[#] Rounds to zero.

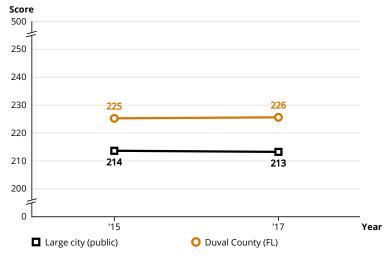

NOTE: Detail may not sum to totals because of rounding, and because the "Information not available" category for the National School Lunch Program, which provides free/reduced-price lunches, is not displayed. Black includes African American and Hispanic includes Latino. Race categories exclude Hispanic origin.

Achievement-Level Percentages and Average Score Results

^{*} Significantly different (p < .05) from district's results in 2017. Significance tests were performed using unrounded numbers. NOTE: Detail may not sum to totals because of rounding.

Average Scores for District and Large Cities

Score Gaps for Student Groups

- In 2017, Black students had an average score that was 21 points lower than that for White students. This performance gap was not significantly different from that in 2015 (24 points).
- In 2017, Hispanic students had an average score that was 10 points lower than that for White students. This performance gap was not significantly different from that in 2015 (11 points).
- In 2017, female students in Duval County (FL) had an average score that was higher than that for male students by 7 points.
- In 2017, students who were eligible for free/reduced-price school lunch, an indicator of low family income, had an average score that was 18 points lower than that for students who were not eligible. This performance gap was not significantly different from that in 2015 (17 points).

NOTE: The NAEP reading scale ranges from 0 to 500. Beginning in 2009, results for charter schools are excluded from the TUDA results if they are not included in the school district's Adequate Yearly Progress (AYP) report to the U.S. Department of Education. Statistical comparisons are calculated on the basis of unrounded scale scores or percentages. Read more about how to interpret NAEP results from the reading assessment at https://nces.ed.gov/nationsreportcard/reading/interpret_results.aspx.
