

## ERRATA SHEET

### **2019–20 National Postsecondary Student Aid Study (NPSAS:20) Restricted-Use Data File (NCES 2024483)**

**September 2024**

There is an error in the NP20CPS20\_DATAFILE.csv source file that was included in the original release (November 2023) of the 2019–20 National Postsecondary Student Aid Study (NPSAS:20) Restricted-Use Data File (NCES 2024-483). Approximately, 24,000 records were missing from the NP20CPS20\_DATAFILE.csv file because an early version of this file was inadvertently included on the RUF. However, the correct file was used for the creation of derived variables. Therefore, data in NP20DERIVEDUG\_DATAFILE.csv and NP20DERIVEDGR\_DATAFILE.csv are correct.

Along with the data file, the codebook (NP20CPS20.html) also was updated. All the descriptive statistics were revised to reflect the inclusion of these additional records. Only one variable needed additional value labels: for C20TRNNM, the values of 21 and 22 were added.

To obtain the revised NP20CPS20\_DATAFILE.csv source file and NP20CPS20.html codebook, an e-mail request can be sent to the IES Data Security Office ([IESData.Security@ed.gov](mailto:IESData.Security@ed.gov)). The request should:

- Indicate that the user is requesting the “Revised NP20CPS20 update for the NPSAS:20 restricted use data,” and
- Provide the PPO name and the license number under which the user obtained the NPSAS data.

After the IES Data Security Office verifies the PPO name and license number, the user will be sent the updated NP20CPS20 data file and codebook.

Questions should be directed to Tracy Hunt-White, NPSAS Study Director ([Tracy.Hunt-White@ed.gov](mailto:Tracy.Hunt-White@ed.gov)).
