Commissioner’s Statement ............................................................................................................... iii

Reader’s Guide .................................................................................................................................. xii

Acknowledgments ............................................................................................................................ xvi

List of Indicators on *The Condition of Education* Website (2000–2005) ........................................ xxii

Special Analysis................................................................................................................................. 1

  Mobility in the Teacher Workforce ............................................................................................. 2

Section 1—Participation in Education............................................................................................ 26

  Introduction: Participation in Education ..................................................................................... 29

  Elementary/Secondary Education

  1 Past and Projected Elementary and Secondary Public School Enrollments ............................. 30
  2 Trends in Private School Enrollments ....................................................................................... 31
  3 Homeschooled Students ......................................................................................................... 32
  4 Racial/Ethnic Distribution of Public School Students ............................................................. 33
  5 Language Minority School-Age Children ............................................................................. 34
  6 Children With Selected Disabilities in Public Schools .......................................................... 35

  Undergraduate Education

  7 Past and Projected Undergraduate Enrollments .................................................................... 36

Section 2—Learner Outcomes ....................................................................................................... 38

  Introduction: Learner Outcomes ................................................................................................. 41

  Early Childhood Outcomes

  8 Children’s Skills and Proficiency in Reading and Mathematics Through Grade 3 ................. 42

  Academic Outcomes

  9 Reading Performance of Students in Grades 4 and 8 .............................................................. 43
  10 Mathematics Performance of Students in Grades 4 and 8 ..................................................... 44
  11 International Comparison of 4th- and 8th-Grade Performance in Mathematics .................... 45
  12 International Comparison of 4th- and 8th-Grade Performance in Science ............................ 46
  13 International Comparisons of Mathematics Literacy ............................................................. 47
  14 Student Reading and Mathematics Performance in Public Schools by Urbanicity ............... 48

  Adult Literacy

  15 Trends in Adult Literary Reading Habits .............................................................................. 49

  Economic Outcomes

  16 Annual Earnings of Young Adults by Race/Ethnicity ............................................................... 50
  17 Employment Outcomes of Young Adults by Race/Ethnicity ................................................ 51
Section 3—Student Effort and Educational Progress ................................................................. 52
   Introduction: Student Effort and Educational Progress................................................................. 55

Elementary/Secondary Persistence and Progress
18 Kindergarten Entry and Retention ............................................................................................. 56
19 Status Dropout Rates by Race/Ethnicity ...................................................................................... 57

Transition to College
20 Immediate Transition to College ............................................................................................. 58
21 Geographic Mobility of the High School Class of 1992 ............................................................... 59

Postsecondary Persistence and Progress
22 Postsecondary Participation and Attainment Among Traditional-Age Students ......................... 60

Completions
23 Educational Attainment ........................................................................................................... 62

Section 4—Contexts of Elementary and Secondary Education ................................................... 64
   Introduction: Contexts of Elementary and Secondary Education.................................................. 67

Coursing and Standards
24 High School Exit Examinations .................................................................................................. 68

Learning Opportunities
25 Availability of Advanced Courses in High Schools ..................................................................... 69
26 Time Spent in School ............................................................................................................... 70

Special Programs
27 Inclusion of Students With Disabilities in Regular Classrooms .................................................. 71

School Choice
28 Profile and Demographic Characteristics of Public Charter Schools ........................................... 72

School Characteristics and Climate
29 Student Perceptions of Their School’s Social and Learning Environment .................................... 73
30 School Violence and Safety ..................................................................................................... 74

Section 5—Contexts of Postsecondary Education ...................................................................... 76
   Introduction: Contexts of Postsecondary Education ..................................................................... 79

Characteristics of Postsecondary Students
31 Minority Student Enrollments .................................................................................................... 80

Faculty and Staff
32 Faculty Salary, Benefits, and Total Compensation ..................................................................... 82

College Resources
33 Electronic Services in Academic Libraries ................................................................................... 83
State Policy
34 State Transfer and Articulation Policies ......................................................................................................................... 84

Section 6—Societal Support for Learning ................................................................. 86
Introduction: Societal Support for Learning ................................................................. 89

Family Support
35 Early Development of Children ......................................................................................... 90

Financing for Elementary and Secondary Education
36 Public Elementary and Secondary Expenditures by District Poverty ................................. 91
37 Changes in Sources of Public School Revenue ................................................................... 92
38 Expenditures in Public Elementary and Secondary Schools by Expenditure Category .............. 93
39 Public Effort to Fund Elementary and Secondary Education ............................................... 94

Financing for Postsecondary Education
40 Public Effort to Fund Postsecondary Education ........................................................................ 95

Appendix 1—Supplemental Tables .................................................................................. 96
For a complete list of supplemental tables, see appendix 1.

