 *** Layout File                                               ***
 ***                                                           ***
 *** This file is designed to provide the necessary information so   ***
 *** that NCES survey response data may be used in other statistical ***
 *** software packages. This file provides variable names, ASCII     ***
 *** file locations, and short descriptions for all tagged variables. ***
 *** Additionally, for categorical variables, this file also contains ***
 *** the response codes and value label descriptions.          ***
 ***                                                           ***
 *** Full sample weights, replicate weights, and identification ***
 *** numbers are added automatically to the list of variables tagged ***
 *** by the EDAT and are included here.                        ***
