Dear Teacher:

The Center for Education Statistics (NCES) of the U.S. Department of Education requests your participation in the Teacher Survey for the 1987-88 Schools and Staffing Survey. You are one of the 65,000 teachers from over 12,000 public and private schools across the nation selected to be in the teacher sample.

The Schools and Staffing Survey is an integrated set of surveys consisting of the Teacher Demand and Shortage Survey, the School and School Administrator Surveys, and the Teacher Survey. These surveys are revisions of previous CES surveys, designed to better measure critical aspects of teacher supply and demand, the composition of the administrator and teacher workforce, and the status of teaching and schooling generally. The purpose of the Teacher Survey is to obtain information about such factors as the education and training, current assignment, job mobility, workplace conditions, and career choices of teachers, as well as their opinions about various policy issues such as merit pay or incentive pay.

The U.S. Bureau of the Census is conducting these surveys for the Center for Education Statistics by the authority of Section 406(b) of the General Education Provisions Act, as amended (20 USC 1221e). The data will be treated as confidential and will be reported only in statistical summaries so that individual teachers cannot be identified.

We are conducting this survey with a sample of teachers. While this minimizes overall response burden, the value of each individual survey response is greatly increased because it represents many other teachers. I, therefore, encourage you to participate in this voluntary survey by completing this questionnaire and returning it within 2 weeks to the Bureau of the Census. A preaddressed envelope is enclosed for your convenience.

I thank you for your cooperation in this very important effort.

Sincerely,

Emerson J. Elliott  
Director  
Center for Education Statistics
