

ERRATA SHEET

A Profile of Criminal Incidents at School: Results From the 2003–05 National Crime Victimization Survey- Revised (NCES 2010-318REV)

October 2010

Table 9 in *A Profile of Criminal Incidents at School: Results From the 2003–05 National Crime Victimization Survey* contained a number of errors as a result of misalignment of data on rows. The associated standard error table is correct as is the text related to table 9.

A revised version of the report with a correct table 9 is available for download at <http://nces.ed.gov/pubsearch/pubinfo.asp?pubid=2010318rev>.

The table below has two columns containing the improperly aligned data (original values), and two columns that contain the data as they should appear in the revised report (revised values). The misaligned data are in the “multiple offender” portion of the table.