Appendix 2—Supplemental Notes .................................................................................. 202
Note 1: Commonly Used Variables ....................................................................................... 204
Note 2: The Current Population Survey (CPS) ........................................................................ 215
Note 3: Other Surveys ........................................................................................................... 221
Note 4: National Assessment of Educational Progress (NAEP) .............................................. 231
Note 5: International Assessments ......................................................................................... 233
Note 6: NAEP, NELS, NLS, and HS&B Transcript Studies .................................................... 238
Note 7: Student Disabilities .................................................................................................. 241
Note 8: Classification of Postsecondary Education Institutions ............................................. 244
Note 9: Finance ..................................................................................................................... 248
Note 10: State Transfer and Articulation Policies for Community College Students .................. 252

Appendix 3—Standard Error Tables .................................................................................. 254
For a complete list of standard error tables, see appendix 3.

Glossary ......................................................................................................................... 286
Contents

Bibliography ........................................................................................................................... 296
  NCES Publications (Complete citation) .................................................................................. 298
  NCES Publications (Chronologically, by NCES number) ....................................................... 301
  Other Publications .................................................................................................................. 303
  NCES Surveys ....................................................................................................................... 305
  Surveys From Other Agencies ............................................................................................... 308

Index ...................................................................................................................................... 310
List of Indicators on The Condition of Education Website (2000–2005)

This List of Indicators includes all the indicators that appear on The Condition of Education website (http://nces.ed.gov/programs/coe), drawn from the 2000–2005 print volumes. The list is organized first by section and then by subject area. Thus, the indicator numbers and the years in which the indicators were published are not sequential.

Special Analyses

Entering Kindergarten: A Portrait of American Children When They Begin School ................................................... 2000
Students Whose Parents Did Not Go to College: Postsecondary Access, Persistence, and Attainment ....................... 2001
Private Schools: A Brief Portrait ................................................................................................................................... 2002
Nontraditional Undergraduates .................................................................................................................................. 2002
Reading—Young Children’s Achievement and Classroom Experiences ......................................................... 2003
Paying for College: Changes Between 1990 and 2000 for Full-Time Dependent Undergraduates ...................... 2004
Mobility in the Teacher Workforce ...................................................................................................................... 2005

Section 1—Participation in Education

All Ages
Enrollment by Age ................................................................................................................................................. 1–2004

Preprimary Education
Enrollment in Early Childhood Education Programs .............................................................................................1–2002
Prekindergarten in U.S. Public Schools..................................................................................................................2–2004

Elementary/Secondary Education
Trends in Full- and Half-Day Kindergarten ............................................................................................................3–2004
Past and Projected Elementary and Secondary Public School Enrollments .........................................................1–2005
Trends in Private School Enrollments ....................................................................................................................2–2005
Homeschooled Students ........................................................................................................................................3–2005
Racial/Ethnic Distribution of Public School Students ...........................................................................................4–2005
Concentration of Enrollment by Race/Ethnicity and Poverty ............................................................................5–2004
Family Characteristics of 5- to 17-Year-Olds......................................................................................................2–2003
Language Minority School-Age Children ..............................................................................................................5–2005
Children With Selected Disabilities in Public Schools .......................................................................................6–2005

Undergraduate Education
Past and Projected Undergraduate Enrollments ..................................................................................................7–2005

Adult Learning
Adult Participation in Work-Related Learning ......................................................................................................7–2004
Participation in Adult Education .........................................................................................................................8–2003

