19th Annual MIS Conference

Let the Sun Shine on Your Data!

February 22–24, 2006
Doubletree Hotel at the Entrance to Universal Orlando
Orlando, Florida

Sponsored by the National Center for Education Statistics
and the Florida Department of Education
The 2006 MIS Conference is a concentrated 3 days of information about best practices, innovative ideas, current issues, and practical how-to advice about management information systems for K-12 education. Co-sponsored by the Florida Department of Education and the U.S. Department of Education’s National Center for Education Statistics (NCES), the MIS Conference brings together the people who work with information collection, management, transmittal, and reporting in school districts and state education agencies.

Over the past 19 years, a state education agency has partnered annually with NCES to bring local, state, and national data professionals together to learn from one another in an informal setting. This year, the MIS Conference will offer more than 60 presentations, demonstrations, and workshops conducted by practitioners from K-12 information systems.

You are invited to attend the 2006 MIS Conference in Orlando, Florida, and to submit a proposal for presenting a session that will add to the conference’s interest and usefulness. Topics are invited from all sources, but the major focus will be on data models, data standards, statewide data systems, and data quality.

Sample Sessions from Previous Year

• How have improved information systems impacted collaboration among schools, districts, and states?

• What tools and processes have been helpful in integrating data systems or in developing enterprise data systems?

• How are states and districts responding to the increasing requests for accountability data?

• What are the latest developments in information technology for education?

• How do we integrate information systems at the school district level? State level?

About Orlando

Nicknamed “The City Beautiful,” Orlando is home to more than 100 lakes and is located just 1 hour from the Atlantic Coast beaches. This central Florida city is one of the most popular vacation destinations in the country, offering the Disney theme parks, a variety of outdoor recreation activities, and beautiful botanical gardens and parks.

Climate and Conference Attire

Year-round, Orlando experiences a pleasant climate, though rainfall is common. In February, average daily highs are in the mid-70s, while lows are in the low 50s. Temperatures rarely go below freezing.

Attire for the conference is business casual.
Bring a T-Shirt and Some Food

On Wednesday night of the conference, participants will get together for a potluck supper and T-shirt exchange. Bring a dish that is representative of your state to share with participants (or just bring yourself). Be creative! Previous years’ dishes included Mississippi catfish, Virginia hams, pheasant and wild rice stew from South Dakota, Hog Head Cheese from Louisiana, and New England Quahog Chowder from Massachusetts. Also, you can participate in the T-shirt exchange by bringing a new T-shirt from your state. Your T-shirt will be exchanged for a T-shirt from another state.
