

Errata Notice for *Rates of Computer and Internet Use by Children in Nursery School and Students in Kindergarten Through Twelfth Grade: 2003*  
September 2005

This notice provides corrections to *Rates of Computer and Internet Use by Children in Nursery School and Students in Kindergarten Through Twelfth Grade: 2003* (NCES 2005-111). The corrections apply to seven estimates in Table 1 on page 2, and are listed below. NCES has released a revised version of the Issue Brief with the publication number NCES 2005-111rev, which includes these revised estimates.

Corrections applying to Asian or Pacific Islander, non-Hispanic estimates in Table 1:

- The number of students in this category is 2,293 (in thousands; previously 2,116).
- The standard error of the percentage using the Internet is 2.7 (previously 2.8).

Corrections applying to American Indian, Aleut, or Eskimo, non-Hispanic estimates in Table 1:

- The number of students in this category is 346 (in thousands; previously 522).
- The percentage using computers is 86 (previously 88).
- The standard error of the percentage using computers is 4.8 (previously 3.7).
- The percentage using the Internet is 47 (previously 50).
- The standard error of the percentage using the Internet is 7.0 (previously 5.7).