Section 2—Learner Outcomes

Early Childhood Outcomes
Students’ Reading and Mathematics Achievement Through 3rd Grade .............................................................8–2004
Children’s Skills and Proficiency in Reading and Mathematics Through Grade 3 ...........................................8–2005

Academic Outcomes
Reading Performance of Students in Grades 4 and 8 ..............................................................................................9–2005
International Comparisons of Reading Literacy in Grade 4 ..............................................................................10–2003

### Section 4—Contexts of Elementary and Secondary Education

#### Coursetaking and Standards
- High School Exit Examinations | 24–2005 |
- Trends in Science and Mathematics Coursetaking | 21–2004 |
- Student Characteristics in Science and Mathematics Coursetaking | 22–2004 |
- Trends in English and Foreign Language Coursetaking | 24–2003 |
- Student Characteristics in English and Foreign Language Coursetaking | 25–2003 |

#### Learning Opportunities
- Availability of Advanced Courses in High Schools | 25–2005 |
- Out-of-Field Teaching in Middle and High School Grades | 28–2003 |
- Out-of-Field Teaching by Poverty Concentration and Minority Enrollment | 24–2004 |
- Time Spent in School | 26–2005 |

#### Special Programs
- Public Alternative Schools for At-Risk Students | 27–2003 |
- Inclusion of Students With Disabilities in Regular Classrooms | 27–2005 |

#### School Choice
- Parental Choice of Schools | 25–2004 |
- Profile and Demographic Characteristics of Public Charter Schools | 28–2005 |

#### Teachers
- Beginning Teachers | 29–2003 |
- Participation in Professional Development | 33–2002 |

#### School Characteristics and Climate
- Characteristics of School Principals | 26–2004 |
- Size of High Schools | 30–2003 |
- Student Perceptions of Their School's Social and Learning Environment | 29–2005 |
- School Violence and Safety | 30–2005 |

#### Other School Resources
- High School Guidance Counseling | 27–2004 |
- Student Support Staff in Public Schools | 28–2004 |

### Section 5—Contexts of Postsecondary Education

#### Characteristics of Postsecondary Students
- Minority Student Enrollments | 31–2005 |
- Employees Who Study | 29–2004 |

#### Programs and Courses
- Top 30 Postsecondary Courses | 30–2004 |
- Degrees and Fields of Study | 33–2003 |

Continued

**Learning Opportunities**
- Remedial Coursertaking .........................................................31–2004
- Distance Education at Postsecondary Institutions ..................32–2004

**Special Programs**
- Services and Accommodations for Students With Disabilities ....34–2003

**Faculty and Staff**
- Faculty Salary, Benefits, and Total Compensation ..................32–2005
- Time Allocation of Full-Time Instructional Faculty ..................51–2001

**College Resources**
- Electronic Services in Academic Libraries ..............................33–2005

**State Policy**
- State Transfer and Articulation Policies ...................................34–2005

**Section 6—Societal Support for Learning**

**Family Support**
- Early Development of Children ..............................................35–2005
- Early Literacy Activities .......................................................37–2003

**Community Support**
- Care Arrangements for Children After School .........................33–2004
- Children’s Activities After School ..........................................34–2004
- Parents’ Attitudes Toward Schools ...........................................40–2002

**Financing for Elementary and Secondary Education**
- Public Elementary and Secondary Expenditures by District Poverty 36–2005
- Public Elementary and Secondary Expenditures by District Location 35–2004
- Changes in Sources of Public School Revenue .........................37–2005
- General and Categorical Funding in Elementary and Secondary Education ..................................41–2003
- Expenditures in Public Elementary and Secondary Schools by Expenditure Category ......38–2005
- Public Effort to Fund Elementary and Secondary Education ..........................................................39–2005
- International Comparisons of Expenditures for Education .........................................................36–2004

**Financing for Postsecondary Education**
- Institutional Aid at 4-Year Colleges and Universities ................37–2004
- Federal Grants and Loans ......................................................42–2003
- Debt Burden of College Graduates .........................................38–2004
- Public Effort to Fund Postsecondary Education ......................40–2005

**Financing for Adult Learning**
- Employer Support for Adult Education ...................................44–2003
