## NATIONAL TEACHER AND PRINCIPAL SURVEY 2020-21 SCHOOL YEAR

The coronavirus pandemic has affected the way many schools provide instruction. To help us understand your responses to this survey, please select the option that best describes the current effect of the coronavirus pandemic on instruction at THIS school:

- We are currently offering **only distance-learning instruction** because of the coronavirus pandemic.
- We are currently offering a **hybrid of in-person and distance-learning instruction** (some students or classes may be remote while others are in person) because of the coronavirus pandemic.
- We are currently offering **only in-person instruction with additional safety precautions** because of the coronavirus pandemic.
- There is currently **no effect on the instruction** we offer because of the coronavirus pandemic.

Please turn to the next page to begin the survey.

**Please return your completed questionnaire in the pre-addressed, postage-paid envelope or mail it to:**

**U.S. CENSUS BUREAU

FORM **NTPS-3B**  
(07-24-2020)

OMB No. 1850-0598: Approval Expires 03/31/2023

- **What is the average student-teacher ratio in the United States?**
- **What is the average salary of a beginning principal?**
- **Have teachers' views of their autonomy in the classroom changed over time?**
- **Have the characteristics of the principal and teacher workforces in the United States changed over time?**

The answers to these questions help schools and policy makers set education policy and improve teacher and principal working conditions.

Since 1988, the National Teacher and Principal Survey and its precursor, the Schools and Staffing Survey, have provided the answers to these and other important education questions from the perspective of Principals and Teachers.

By selecting a statistically representative sample of schools, and teachers in those schools, we are able to provide representative data for the United States without going to every school.

Your school has been selected to participate in the 2020-21 National Teacher and Principal Survey. You will represent thousands of other schools, so it is important that you respond to this survey.

Basic school information such as school name, contact information, school type or program emphasis, religious orientation or affiliation of the school, association membership, grades taught and the number of students by grade, number of students by race/ethnicity, and the number of full-time-equivalent teachers are published on <http://nces.ed.gov/surveys/pss/privateschoolsearch/>. The remaining information is used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

More information can be found on our website: <http://nces.ed.gov/surveys/ntps>

#### Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-0598. The time required to complete this information collection is estimated to average 40 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this collection, or comments or concerns about the contents or the status of your individual submission of this questionnaire, please e-mail: [ntps@census.gov](mailto:ntps@census.gov), or write directly to: National Teacher and Principal Survey (NTPS), National Center for Education Statistics, Potomac Center Plaza, 550 12th Street, SW, Room 4035, Washington, DC 20202.
