selected students participate to accurately capture private school student progress.

For more information, watch *The Importance of Private School Participation in NAEP* at <https://www.youtube.com/watch?v=cQib9AjV9EI>.

How will NAEP 2024-2025 be administered in your school?

From October 2024 through May 2025, NAEP field staff will administer the long-term trend assessments in mathematics and reading in public and private schools across the country. Long-term trend (LTT) results can be linked to NAEP assessments first administered in the early 1970s, allowing us to measure progress over a span of more than 50 years. The age samples for long-term trend assessments are 9-, 13-, and 17-year-olds. The assessment window for each age group is as follows:

- Age 13: October 7–December 13, 2024
- Age 9: January 6–March 14, 2025
- Age 17: March 17–May 23, 2025

What subjects will students be assessed in?

One subject per student—Mathematics or reading

How will the assessment be conducted?

Paper-and-pencil assessment

How long will the assessment take?

About 90 minutes including transition, directions, and questionnaire

Students will also complete a survey questionnaire that provides valuable information about their educational experiences and opportunities to learn both in and outside the classroom.

In addition to the student questionnaire, the school administrator will also be asked to complete a paper-based questionnaire. This questionnaire covers topics such as teacher training and school policies and provides valuable information for education stakeholders who need to gain a better picture of student performance.

“The Council for American Private Education (CAPE) strongly encourages private schools to participate in NAEP, an essential measure of student achievement in the United States.”

Michael Schuttloffel, Executive Director, CAPE

What are the responsibilities of the principal and school coordinator?

The principal is responsible for

- including the NAEP assessment date on the school calendar;
- designating a school coordinator to work with NAEP representatives and prepare for the assessment;
- informing school staff about NAEP and why participation is critically important; and
- completing the school questionnaire.

The school coordinator is responsible for

- confirming that the suggested assessment date works with the school calendar;
- reserving space for the assessment;
- providing a list of eligible students from which a random sample will be selected for participation in the assessment (student and school names will not be included in any reports)*;
- informing parents/guardians about the assessment;
- completing preassessment activities with guidance and support from NAEP representatives; and
- ensuring that students attend the session on the assessment date.

NAEP representatives will take care of everything else related to preparing for and conducting the assessment.

NAEP – Giving Private Schools a Voice in the National Conversation

*National Center for Education Statistics (NCES) is authorized to conduct NAEP by the National Assessment of Educational Progress Authorization Act (20 U.S.C. §9622) and to collect students' education records from education agencies or institutions for the purposes of evaluating federally supported education programs under the Family Educational Rights and Privacy Act (FERPA, 34 CFR §§ 99.31(a)(3)(iii) and 99.35). All of the information provided by participants may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). By law, every NCES employee as well as every NCES agent, such as contractors and NAEP coordinators, has taken an oath and is subject to a jail term of up to 5 years, a fine of \$250,000, or both if he or she willfully discloses ANY identifiable information about participants. Electronic submission of participant's information will be monitored for viruses, malware, and other threats by Federal employees and contractors in accordance with the Cybersecurity Enhancement Act of 2015. The collected information will be combined across respondents to produce statistical reports.
