

ERRATA SHEET

Undergraduate Financial Aid Estimates for Six States: 2007–08 (NCES 2010-181rev) March 2010

In the original release of these Issue Tables, the estimates on student employment in tables 1.12, 2.12, 3.12, 4.12, 5.12, 6.12, and 7.12 were incorrect. The current set of tables corrects this error. These tables were generated using the NPSAS:08 undergraduate DAS, in which an error in the imputation procedures for a set of variables related to student employment was discovered and corrected. The variables in these tables that were affected are the percent who worked full time while enrolled (JOBHOUR2), the average number of hours worked per week (JOBHOUR2), and the average amount earned while enrolled (JOBearn2).
